The CPF interest rate for the Ordinary Account (OA) is based on the 12-month fixed deposit and month-end savings rates of the major local banks. Under the CPF Act, the CPF Board pays a minimum interest of 2.5% per annum when this interest formula yields a lower rate. The interest rate for the Special and Medisave Accounts (SMA) is pegged to the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1%. The interest rate to be credited to the Retirement Account (RA) will be the weighted average interest of the entire portfolio of Special Government Securities (SSGS) which the RA savings are invested in, which earn a fixed coupon equal to the 12-month average yield of the 10YSGS plus 1% at the point of issuance. As announced on 18 September 2014, the government will maintain the 4% per annum minimum rate for interest earned on all SMA and RA monies until 31 December 2015, subject to updates from the CPF board. In addition, the CPF Board will pay an extra interest rate of 1% per annum on the first S\$60,000 of a CPF member's combined balances, including up to S\$20,000 in the OA. Only monies in excess of S\$20,000 in the OA and S\$40,000 in the Special Account can be invested.
