Best Fund Fixed Income Global USD-Based
Over 3 Years

INVESTMENT OBJECTIVE

The Fund's principal objective is to maximise, consistent with prudent investment management, total investment return consisting of a combination of interest income, capital appreciation and currency gains. Under normal market conditions, the Fund will invest in a portfolio of fixed and floating rate debt securities and debt obligations of governments, government-related or corporate issuers worldwide.

IMPORTANT INFORMATION

This report has been prepared by Templeton Asset Management Ltd. This is neither an offer nor solicitation to purchase shares of the fund; applications for shares may only be made on forms of application available with the prospectus. Investors should read the prospectus before investing; the prospectus is available from Templeton Asset Management Ltd or its authorised distributors. Investments are subject to investment risks and past performance is not indicative of future performance. Dividends are not guaranteed. Investors investing in funds denominated in non-local currency should be aware of the risk of exchange fluctuations that may cause a loss of principal. Distribution of this document may be restricted in certain jurisdictions. This document does not constitute the distribution of any information or the making of any offer or solicitation by anyone in any jurisdiction in which such distribution or offer is not authorised or to any person to whom it is unlawful to distribute such a booklet or make such an offer or solicitation. Investors may wish to seek advice from a financial adviser before making a commitment to invest in shares of the Fund. In the event an investor chooses not to seek advice from a financial adviser, he/she should consider whether the product is suitable for him/her.
