5. STRUCTURE OF THE SCHEME

5.1 The Scheme is a standalone unit trust. Units (denominated in Singapore Dollars) are currently being offered on the terms described in this Prospectus.

5.2 Classes of Units

The Scheme currently offers two Classes of Units, "**Class A**" and "**Class B**".

The Value of Class B Units is greater than the Value of Class A Units as the Management Fee payable in respect of Class B Units is less than that payable in respect of Class A Units.

Class B Units also have different minimum initial subscription, minimum subsequent subscription and minimum holding amounts as compared to Class A Units.

Please refer to the sections headed "**Fees and Charges**" in Paragraph 8, "**Minimum initial subscription and minimum subsequent subscription amount**" in Paragraph 10.4 and "**Minimum holding and minimum realisation amount**" in Paragraph 12.2 for details.

The Managers may establish other Classes of Units within the Scheme. When a new Class is established, the Managers may at its discretion re-designate any existing Class as long as there is no prejudice to existing Holders of such Class.

6. INVESTMENT OBJECTIVE, FOCUS AND APPROACH

6.1 Investment objective

The investment objective of the Scheme is to achieve yield enhancement by aiming to outperform the benchmark in Singapore Dollar terms via active but prudent management of a portfolio comprising primarily of Singapore bonds, cash and cash equivalent instruments.

Prospectus

6.2 Investment focus and approach

The Scheme seeks to achieve its investment objective through investments primarily in domestic fixed income securities and money market instruments, with provision for limited diversification into foreign government bonds rated AAA by Standard & Poor's or AAA by Moody's . There is no emphasis or restriction on the kind of debt securities or rating of debt securities (save as disclosed in Paragraph 6.3 below) which the Scheme will invest in. The investments are to be made after analysing historic and expected interest rate movements, amongst other factors, and when necessary, engaging in foreign exchange transactions for purposes of hedging foreign exchange exposure on foreign currency bonds.

6.3 Investment restrictions

When selecting Authorised Investments (as defined in the Glossary of Terms), the Managers will adhere to the following restrictions when the aggregate number of Units in issue or deemed to be in issue exceeds 10 million (as at 30 June 2012, the aggregate number of Units in issue or deemed to be in issue exceed 10 million) :

- (a) For Singapore Dollar assets, Authorised Investments shall be restricted to Singapore government and government agencies' bills, notes and bonds, bank certificate of deposits, fixed deposits, fixed or floating rate corporate bonds and loan stocks. Subject to the provisions of the Code, for corporate debt, not more than 10% of the Scheme or S\$1,000,000 nominal value, whichever is higher, shall be invested in the debt of any single issuer;
- (b) For foreign currency assets, the Authorised Investments shall be restricted to foreign government bills, notes and bonds that are rated A by Standard and Poor's and A by Moody's where not more than twenty per cent. (20%) of the Scheme shall be invested in foreign currency bonds and not more than ten per cent. (10%) of the Scheme shall be invested in bonds of any single foreign currency to reflect net hedged exposure.

In addition, the Scheme is subject to (i) the investment guidelines issued by the Authority in Appendix 1 of the Code, as the same may be modified, amended, re-enacted or reconstituted from time to time by the Authority (the "**Authorised Funds Investment Guidelines**") and (ii) the investment guidelines for schemes included under the CPFIS issued by the CPF Board, as the same may be modified, amended, re-enacted or reconstituted from time to time by the CPF Board (the "**CPF Investment Guidelines**").

The Scheme may engage in securities lending transactions, carry out repurchase transactions and, for the purpose of hedging and efficient portfolio management, invest in derivatives and accordingly, are subject to the provisions on securities lending,

repurchase transactions and derivatives as set out in the Authorised Funds Investment Guidelines and CPF Investment Guidelines. The Scheme does not however currently intend to engage in securities lending transactions and/or carry out repurchase transactions.

7. CPFIS INCLUDED SCHEME

- 7.1** The Scheme is included under the CPFIS – Ordinary Account and CPFIS – Special Account and has been classified by the CPF Board under the “Low to Medium Risk (Narrowly focused – Country – Singapore)” category.
- 7.2** The benchmark against which the performance of the Scheme is measured is UOB Singapore Government Bond Index All (S\$).
- 7.3** The CPF interest rate for the CPF Ordinary Account is based on the 12-month fixed deposit and month-end savings rates of the major local banks. Under the Central Provident Fund Act, Chapter 36 of Singapore (“**CPF Act**”), the CPF Board pays a minimum interest of 2.5% per annum when this interest formula yields a lower rate.

The interest rate for the Special and Medisave Accounts (SMA) is pegged to the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1%, adjusted quarterly. The interest rate to be credited to the Retirement Account (RA) will be the weighted average interest of the entire portfolio of Special Government Securities (SSGS) the RA savings are invested in which earn a fixed coupon equal to the 12-month average yield of the 10YSGS plus 1% of the point of issuance, adjusted yearly. For the year 2012, the minimum interest rate for the SMA and RA is 4.0% per annum. After 31 December 2012, the 2.5% per annum minimum interest rate, as prescribed by the CPF Act, will apply to the SMA and RA.

In addition, the CPF Board will pay an extra interest rate of 1% per annum on the first S\$60,000 of a CPF member’s combined balances, including up to S\$20,000 in the CPF Ordinary Account. The first S\$20,000 in the CPF Ordinary Account and the first S\$40,000 in the CPF Special Account may not be invested under the CPFIS.

Investors should note that the applicable interest rates for each of the CPF accounts may be varied by the CPF Board from time to time.

Subscriptions using CPF monies shall at all times be subject to *inter alia* the regulations and such directions or requirements imposed by the CPF Board from time to time.

Prospectus**8. FEES AND CHARGES**

8.1 The fees and charges payable in relation to the Scheme are set out below:

Realisation Charge	Nil	1.0%

The Principal Distributor's approved agents or distributors may differentiate between investors as to the amount of the Preliminary Charge or Realisation Charge payable (subject to the maximum permitted), or allow discounts on the basis or scale that the approved agents or distributors think fit. Investors should also note that approved agents or distributors through whom investors subscribe for Units may (depending on the specific nature of services provided) impose other fees and charges that are not disclosed in this Prospectus. Investors should therefore check with such agents and distributors as to whether any additional fees and charges are imposed.

8.3 Other charges and expenses are payable out of the Scheme in accordance with the provisions of the Deed.

9. RISKS**9.1 General risks of investing in the Scheme**

(a) Investors should note that investment in the Scheme, which is a collective investment scheme, will be subject to different degrees of interest rate risk, currency risk, liquidity risk, sovereign risk, credit risk, exchange control risk and derivatives risk. The foregoing list of risks does not purport to be an exhaustive or complete list of the risks involved in investing in the Scheme. Investors may wish to consult their own financial advisers before deciding to subscribe for Units.

- (b) Investors should be aware that the value of Units and the income from them may rise as well as fall and there is the possible loss of the principal amount invested. Past performance figures are not necessarily indicative of the future performance.
- (c) Investment in the Scheme is designed to produce returns over the long-term and is not suitable for short-term speculation. Investors should not expect to obtain short-term gains from such investment.

9.2 Risks specific to the Scheme

Investors in the Scheme should recognise that the following risks are associated with investing in the Scheme and that the capital or returns may be influenced by these risk factors.

- (a) Interest rate risk – Shifts in economic trends affect the direction of overall interest rates. As bond prices and bond yields are mostly a function of interest rates, any change in interest rates influence returns on bond investments. A rise in interest rates therefore can lead to a decline in bond prices and conversely, lower interest rates can lead to an appreciation in bond prices.
- (b) Currency risk – Fluctuations in foreign exchange rates impact the capital value of, and income derived from, the non-Singapore Dollar portion of the Scheme. Depreciation in the currency of the underlying security lowers the value of that security while appreciation of the currency increases the value of the bond. The Managers intend to manage the foreign currency exposure and will do so by adopting an active hedging policy.
- (c) Liquidity risk – Bond instruments traded in this portfolio are generally liquid issues. However, under certain market conditions, liquidity may restrict the ease by which bonds are bought or sold.
- (d) Sovereign risk – Sovereign risk is associated with the countries issuing the bonds i.e. the risk that a foreign central bank will alter its foreign-exchange regulations thereby significantly reducing or completely nulling the value of foreign-exchange contracts.
- (e) Credit risk – Credit risk associated with investment in corporate or non-government bonds relative to those of government bonds i.e. corporations issuing the bonds may not make payments on the bonds or may suffer adverse changes in their financial condition that could lower the credit quality of a security, leading to greater volatility in the price of security and the value of the Sub-Fund.
- (f) Exchange control risk – Repatriation of investments in foreign countries, and particularly in less-developed markets, may be subject to exchange control restrictions imposed by foreign governments. As the Scheme's

Prospectus

investment in foreign countries would be restricted to debt securities rated A by Standard and Poor's and A by Moody's, the Managers believe the Scheme's exposure to exchange control risk is minimal under normal market conditions.

- (g) Market risk – Prices of securities in the Scheme may go down or up in response to changes in economic conditions (such as growth, inflation or policy changes), political conditions, interest rates in the Singapore market in which the Scheme invests and the market's perception of securities which in turn may cause the price of Units to rise or fall.
- (h) Derivatives risk – The Scheme may use derivative instruments such as futures and options, forward commitments, swaps and when-issued securities for efficient portfolio management purposes (including for hedging against market movements, currency exchange or interest rate risks or otherwise). Where such instruments are financial derivatives on commodities, such transactions shall be settled in cash at all times or as may otherwise be required under the Code. While the judicious use of derivatives by professional investment managers can be beneficial, derivative instruments involves risks different from, and, in some cases, greater than, the risks presented by more traditional securities investments. Some of the risks associated with derivatives are market risks, management risks, credit risks, liquidity risks and leverage risks. The Managers' ability to use these strategies may be limited by market conditions, regulatory limits and tax considerations. Use of these strategies involves certain special risks, including (i) dependence on the Managers' ability to predict movements in the price of securities and movements in the interest rates; (ii) imperfect correlation between movements in the securities or currency on which a futures or options contract is based and movements in the securities or currencies in the Scheme; (iii) the absence of a liquid market; (iv) while the Scheme may not be leveraged or geared in any way through the use of derivatives, the degree of leverage inherent in futures trading normally required in futures trading, which means that futures trading may be highly leveraged and accordingly a relatively small price movement in a futures contract may result in an immediate and substantial loss to the Scheme; and (v) possible impediments to effective portfolio management or the ability to meet repurchase requests or other short-term obligations because of the percentage of the Scheme's assets segregated to cover its obligations. The risk that the Scheme will be unable to close out a forward position or related options contract will be minimized by only entering into forward contracts and related options transactions for which there appears to the Managers to be a liquid secondary market or where the relevant broker-dealer makes liquidity by making a market in the relevant instrument. Please refer to Paragraph 23.5 for further information on the use of financial derivatives.

The above should not be considered to be an exhaustive list of the risks which potential investors should consider before investing in the Scheme.

10. SUBSCRIPTION, ISSUE AND CANCELLATION OF UNITS

10.1 Pricing and dealing deadline

- (a) As Units are issued on a forward pricing basis, the Issue Price (as summarised in Paragraph 10.2 below) will not be available at the time of application.

The Principal Distributor's dealing deadline is 5.00 p.m. Singapore time.

If an investor's application for subscription is received before the dealing deadline on a Dealing Day, the application will be deemed to have been received on that Dealing Day and the investor will buy Units at that Dealing Day's Issue Price. If the application is received after the dealing deadline on a Dealing Day or on a day which is not a Dealing Day, the application will be deemed to have been received on the next Dealing Day and the investor will buy Units at the next Dealing Day's Issue Price.

- (b) The Principal Distributor's approved agents or distributors may have their own dealing deadlines that are earlier than the Principal Distributor's dealing deadlines for the receipt of applications and subscription monies. Investors should confirm the applicable dealing deadline with the relevant approved agent or distributor.

10.2 Calculation of Issue Price

The Issue Price per Unit of a Class on each Dealing Day shall be ascertained by:

- (a) calculating the Net Asset Value per Unit of the relevant Class as at the Valuation Point in relation to the relevant Dealing Day;
- (b) adding the appropriate Fiscal Charges; and
- (c) determining the resultant total to four decimal places and adjusting such figure to the nearest three decimal places (or such other number of decimal places that the Managers may from time to time determine with the approval of the Trustee).

A Preliminary Charge will be deducted from the investment sum upon the issue of Units. The preliminary charge will be retained by the Principal Distributor's approved agents or distributors and the amount of the aforesaid adjustment shall be credited to the Scheme.

Prospectus

10.3 Issue of Units

- (a) The Managers will have the exclusive right to effect the creation and issue of Units and the acceptance or nonacceptance of applications for purchase of Units will be at the absolute discretion of the Managers acting in consultation with the Trustee and in the best interests of the Scheme.
- (b) If any application is rejected by the Managers, the subscription monies will be refunded (without interest) to the relevant approved agent or distributor, Agent Bank, CPF Board or SRS Operator (as the case may be) within a reasonable period of time in the manner that the Managers determine.
- (c) If payment in cleared funds of the investment sum in relation to any application for Units has not been received by the Principal Distributor on application (or by such time or date as the Managers and the Trustee may agree), and Units have been issued, such Units may be cancelled by the Managers by giving notice to that effect to the Trustee and the Principal Distributor, and such Units shall be deemed never to have been issued. In that event, the applicant shall have no claims against the Managers, the Trustee or the Principal Distributor (and, where applicable, the relevant approved agent or distributor) in respect of such application or cancelled Units.
- (d) No certificates will be issued by the Managers or the Trustee in respect of Units issued.
- (e) Fractional Units will be issued to two decimal places.

10.4 Minimum initial subscription and minimum subsequent subscription amount

The minimum initial subscription amount is S\$1,000 (for Class A Units) and S\$1,000,000 (for Class B Units) or such other amount as the Managers may determine by prior notice to the Trustee.

The minimum subsequent subscription amount is S\$100 (for Class A Units) and S\$1,000 (for Class B Units) or such other amount as the Managers may determine by prior notice to the Trustee.

Some approved agents or distributors may have higher minimum requirements. Investors should confirm the applicable minimum requirements with the relevant approved agent or distributor.

10.5 How Units may be purchased and paid for

Investors may subscribe for Units by completing an application that may be obtained from an approved agent or distributor. Completed applications should be sent to an approved agent or distributor together with:

- (a) any additional documents required by that agent or distributor; and
- (b) payment in full for the Units in the manner stipulated by that agent or distributor.

In the case of an investor who wishes to subscribe for Units with monies from his CPF Ordinary Account, the investor will have to authorise the relevant Agent Bank to request for monies to be withdrawn from his CPF Ordinary Account and deposited into his CPF Investment Account, and to withdraw monies from his CPF Investment Account to pay for the subscription of Units.

In the case of an investor who wishes to subscribe for Units with monies from his CPF Special Account, the investor will have to authorise the CPF Board to withdraw monies from his CPF Special Account to pay for the subscription of Units.

In the case of an investor who wishes to subscribe for Units with his SRS monies, the investor will have to authorise the relevant SRS Operator for monies to be withdrawn from his SRS Account to pay for the subscription of Units.

10.6 Applications by internet

Some approved agents or distributors may allow applications to be made through an electronic online application on or through the approved agent's or distributor's web-site or by submitting a completed application form printed from that web-site. When an investor applies for Units through an approved agent's or a distributor's website, the making of the application will be treated as the investor's confirmation that:

- (a) he has read a copy of this Prospectus;
- (b) he agrees with the terms and conditions set out in this Prospectus;
- (c) he is not a U.S. Person or is not applying on behalf of any U.S. Persons;
- (d) his application for the subscription of Units is made while being present in Singapore; and
- (e) he has given his permission to the relevant approved agent or distributor to disclose relevant particulars of his account to the Relevant Parties.

During any period when the issue of Units is suspended, the application for Units through the Internet will also be suspended.

Any charges to be imposed by the approved agent or distributor in connection with the application will be borne by the investor.

Prospectus**10.7 Calculation of number of Units allotted**

The following is an illustration of the number of Units that the Managers will issue based on a gross investment of S\$1,000 and a notional Issue Price of S\$1.000. The notional Issue Price of S\$1.000 is used for illustration purposes only. The actual Issue Price will fluctuate according to the Value of the Deposited Property.

Gross investment		Preliminary Charge (1.5%)		Net investment sum
S\$1,000	-	S\$15	=	S\$985
Net investment		Notional Issue Price		Number of Units
S\$985	/	S\$1.000	=	985 Units

10.8 Confirmation of purchase

A confirmation note detailing the investment amount and the number of Units allocated to investors in the Scheme will be sent within fourteen (14) Business Days from the date of issue of Units.

10.9 Cancellation of subscriptions by new subscribers

- (a) A new subscriber (as defined in Paragraph 10.9(b) below) will have the right to cancel his subscription of Units within seven (7) calendar days of the date on which he signed the subscription agreement or such other longer period as the Managers, the Principal Distributor or the approved agents or distributors for the Scheme (as the case may be) may allow or the Authority may prescribe (the "**Cancellation Period**"). A cancellation request form is included with the subscription application form for Units subscribed for (whether using cash, CPF or SRS monies).
- (b) A "**new subscriber**" is an investor who:
- (i) is an individual;
 - (ii) is not an existing Holder who is purporting to cancel a second or subsequent subscription of Units made after the Cancellation Period applicable to his initial subscription of Units; and
 - (iii) is not an existing Holder participating in a regular saving plan ("**RSP**") and effecting a second or subsequent payment towards the RSP.
- (c) The new subscriber must exercise his right to cancel his subscription of Units within the applicable Cancellation Period, by submitting a cancellation request to the relevant approved agent or distributor through whom the Units were purchased by hand or post. The relevant date for

determining whether a cancellation has been exercised within the Cancellation Period is the date on which the cancellation request was delivered by hand or was posted (as determined by its postmark). Where the last day of the Cancellation Period falls on a Sunday or a public holiday, the Cancellation Period is deemed to be extended to the next calendar day, not being a Sunday or public holiday.

- (d) A cancellation request received by the relevant approved agent or distributor on or before the relevant dealing deadline on a Dealing Day will be deemed to have been received on that Dealing Day. A cancellation request received after the dealing deadline on a Dealing Day, or on a day which is not a Dealing Day, will be deemed to have been received on the next Dealing Day. Investors should confirm the applicable dealing deadline with the relevant approved agent or distributor.
- (e) The proceeds arising from the cancellation of a subscription of Units under this Paragraph 10.9 (the “**cancellation proceeds**”) will be paid within four Business Days (or such other period as the Authority may require or permit) after the Dealing Day on which the cancellation request is received by the relevant approved agent or distributor, unless the determination of the amount of cancellation proceeds has been suspended pursuant to the provisions of the Deed. In such event, the payment of the cancellation proceeds will be deferred until after the end of the suspension.
- (f) The cancellation proceeds payable in relation to the cancellation of a subscription of Units under this Paragraph 10.9 will be determined as the lower of:
 - (i) the Market Value (as defined below): or
 - (ii) the Original Subscription Amount (as defined below),

or calculated according to such other method of calculation as the Authority may prescribe pursuant to the Notice on Cancellation Period. Any excess in the Market Value over the Original Subscription Amount, or in the Original Subscription Amount over the Market Value (as the case may be), will be retained by the Scheme.

“**Market Value**” in relation to Units the subscription of which is being cancelled by a new subscriber, means the value of such Units on the relevant Dealing Day calculated as the aggregate of (a) the total value of such Units based on the Realisation Price on such Dealing Day, and (b) the total Preliminary Charge paid for such Units.

“**Original Subscription Amount**” in relation to Units the subscription of which is being cancelled by a new subscriber, means the total amount (including the Preliminary Charge) paid by the new subscriber for the subscription of those Units.

Prospectus

Investors should note that the published Realisation Price is indicative in nature and can change during the period between the submission and processing of the cancellation request.

- (g) In the case where a new subscriber has more than one subscription and chooses to cancel one or more (but not all) of his subscriptions in respect of which he has a right to cancel, the cancellation of the new subscriber's subscription(s) must not result in the new subscriber holding fewer Units than the minimum holding amount for the Scheme.
- (h) Any distributions declared but not paid to the new subscriber, who has cancelled his subscription of Units, will be due to the new subscriber in accordance with the provisions of the Deed (whether or not an election for such distributions to be reinvested has been made by the new subscriber).
- (i) A new subscriber may choose to realise his Units under Paragraph 12 instead of cancelling his subscription of Units but should note that he will not be able to enjoy the benefits of cancellation under this Paragraph 10.9 (i.e. there will be no refund of the Preliminary Charge and the realisation proceeds may be lower than the cancellation proceeds if the appreciation in the Value of the Units is less than the Preliminary Charge).
- (j) A new subscriber may choose to convert his Units of a Class (the "**Original Units**") to Units of another Class (the "**New Units**") under Paragraph 14 during the Cancellation Period applicable to the subscription of the Original Units but should note that:
- he will not receive any refund of the Preliminary Charge;
 - it is not certain whether he would be in a better or worse position if he converts his Units from one Class to another Class; and
 - the conversion will be subject to any conversion fee that is stated in Paragraph 8.

He will also be entitled to cancel his New Units within the applicable Cancellation Period in accordance with this Paragraph 10.9.

- (k) Paragraph 12.1(d) shall apply mutatis mutandis to the cancellation of a subscription of Units under this Paragraph 10.9.
- (l) Further information on the terms and conditions applicable to the Cancellation Period and the steps which a new subscriber must take to effect such a cancellation are

contained in the Deed and the cancellation request form which may be obtained from the approved agents or distributors for the Scheme at their respective offices during business hours. **New subscribers should read this information carefully before subscribing for Units.**

11. REGULAR SAVINGS PLAN (RSP)

The Managers do not currently offer an RSP for subscription of Units. The approved agents or distributors for the Scheme may, at their own discretion, offer regular savings arrangements for the benefit of investors in Singapore. Information on such regular savings arrangements, such as the minimum periodic contributions, timing of the investment deduction and Unit allocation, may be obtained from such approved agents or distributors. The terms of such regular savings arrangements will provide that Holders may cease participation in such arrangements without suffering any penalty by providing not less than 30 days' notice in writing to the relevant approved agent or distributor.

12. REALISATION OF UNITS

12.1 How Units may be realised or sold

- (a) Subject to Paragraphs 12.1(b) and 12.2, investors may request an approved agent or a distributor to realise any or all of the Units held by that agent or distributor on behalf of that investor on any Dealing Day by submitting the relevant realisation request form to the relevant approved agent or distributor through whom the Units were purchased.
- (b) Such approved agents or distributors may have a dealing deadline which is earlier than the Principal Distributor's dealing deadline for the receipt of realisation requests from investors. Investors should confirm the applicable dealing deadline with the relevant approved agent or distributor.
- (c) Realisation requests made through the Internet should be submitted in accordance with the instructions for a realisation request on the website of the relevant approved agent or distributor.
- (d) The Managers may, with the approval of the Trustee, in certain circumstances stipulated in the Deed, limit the total number of Units which Holders may realise on any Dealing Day to 10% of the total number of Units then in issue. If so, requests for realisation of Units on that Dealing Day will be reduced rateably and be treated as if made in respect of each subsequent Dealing Day until all Units to which the original request related have been realised.

Prospectus

12.2 Minimum holding and minimum realisation amount

A Holder will not be entitled to realise only part of his holding of Units without the approval of the Managers and the Trustee if the realisation is less than the minimum realisation amount or if due to that realisation, his holding would be reduced to less than the minimum holding of the relevant Class of Units.

The minimum realisation amount in relation to the Scheme is 1,000 Units and the minimum holding amount is the lower of 1,000 Units or the number of Units which at the current Issue Price may be purchased for S\$1,000 (for Class A Units) and the lower of 1,000,000 Units or the number of Units which at the current Issue Price may be purchased for S\$1,000,000 (for Class B Units).

12.3 Pricing and dealing deadline

As Units are priced on a forward pricing basis, the Realisation Price (as summarised in Paragraph 12.4 below) will not be available at the time of submission of a realisation request.

The Principal Distributor's dealing deadline is 5.00 p.m. Singapore time.

- (a) If a realisation request is received by the Principal Distributor by the dealing deadline on a Dealing Day, the realisation request will be taken to have been received on that Dealing Day and will be processed at that Dealing Day's Realisation Price.
- (b) If a realisation request is received by the Principal Distributor after the dealing deadline on a Dealing Day or on a day which is not a Dealing Day, the realisation request will be taken to have been received on the next Dealing Day and will be processed at the next Dealing Day's Realisation Price.
- (c) The Principal Distributor's approved agents or distributors for the Scheme may have a dealing deadline which is earlier than the Principal Distributor's dealing deadline for the receipt of realisation requests. Investors should confirm the applicable dealing deadline with the relevant approved agent or distributor.

12.4 Calculation of Realisation Price

The Realisation Price per Unit of a Class on each Dealing Day shall be ascertained by:

- (a) calculating the Net Asset Value per Unit of the relevant Class as at the Valuation Point in relation to the relevant Dealing Day;
- (b) deducting the appropriate Fiscal Charges; and

- (c) determining the resultant total to four decimal places and adjusting that figure to the nearest three decimal places (or such other number of decimal places that the Managers may from time to time determine with the approval of the Trustee).

12.5 Calculation of realisation proceeds

The realisation proceeds payable to a Holder will be calculated once the Realisation Price has been ascertained.

The following is an illustration of the realisation proceeds that a Holder will receive based on a realisation of 1,000 Units and a notional Realisation Price of S\$1.100. The notional Realisation Price of S\$1.100 is used for illustration purposes only. The actual Realisation Price will fluctuate according to the Value of the Deposited Property. There is currently no Realisation Charge payable for Units realised.

Units held		Notional Realisation Price		Gross realisation amount
1,000	x	S\$1.100	=	S\$1,100
<i>N.B. There is currently no Realisation Charge imposed.</i>				

12.6 Payment of realisation proceeds

- (a) Realisation proceeds will be paid to investors within four (4) Business Days of receipt of their realisation requests by the Principal Distributor (or within such other period (if any) permitted by the relevant authorities) unless the realisation of Units has been suspended as provided in Paragraph 16.
- (b) In the case of an investor who has purchased Units with cash, any realisation proceeds payable to him under the provisions of the Deed will be paid by the Principal Distributor to the approved agent or distributor or its nominee in whose name the Units are registered, and these proceeds will be paid by the approved agent or distributor to the relevant investor.
- (c) In the case of an investor who has purchased Units with monies from his CPF Ordinary Account, any realisation proceeds payable to him under the provisions of the Deed will be paid by transferring the proceeds to the relevant Agent Bank for credit of the investor's CPF Investment Account or otherwise in accordance with the provisions of any applicable laws, regulations or guidelines. Where his CPF Investment Account has been closed, the proceeds will be paid by transferring the proceeds into the investor's CPF Ordinary Account or otherwise in accordance with the provisions of any applicable laws, regulations or guidelines. Where both his CPF Investment Account and CPF Ordinary Account have been closed, the proceeds will be paid to the

Prospectus

investor in accordance with Paragraph 12.6(b) or otherwise in accordance with any applicable laws, regulations or guidelines.

- (d) In the case of an investor who has purchased Units with monies from his CPF Special Account, any realisation proceeds payable to him under the provisions of the Deed will be paid by transferring the proceeds to the CPF Board for the credit of the investor's CPF Special Account or otherwise in accordance with the provisions of any applicable laws, regulations or guidelines. Where his CPF Special Account has been closed, the proceeds will be paid to the investor in accordance with Paragraph 12.6(b) or otherwise in accordance with any applicable laws, regulations or guidelines.
- (e) In the case of an investor who has purchased Units with monies from his SRS Account, any realisation proceeds payable to him under the provisions of the Deed in respect of his Units will be paid by transferring the proceeds to the relevant SRS Operator for credit of the investor's SRS Account or otherwise in accordance with the provisions of any applicable laws, regulations or guidelines. Where the SRS Account has been closed, the proceeds will be paid to his SRS Operator or otherwise in accordance with any applicable laws, regulations or guidelines.

13. TRANSFER OF UNITS

13.1 Subject to Paragraph 13.2 below, every Holder shall be entitled to transfer all or any of the Units held by him by an instrument in writing in such form as the Managers may from time to time approve provided that (i) no transfer of part of a holding of Units shall be allowed if in consequence of the transfer, either the transferor or the transferee would hold Units less than the minimum holding amount, and (ii) unless otherwise permitted by law, and notwithstanding the foregoing or any other provisions of the Deed, a Holder's title to or interest in any Units shall not be transferred until he has attained the age of 21 years (or as may be provided by the Deed from time to time).

13.2 Transfer of ownership of Units is not permitted in respect of Units purchased with CPF or SRS monies.

13.3 Transfer of ownership of Units purchased with cash is permitted.

14. CONVERSION OF UNITS

14.1 Where Units of more than one Class are in issue, Holders of Units of any Class (except for such Classes as may be agreed between the Managers and the Trustee) (the "**original Class**") may convert all or any of the Units of the original Class to Units of another Class (the "**new Class**") provided that no conversion of Units may be made which would result in a Holder holding less than the minimum holding amount of either the original Class or the new Class.

- 14.2** The conversion will be effected according to the provisions of the Deed and Units in the new Class will be issued based on the formula provided in the Deed.
- 14.3** Where the Holder makes a conversion of a Unit, the Managers shall not deduct the amount of the Realisation Charge for Units in the new Class but may be entitled to charge a Conversion Fee, which shall not exceed 1% of the Realisation Price for Units in the original Class. The Managers may offer a discount on the Conversion Fee at such percentage as the Managers may time determine and the Managers may on any day differentiate between Holders who make a conversion of a Unit as to the Conversion Fee payable.
- 14.4** Holders will have to give the Principal Distributor (through its approved agents or distributors) a conversion notice in such form as the Managers may require. No Units will be converted during any period when realisation of Units is limited as set out in Paragraph 12.1(d) or suspended as set out in Paragraph 16.

15. OBTAINING PRICES OF UNITS

The indicative Net Asset Value per Unit will be published on the Principal Distributor's website at <http://www.leggmason.com.sg>, The Business Times, Teletext and Bloomberg, and once a week in The Straits Times (only CPFIS included funds are listed). Investors should note that the frequency of the availability of the indicative net asset value per Unit on selected publications may change from time to time and is determined by the relevant publisher. The actual Net Asset Value per Unit will generally be published two (2) Business Days after the relevant Dealing Day. The Issue Price and Realisation Price will be calculated in accordance with Paragraphs 10.2 and 12.4 respectively.

Investors should note that the frequency of the publication of the Net Asset Value is dependent on the publication policies of the newspaper publisher concerned. The Managers does not accept any responsibility for any errors on the part of the publisher concerned relating to the Net Asset Value published in the newspapers or for any non-publication or late publication of prices and shall incur no liability in respect of any action taken or loss suffered by investors in reliance upon such erroneous publication.

16. SUSPENSION OF DEALINGS

- 16.1** Subject to the provisions of the Code, the terms of the Deed provide that the Managers may, upon consultation with the Trustee, suspend the issue of Units:
- (a) during any period when any Recognised Stock Exchange or OTC Market on which any Authorised Investments forming part of the Deposited Property for the time being are listed or dealt in is closed (otherwise than for ordinary holidays) or during which dealings are restricted or suspended;

Prospectus

- (b) during the existence of any state of affairs which, in the opinion of the Managers and the Trustee, might seriously prejudice the interests of the Holders as a whole or of the Deposited Property;
- (c) during any breakdown in the means of communication normally employed in determining the price of any of such Authorised Investments or the current price thereof on any Recognised Stock Exchange or OTC Market or when for any reason the prices of any of such Authorised Investments cannot in the opinion of the Managers and the Trustee be promptly and accurately ascertained (including any period when the fair value of a material portion of the Authorised Investments cannot be determined);
- (d) during any period when remittance of monies which will or may be involved in the realisation of such Authorised Investments or in the payment for such Authorised Investments cannot, in the opinion of the Managers and the Trustee, be carried out at normal rates of exchange;
- (e) for 48 hours (or any longer period that the Managers and the Trustee agree) prior to the date of any meeting (or adjourned meeting) of Holders convened in accordance with the provisions of the Deed;
- (f) during any period when the business operations of the Managers or the Trustee in relation to the operation of the Scheme are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God;
- (g) for any period pursuant to an order or direction by the Authority; or
- (h) such circumstances as may be required under the provisions of the Code.

A suspension shall take effect immediately upon the declaration in writing to such effect to the Trustee by the Managers and, subject to the provisions of the Code, shall terminate on the day following the first Business Day on which the condition giving rise to the suspension shall have ceased to exist and no other condition under which suspension is authorised under the Deed shall exist.

16.2 Subject to the provisions of the Code, the terms of the Deed provide that the Trustee may instruct the Manager to temporarily suspend the right of Holders to realise Units in circumstances including, but not limited to, the following:

- (a) during any period of consultation or adjustment of the Realisation Price arising from the provisions of the Deed;

- (b) during any breakdown in the means of communication which affects the process of valuation of the Deposited Property;
- (c) during any turmoil in the financial markets which causes unnaturally large movements in the prices of the Authorised Investments forming part of the Deposited Property;
- (d) during the absence of any trading on the relevant Recognised Stock Exchanges or OTC Markets of the Authorised Investments forming part of the Deposited Property which in turn causes the market value of these Authorised Investments to be not reflective of their true value;
- (e) for 48 hours (or any longer period that the Managers and the Trustee agree) prior to the date of any meeting (or adjourned meeting) of Holders convened in accordance with the provisions of the Deed;
- (f) during any period when the business operations of the Managers or the Trustee in relation to the operation of the Scheme are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God;
- (g) during any period when the fair value of a material portion of the Authorised Investments cannot be determined; or
- (h) for any period pursuant to an order or direction by the Authority.

A suspension shall take effect immediately upon the declaration in writing to such effect to the Managers by the Trustee and, subject to the provisions of the Deed, shall terminate on the day following the first Business Day on which the condition giving rise to the suspension shall have ceased to exist and no other condition under which suspension is authorised under the Deed shall exist. Subject to the provisions of the Code, the Trustee may from time to time suspend the issue of Units pursuant to Clause 13(F)(ii) of the Deed as reproduced in this Paragraph for such period or periods as it deems fit.

16.3 Payment for any Units of the Scheme realised before the commencement of any suspension but for which payment has not been made before the commencement thereof may, if the Managers and the Trustee so agree, be deferred until immediately after the end of the suspension.

The past performance of the Scheme is not necessarily indicative of its future performance.

17.2 Expense ratios

The expense ratios of the Classes of the Scheme (calculated in accordance with the guidelines issued by the Investment Management Association of Singapore (“IMAS”) on the disclosure of expense ratios and based on figures in the Scheme’s latest audited accounts) are as follows:

Class of Units	Period	Expense ratio
Class A Units	Financial year ended 31 March 2012	0.96%
Class B Units	Financial year ended 31 March 2012	0.71%

The following expenses (where applicable) are excluded from the calculation of the expense ratios:

- (a) interest expense;
- (b) brokerage and other transaction costs associated with the purchase and sales of investments (such as registrar charges and remittance fees);
- (c) foreign exchange gains and losses of the Scheme, whether realised or unrealised;
- (d) front end loads, back end loads and other costs arising on the purchase or sale of a foreign unit trust or mutual fund; and
- (e) tax deducted at source or arising on income received, including withholding tax; and
- (f) dividends and other distributions paid to Holders.

17.3 Turnover Ratio

The turnover ratio of the Scheme (calculated based on the lesser of purchases or sales expressed as a percentage over average net asset value, i.e. average daily net asset value) for the financial year ended 31 March 2012 is 66.20%.

18. SOFT DOLLAR COMMISSIONS / ARRANGEMENTS

- 18.1** The Managers currently do not but shall be entitled to receive and enter into soft-dollar commissions/arrangements in respect of the Scheme. The Managers will comply with applicable regulatory and industry standards on soft-dollars. The soft-dollar commissions which the Managers may receive include specific advice as to the advisability of dealing in, or the value of any investments, research and advisory services, economic and political analyses, portfolio analyses including valuation and performance measurements, market analyses, data and quotation services, computer hardware and software or any other information facilities to the extent that they are used to support the investment decision making process,

Prospectus

the giving of advice, or the conduct of research or analysis, and custodial service in relation to the investments managed for clients.

18.2 Soft-dollar commissions received shall not include travel, accommodation, entertainment, general administrative goods and services, general office equipment or premises, membership fees, employees' salaries or direct money payment.

18.3 The Managers will not accept or enter into soft dollar commissions/arrangements unless such soft-dollar commissions/arrangements would, in the opinion of the Managers, assist the Managers in their management of the Scheme, provided that the Managers shall ensure at all times that best execution is carried out for the transactions, and that no unnecessary trades are entered into in order to qualify for such soft-dollar commissions/arrangements.

19. CONFLICTS OF INTEREST

19.1 The Managers may from time to time have to deal with competing or conflicting interests of the Scheme with other funds managed by the Managers. For example, the Managers may make a purchase or sale decision on behalf of some or all of the other funds managed by them without making the same decision on behalf of the Scheme, as a decision whether or not to make the same investment or sale for the Scheme depends on factors such as the cash availability and portfolio balance of the Scheme. However, the Managers will use reasonable endeavours at all times to act fairly and in the interests of the Scheme. In particular, after taking into account the availability of cash and relevant investment guidelines of the other funds managed by the Managers, the Managers will endeavour to ensure that securities bought and sold will be allocated in an equitable and practical manner among the Scheme and the other funds managed by the Managers.

19.2 The factors which the Managers will take into account when determining if there are any conflicts of interest as described in Paragraph 19.1 above include the assets and, where applicable, the debt securities of the Scheme. To the extent that another fund managed by the Managers intends to purchase substantially similar assets, the Managers will ensure that the assets are allocated equitably and that the interests of all investors are treated equally between the Scheme and the other funds.

19.3 The Managers may from time to time act as investment manager or investment adviser in relation to, or be otherwise involved in, other funds which have similar investment objectives to those of the Scheme. It is, therefore, possible that it may, in the course of business, have potential conflicts of interests with the Scheme. The Managers will, at all times, have regard in such event to their obligations to the Scheme and will ensure that such conflicts are resolved fairly. In addition, the Managers and each of their affiliated entities will, at all times, have regard to their obligations

to the Scheme and shall ensure that in any transaction carried out with the Scheme, such transaction will be carried out as if effected on normal commercial terms negotiated at arm's length.

- 19.4** The Managers or their related entities or the Trustee may own, hold, dispose or otherwise deal with Units as though they were not a party to the Deed.
