

Dec 2015

ACMBERNSTEIN SICAV
Société d'Investissement à Capital Variable
2-4, rue Eugène Ruppert
L-2453 Luxembourg
R.C.S. Luxembourg B 117 021

Dear Shareholders,

The board of directors of ACMBernstein SICAV (the "Fund") would like to advise you that further to the reconvened Extraordinary General Meeting of the shareholders of the Fund held on 10 December 2015, the shareholders of the Fund have approved the following changes to the articles of association of the Fund:

- + Change of name of the Fund to **AB SICAV I** and consequent amendment of Article 1 of the articles of association of the Fund so as to read as follows:

"There exists among the subscribers and all those who may become holders of shares a company in the form of a "société anonyme" qualifying as a "société d'investissement à capital variable" under the name of "AB SICAV I" (the "Company")."

Such amendment will be effective as of 5 February 2016.

The names of the Fund's portfolios will therefore be updated as set forth in **Annex A** to reflect this new name.

- + Amendment of paragraph (7) of section A. of Article 23 of the articles of association of the Fund so as to read as follows:

"(7) U.S. Government securities and other debt instruments having 60 days or less remaining until maturity are generally valued at market by an independent pricing vendor, if a market price is available. If a market price is not available, the securities are valued at amortized cost. This methodology pertains to short term securities that have an original maturity of 60 days or less, as well as short term securities that had an original term to maturity that exceeded 60 days. In instances where amortized cost is utilized, the Board must reasonably conclude that the utilization of amortized cost is approximatively the same as the fair value of the security. Such factors the Board will consider include, but are not limited to, an impairment of the creditworthiness of the issuer or material changes in interest rates."

Such amendment will be effective as of 11 December 2015.

- + Amendment of Article 23 of the articles of association of the Fund in order to add the following paragraph:

"E. For the purpose of determination of the Net Asset Value per share, the net assets attributable to each class of shares shall be divided by the number of shares of the relevant class issued and outstanding on the relevant Valuation Day. The Net Asset Value may be adjusted as the Board or its delegate may deem appropriate to reflect, among other considerations, any dealing charges including any dealing spreads, fiscal charges and potential market impact resulting from shareholders transactions."

Such amendment will be effective as of 11 December 2015.

Dec 2015

The revised articles of association of the Fund that reflects these changes will be available at the Fund's website at **www.ABglobal.com**

We appreciate your ongoing support of AB as we continue to help you achieve better investment outcomes.

Yours sincerely,

The Board of Directors of ACMBernstein SICAV
