The CPF interest rate for the CPF-OA is based on the 12-month fixed deposit and month-end savings rates of the major local banks. Under the CPF Act, the CPF Board pays a minimum interest rate of 2.5% per annum when this interest formula yields a lower rate. The interest rate for the Special and Medisave Accounts (SMA) is pegged to the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1%, or 4% whichever is the higher, adjusted quarterly. The interest rate to be credited to the Retirement Account (RA) will be the weighted average interest of the entire portfolio of Special Singapore Government Securities (SSGS) the RA savings are invested in which earn a fixed coupon equal to the 12-month average yield of the 10YSGS plus 1% at the point of issuance, or 4%, whichever is higher, adjusted yearly. For 2011, the minimum interest rate for the SMA and RA is 4.0% per annum. After 31 December 2011, the 2.5% per annum minimum interest rate, as prescribed by the CPF Act, will apply to the SMA and RA. In addition, the CPF Board will pay an extra interest rate of 1% per annum on the first S\$60,000.00 of a CPF member's combined balances, including up to S\$20,000.00 in the CPF-OA. The first S\$20,000 in the CPF ordinary account and the first S\$40,000 in the CPF special account will not be allowed to be invested under the CPFIS. Investors should note that the applicable interest rates for each of the CPF accounts may be varied by the CPF Board from time to time.
