1 IMPORTANT NOTICE

Introduction

This Information Memorandum relates solely to a debt issuance program (**Program**) for Commonwealth Bank of Australia (**Issuer**). Under the Program, the Issuer may issue any one or more of:

- unsubordinated medium term notes (**MTNs**); and
- subordinated notes (**Subordinated Securities** and together with the MTNs, the **Securities**)

in each case, up to an unlimited amount.

This Information Memorandum replaces the Information Memorandum dated 4 May 2021.

Terms and conditions of issue

The terms and conditions of the Securities are set out in this Information Memorandum. A pricing supplement (**Pricing Supplement**) will be issued for each tranche or series of Securities issued under the Program. The Pricing Supplement will contain details of the particular tranche or series of Securities as well any additional terms and conditions not set out in the terms and conditions of the Securities as set out in this Information Memorandum. A Pricing Supplement may also vary, modify or replace any statement made in the terms and conditions of the Securities and this Information Memorandum.

Each tranche or series of Securities will be issued in registered form and may be lodged with Austraclear. They will be debt obligations of the Issuer which are constituted by, and owing under:

- in the case of MTNs, the Tenth MTN Deed Poll made by the Issuer dated 10 May 2023, as amended or supplemented from time to time (the **MTN Deed Poll**); or
- in the case of Subordinated Securities, the Fifth Deed Poll (Subordinated Securities) made by the Issuer dated 10 May 2023, as amended or supplemented from time to time (the **Subordinated Deed Poll** and together with the MTN Deed Poll, a **Deed Poll**).

Documents incorporated by reference

This Information Memorandum should be read in conjunction with the information taken to be incorporated into it by reference (see the paragraph entitled “Documents incorporated by reference”) and construed on the basis that such documents are so incorporated and form part of this Information Memorandum. References to **this Information Memorandum** are to this Information Memorandum together with any other document incorporated by reference collectively and to any of them individually, in each case, as modified or superseded.

Approval by Issuer

This Information Memorandum has been approved by the Issuer which has provided, and accepts responsibility for, the information contained in it. The Issuer has requested and authorised the distribution of this Information Memorandum.

Currency of the information

The information in this Information Memorandum has been prepared and is correct as of its respective Preparation Date (as defined below). Neither the delivery of this Information Memorandum (or any part of it) nor any offer, issue or sale made in connection with this Information Memorandum at any time after the Preparation Date implies that the information contained in it (or that part of it) is correct at any time after the Preparation Date. Accordingly, neither the delivery of this Information Memorandum (or any part of it) nor any offer, issue or sale of Securities implies or should be relied upon as a representation or warranty that:

- (a) there has been no change since the relevant Preparation Date in the affairs or financial condition of the Issuer; or
- (b) the information contained in this Information Memorandum (or any part of it) remains correct and complete at any time after its respective Preparation Date.

In this Important Notice, **Preparation Date** means in relation to:

- (a) this Information Memorandum, the date stated on its face or, if this Information Memorandum has been amended or supplemented, the date indicated on the face of that amendment or supplement; and
- (b) any other item of information which is to be read in conjunction with this Information Memorandum, the date indicated on the face of the item of information as being the date of its release, or the date to which it relates, as the case may be.

The Dealers, the Registrar and any agents expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Program. Investors should review, amongst other things, the information incorporated by reference when deciding whether or not to invest.

Not an invitation

Neither this Information Memorandum nor any Pricing Supplement is intended to be and does not constitute an offer of, or invitation by or on behalf of the Issuer, the Arranger, the Dealers (as defined below), or any agent (a **Relevant Person**) to any person to subscribe for, buy or otherwise deal in any Securities. Nor should this Information Memorandum or any Pricing Supplement be considered to be a recommendation by any Relevant Person that any recipient of this Information Memorandum or Pricing Supplement should subscribe for or purchase any Securities.

Independent advice

This Information Memorandum has been prepared for distribution to professional investors whose business includes buying and selling debt securities as principal or agent.

Each recipient of this Information Memorandum and persons contemplating the purchase of Securities should make (and will be taken to have made) their own decision as to the sufficiency and relevance for their purpose of the information contained in this Information Memorandum, their own independent investigation of the financial condition and affairs and their own appraisal of the creditworthiness of the Issuer, after taking all appropriate advice from qualified professional persons. Any investment decision should be based on that decision, investigation and appraisal and not on this Information Memorandum.

Each recipient of this Information Memorandum and intending investors should consult their own tax advisers concerning the application of any tax laws applicable to their particular situation.

No Relevant Person undertakes for the benefit of any holder of a Security to review at any time the financial condition or affairs of the Issuer, or any other person or to advise any holder of a Security of any information coming to its attention with respect to the Issuer or any other person.

No independent verification

The Arranger has reviewed and authorised the description of the Program set out in the paragraph entitled "Program Summary". The Arranger, each Dealer and the Registrar have each confirmed that their respective description, address and contact details set out in the section entitled "Directory" are correct as at the Preparation Date. No other information contained in this Information Memorandum has been independently verified by the Arranger, the Dealers, the Registrar or any agent. Accordingly, no representation, warranty or undertaking is made or may be implied and no responsibility or liability is accepted by them for the accuracy, completeness or distribution of, or any errors or omissions from this Information Memorandum whether arising out of negligence or otherwise (other than as specifically stated above).

The Arranger and the Initial Permanent Dealer (as defined below) act solely through a separate division of Commonwealth Bank of Australia in the context of this Information Memorandum and the Program, without reference to any of its or its subsidiaries' respective personnel or operations outside that division, and therefore, are not to be taken to be aware of any matters within the knowledge of such personnel or operations relating to the Issuer or the Program.

No authorisation

No person is authorised to give any information or to make any representation which is not contained in this Information Memorandum and any information or representation not contained in this Information Memorandum must not be relied upon as having been authorised by or on behalf of the Issuer.

No disclosure

Each offer to purchase or invitation to buy Securities does not require disclosure under Part 6D.2 or Part 7.9 of the Corporations Act 2001 (Cth) (**Corporations Act**) as the Issuer is an Authorised Deposit Taking Institution (**ADI**) under the Banking Act 1959 (Cth) (**Banking Act**) and section 708(19) of the Corporations Act provides that an offer of an ADI's debentures for issue or sale does not need such disclosure. Accordingly, this Information Memorandum has not been, nor will be, lodged with nor registered by the Australian Securities and Investments Commission.

Distribution

The distribution of this Information Memorandum and any Pricing Supplement and the offer or sale of Securities may be restricted by law in certain jurisdictions. Persons into whose possession this Information Memorandum or any Pricing Supplement comes must inform themselves about and observe all such restrictions. Nothing in this Information Memorandum is to be construed as authorising distribution of this Information Memorandum or any Pricing Supplement or the offer or sale of Securities in any jurisdiction other than the Commonwealth of Australia, and neither the Issuer, the Arranger nor the Dealers accept any liability in that regard.

Furthermore the Securities may not be offered or sold, directly or indirectly, and neither this Information Memorandum nor any other offering material may be distributed or published, in any jurisdiction except under circumstances that will result in compliance with any applicable law or regulations.

No U.S. registration

THE SECURITIES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE **SECURITIES ACT**) NOR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES. SUBJECT TO CERTAIN EXCEPTIONS, THE SECURITIES MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT (**REGULATION S**)). THE SECURITIES ARE BEING OFFERED AND SOLD OUTSIDE THE UNITED STATES ONLY TO PERSONS WHO ARE NOT U.S. PERSONS IN RELIANCE ON REGULATION S.

THE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION, ANY STATE SECURITIES COMMISSION IN THE UNITED STATES OR ANY OTHER U.S. REGULATORY AUTHORITY, NOR HAVE ANY OF THE FOREGOING AUTHORITIES PASSED UPON THE ACCURACY OR ADEQUACY OF THIS INFORMATION MEMORANDUM. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

EEA Retail Investors

The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the **Prospectus Regulation**). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRiIPs Regulation**) for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRiIPs Regulation.

UK Retail Investors

The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (**UK**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (EUWA); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (**FSMA**) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Securities or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Fees

The Arranger, each Dealer, the Registrar and any agent each disclose that it, its respective subsidiaries, directors and employees:

- (a) may have pecuniary or other interests in the Securities; and
- (b) will receive fees, brokerage and commissions and may act as principal in any dealing in the Securities.

Priority of liabilities and other amounts

The Issuer is an ADI under the Banking Act. Certain debts of an ADI will be preferred by law. The applicable laws include (but are not limited to) sections 13A and 16 of the Banking Act and section 86 of the Reserve Bank Act 1959 of Australia (the **Reserve Bank Act**).

These provisions provide that in the event that an ADI becomes unable to meet its obligations or suspends payment, its assets in Australia are to be available to meet its liabilities to, among others, the Australian Prudential Regulation Authority, the Reserve Bank of Australia and holders of protected accounts, in priority to all other liabilities, including the Securities. Changes to applicable law may extend the debts required to be preferred by law.

As at the Preparation Date, the MTNs and the Subordinated Securities are not deposits, deposit liabilities or protected accounts of the Issuer.

Interpretation

In this Information Memorandum all references to the issuance of Securities are to:

- (a) the issue of MTNs by the Issuer;

- (b) the issue of Subordinated Securities by the Issuer; or
- (c) any two or more of the Securities described in paragraphs (a)-(b) as the context requires.

3 PROGRAM SUMMARY

- Subordinated Securities, the Conditions of the Subordinated Securities (together with the Conditions of the MTNs, each a set of **Conditions**) and the relevant Pricing Supplement included in section 6 of this Information Memorandum.

If there is any inconsistency between this summary and the Conditions of the relevant Securities as modified, supplemented or replaced by the relevant Pricing Supplement and the relevant Deed Poll, the Conditions, Pricing Supplement and Deed Poll relating to the relevant Securities will prevail.

Words and expressions defined or used in the Conditions of the Securities or any Pricing Supplement in respect of any Tranche or Series of Securities have the same meaning in this summary.

A. PROVISIONS APPLICABLE TO ALL SECURITIES

Issuer:	Commonwealth Bank of Australia (CBA).

Initial Permanent Dealer:	Commonwealth Bank of Australia.
Dealers:	Additional Dealers may be appointed from time to time by the Issuer as dealers for a day for any Tranche of Securities.
Direct issues by Issuer:	The Issuer may issue Securities directly to purchasers or investors (as applicable) procured by it. Such purchasers will be required to confirm and acknowledge to the Issuer in writing that the issue of Securities resulted from the Securities being offered for issue as a result of negotiations being initiated publicly in electronic form (e.g. Reuters or Bloomberg) or in another form that was used by financial markets for dealing in debentures.
Registrar:	Austraclear Services Limited (ABN 28 003 284 419) and/or any other person appointed by the Issuer for a Series

(including, if the relevant Pricing Supplement so contemplates, the Issuer itself).

Issuing/acceptance procedure: Securities may be issued to Dealers, at the discretion of the Issuer, via either of the following mechanisms:

- syndicated; and
- private placements

The Dealer purchasing or procuring the purchase of the relevant Securities agrees to prepare a Subscription Agreement and Pricing Supplement in respect of those Securities. No Dealer is under any obligation to enter into a Subscription Agreement.

Form: Each Security will be:

- denominated in Australian Dollars (unless otherwise agreed);
- registered on a register located in Sydney (unless otherwise agreed) (the **Register**);
- a debt obligation of the Issuer constituted by, and owing under, the relevant Deed Poll; and
- subject to the relevant Conditions (set out in this Information Memorandum) as supplemented by the relevant Pricing Supplement for that Security.

Securities of any Series may be described by any marketing name specified in the relevant Pricing Supplement.

Title: Entry of the name of the person in the Register in respect of a Security constitutes or passes title to the Security and is conclusive evidence of that person's entitlements to receive interest and repayment of principal in the manner provided for in the Conditions.

No certificates will be issued unless the Issuer is required to do so by applicable law or regulation. Securities that are held in the Austraclear System will be registered in the name of Austraclear Limited (**Austraclear**) and title to the Securities will be determined in accordance with the Austraclear Regulations.

Denomination: Securities will be issued in the denomination specified in the relevant Pricing Supplement.

Clearing System: Securities may be traded either within or outside any Clearing System (as defined below).

The Issuer will apply to Austraclear for approval for the Securities to be traded on the settlement system operated by Austraclear (**Austraclear System**) unless otherwise specified in the relevant Pricing Supplement. Such approval of the Securities by Austraclear is not a recommendation or endorsement by Austraclear of the Securities.

Securities may also be traded on the settlement system operated by Euroclear Bank SA/NV (**Euroclear**), the settlement system operated by Clearstream Banking S.A. (**Clearstream**) or any other clearing system outside Australia if so specified in the relevant Pricing Supplement (together with the Austraclear System, Euroclear and Clearstream, each a **Clearing System**).

Securities held in a Clearing System are subject to the rules and regulations of that Clearing System.

For a Security registered in the name of Austraclear, payments will be made in accordance with the Austraclear Regulations.

If a Security is not registered in the name of Austraclear, payment will be made to the person whose name appears in the Register as the holder of that Security on the relevant Record Date either:

- by electronic transfer to an account in Australia, which account must be specified not less than 8 business days prior to the due date for payment: or
- by A\$ cheque posted to an address in Australia,

in accordance with the latest payment instructions of that person. For joint holders, payments will be made to the person whose name appears first in the Register.

Transfer: Securities can only be transferred in accordance with the Conditions.

Transfers of Securities held in a Clearing System will be made in accordance with the rules and regulations of the relevant Clearing System.

Securities may only be transferred within, to or from Australia in the denominations specified in the Pricing Supplement and if the consideration payable at the time of transfer is a minimum amount of A\$500,000 (in either case, disregarding moneys lent by the transferor or its associates) or if the offer or invitation giving rise to the transfer otherwise does not constitute an offer or invitation for which disclosure is required to be made to investors in accordance with Part 6D.2 or Part 7.9 of the Corporations Act.

Securities may only be transferred between persons in a jurisdiction (or jurisdictions) other than Australia if the transfer and all conduct connected with the transfer complies with the relevant laws of the relevant jurisdiction in which the transfer takes place.

Stamp duty and taxes: No stamp duty is payable in Australia on the issue, transfer or redemption of the Securities.

All payments of principal and interest in respect of the Securities will be made without withholding or deduction for, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within Australia or by any authority in or of Australia having power to tax (together **Taxes**), unless such withholding or deduction is required by law.

Where a withholding or deduction is required by law, a gross up applies, subject to customary exceptions.

TFNs and ABNs: The Issuer will deduct amounts from payments if an Australian resident Holder or a non-resident Holder who is engaged in carrying on business in Australia at or through a permanent establishment of the non-resident in Australia, has not supplied an appropriate tax file number, Australian business number or other exemption details.

Investors should obtain their own taxation advice regarding the taxation status of investing in Securities.

Public offer test: The Issuer proposes to issue Securities and to make payments of interest in a manner that will satisfy section 128F of the Income Tax Assessment Act 1936 of Australia. The public offer test status of a Tranche of Securities will be specified in the relevant Pricing Supplement.

Governing law: New South Wales.

Listing: The Securities will not be listed on any stock exchange.

Selling Restrictions: Australia, EEA, UK, United States, Hong Kong, Japan, New Zealand and Singapore.

The selling restrictions may be changed by the Issuer in consultation with the Dealers following a change in any law or directive or in its interpretation or administration by an authority or the introduction of a new law or directive. Any change will be set out in the relevant Pricing Supplement issued in respect of the Securities to which it relates (or in another supplement to this Information Memorandum).

Investment Risks This paragraph does not describe all the risks in investing in Securities. Prospective investors or purchasers should consult their own financial and legal advisers about risks associated with an investment in a particular tranche or series of Securities and the suitability of investing in the Securities in light of their particular circumstances.

In addition to the credit risks associated with the Issuer, an investment in certain types of structured Securities, the premium and/or the interest on or principal of which is determined by reference to one or more values of currencies, commodities, interest rates or other indices or formulae, either directly or indirectly, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting interest rate will be less than that payable on a conventional debt security purchased at the same time and/or that an investor could lose all or a substantial portion of the principal of those Securities.

Neither the current nor the historical value of the relevant currencies, commodities, interest rates or other indices or formulae should be taken as an indication of future performance of such currencies, commodities, interest rates or other indices or formulae during the term of any Securities.

B. PROVISIONS APPLICABLE TO MTNS

Issuance in Series: MTNs may be issued by the Issuer in one or more Series having one or more Issue Dates and on terms otherwise identical (including as to listing) except for Interest Commencement Dates, Issue Prices or the amount of the first payment of interest. Each Series may be issued in one or more Tranches on the same or different Issue Dates. The MTNs of each Series are intended to be fungible with other MTNs of that Series (as applicable) unless otherwise specified in a Pricing Supplement.

Issue Price: MTNs may be issued at their principal amount or at a discount or premium to their principal amount.

Status and ranking: MTNs will be senior, direct, unconditional and unsecured obligations of the Issuer and rank equally among themselves and at least equally with all other present and future unsecured and unsubordinated obligations of the Issuer, except liabilities mandatorily preferred by law including, but

not limited to, sections 13A and 16 of the Banking Act and section 86 of the Reserve Bank Act.

MTNs rank senior to all subordinated and unsecured obligations of the Issuer, including the subordinated notes.

MTNs do not constitute deposit liabilities or protected accounts of the Issuer in Australia for the purposes of the Banking Act.

Priority of debts of an ADI:

See the paragraph entitled “Priority of liabilities and other amounts” in the Important Notice for a description of certain debts of an ADI that are mandatorily preferred by law.

Tenor: MTNs will be issued with a tenor of not less than 365 days (or as otherwise specified in the relevant Pricing Supplement).

Events of Default: Events of Default in relation to MTNs are specified in Condition 9 of the Conditions of the MTNs.

There is no cross default provision.

Interest: MTNs may be interest bearing or non-interest bearing. Interest (if any) may accrue at a fixed or variable rate or otherwise bear interest that is calculated by a formula or an index as specified in the relevant Pricing Supplement.

Redemption: MTNs may be redeemed prior to their scheduled maturity in certain circumstances more fully set out in Condition 5 of the Conditions of the MTNs and the relevant Pricing Supplement.

C. PROVISIONS APPLICABLE TO SUBORDINATED SECURITIES

Issuance in Series: Subordinated Securities may be issued in Series provided that the Optional Redemption Date of any tranche of Subordinated Securities must not be less than five years after the Issue Date of that tranche.

Issue Price: Subordinated Securities may be issued at their principal amount or at a discount or premium to their principal amount.

Status and ranking: Subordinated Securities will be direct, subordinated and unsecured obligations of the Issuer and claims in respect of Subordinated Securities shall rank in a winding up of the Issuer:

- after the claims in respect of Senior Ranking Obligations including claims preferred by applicable laws;
- equally amongst themselves and with claims in respect of Equal Ranking Securities; and

- ahead of all claims in respect of Junior Ranking Securities including claims referred to in sections 563AA and 563A of the Corporations Act.

The applicable laws referred to above include (but are not limited to) sections 13A and 16 of the Banking Act and section 86 of the Reserve Bank Act. These provisions provide that, in the event that the Issuer becomes unable to meet its obligations or suspends payment, its assets in Australia are to be available to meet its liabilities to, among others, APRA, the Reserve Bank of Australia and holders of protected accounts held in Australia, in priority to all other liabilities, including the Subordinated Securities.

Changes to applicable laws may extend the debts required to be preferred by law. The Subordinated Securities are not protected accounts or deposit liabilities of the Issuer for the purposes of the Banking Act and are not insured or guaranteed by the Australian Government or any governmental agency of Australia, including but not limited to the Australian Government's Financial Claims Scheme, or any other governmental agency of any other jurisdiction or by any other party.

Senior Ranking Obligations mean all present and future deposits and other liabilities, securities and other obligations of the Issuer which would be entitled to be admitted in the winding up of the Issuer (and including but not limited to obligations in respect of instruments issued before 1 January 2013 as Tier 2 Capital) other than Equal Ranking Securities and Junior Ranking Securities.

Equal Ranking Securities mean any instrument that ranks in a winding up of the Issuer as the most junior claim in the winding up of the Issuer ranking senior to Junior Ranking Securities, and includes:

- (a) if on issue at the commencement of the winding up of the Issuer, the JPY20,000,000,000 Perpetual Subordinated Callable Fixed/Floating Rate Reverse Dual Currency Securities issued by the Issuer in 1999; and
- (b) any other instruments, present and future, issued after 1 January 2013 as instruments constituting Tier 2 Capital.

Junior Ranking Securities mean:

- (a) any instrument, present and future, issued by the Issuer which qualifies as Tier 1 Capital or, in the case of any instrument issued prior to 1 January 2013, was treated as constituting Tier 1 Capital in accordance

with the prudential standards which applied prior to 1 January 2013, irrespective of whether or not such instrument is treated as constituting Tier 1 Capital in accordance with any transitional arrangements provided by APRA or which rank or are expressed to rank equally with such securities in a winding up of the Issuer; and

(b) all Ordinary Shares of the Issuer.

Priority of debts of an ADI:

See the paragraph entitled "Priority of liabilities and other amounts" in the Important Notice for a description of certain debts of an ADI that are mandatorily preferred by law.

Tenor: Subordinated Securities shall be issued with a minimum tenor of five years (or such greater amount as otherwise specified in the relevant Pricing Supplement).

Events of Default: Condition 12 of the Conditions of the Subordinated Securities specifies the Events of Default in relation to Subordinated Securities. These are strictly limited in accordance with the requirements for the Subordinated Securities to be eligible as Tier 2 Capital.

Interest: Subordinated Securities may be issued as Fixed Rate Subordinated Securities or Floating Rate Subordinated Securities. A Subordinated Security bears interest on its Outstanding Principal Amount, subject to the Conditions of the Subordinated Securities and the relevant Pricing Supplement.

Stamp duty: No stamp duty is payable in Australia on the issue, transfer or redemption of the Subordinated Securities. No stamp duty is payable in Australia on the issue of Ordinary Shares to a holder of Subordinated Securities on an Exchange (or on a subsequent transfer), provided that no person (alone or with associates) obtains or ends up holding an interest of 90% or more in CBA.

Redemption or Repurchase: The Issuer may elect to Redeem all or some Subordinated Securities on an Optional Redemption Date in accordance with the Conditions of the Subordinated Securities. This option is not exercisable before the fifth anniversary of the Issue Date of the Subordinated Securities (or such other later date(s) specified in the relevant Pricing Supplement).

In certain circumstances following notice by the Issuer, the Issuer may redeem all (but not some) Subordinated Securities if there is a material risk that, as a result of a change in laws of Australia (including following any announcement of a prospective change or amendment which has been or will be introduced) the Issuer would be exposed to a more than de minimis adverse tax consequence in relation to the

Subordinated Securities other than a tax consequence the Issuer expected as at the Issue Date.

In certain circumstances following notice by the Issuer, the Issuer may redeem all (but not some) Subordinated Securities if it determines that as a result of a change in the laws of Australia or a change in APRA's prudential standards (including following any announcement of a prospective change or amendment which has been or will be introduced) all or some or a percentage of Subordinated Securities are not or will not be treated as Tier 2 Capital of the CBA Group under APRA's prudential standards (as amended from time to time), other than as a result of a change of treatment expected by the Issuer as at the Issue Date.

The Issuer or any member of the CBA Group may, to the extent permitted by applicable laws and regulations, at any time purchase Subordinated Securities in the open market, by tender to all or some of the Subordinated Holders or by private agreement or otherwise at any price.

Early Redemption or Repurchase of Subordinated Securities is subject to the prior written approval of APRA.

Holders of Subordinated Securities should not expect that APRA's approval will be given for any early Redemption or Repurchase of Subordinated Securities.

No Set-Off:

To the maximum extent permitted by applicable law, the Subordinated Securities are not subject to netting and without limitation, none of the Issuer, any Subordinated Holder or any person claiming through any of them has any right of set-off in respect of any amounts owed by one person to the other person.

Non-Viability
Trigger Event:

A Non-Viability Trigger Event occurs when APRA notifies the Issuer in writing that it believes:

- (i) an Exchange or, if the relevant Subordinated Pricing Supplement (as defined below) specifies, Write Down of all or some Subordinated Securities, or conversion or write down of capital instruments of the CBA Group, is necessary because, without it, the Issuer would become non-viable; or
- (ii) a public sector injection of capital, or equivalent support, is necessary because, without it, the Issuer would become non-viable.

APRA may specify an aggregate face value of capital instruments which must be Exchanged, Written Down, converted or written down (as applicable).

Exchange or Write Down: If a Non-Viability Trigger Event occurs, the Issuer must:

- (i) Exchange; or
- (ii) if the relevant Subordinated Pricing Supplement specifies Write Down, Write Down,

such number of Subordinated Securities (or, if it so determines, such percentage of the Outstanding Principal Amount of each Subordinated Security) as is equal (taking into account any conversion or write down of other Relevant Securities) to the aggregate face value of capital instruments which APRA has notified the Issuer must be Exchanged, Written Down, converted or written down (or, if APRA has not so notified the Issuer, such number or, if the Issuer so determines, such percentage of the Outstanding Principal Amount of each Subordinated Security, as is necessary to satisfy APRA that the Issuer will no longer be non-viable). If a Non-Viability Trigger Event occurs in circumstances where APRA believes a public sector injection of capital, or equivalent support, is necessary because, without it, the Issuer would become non-viable, the Issuer must Exchange or, if the relevant Subordinated Pricing Supplement specifies, Write Down all Subordinated Securities.

In determining the number of Subordinated Securities, or percentage of the Outstanding Principal Amount of each Subordinated Security, which must be Exchanged, or Written Down, the Issuer will:

- (i) first, exchange, convert or write down the face value of any Relevant Tier 1 Securities whose terms require or permit, or are taken by law to require or permit, them to be exchanged, converted or written down before Exchange or Write Down of the Subordinated Securities;
- (ii) secondly, exchange, convert or write down the face value of any Relevant Tier 2 Securities whose terms require or permit, or are taken by law to require or permit, them to be exchanged, converted or written down before Exchange or Write Down of the Subordinated Securities; and
- (iii) thirdly, if exchange, conversion or write down of those securities is not sufficient, Exchange or Write Down (in the case of the Subordinated Securities) or exchange, convert or write down (in the case of any other Relevant Tier 2 Securities) on a pro-rata basis or in a manner that is otherwise, in the opinion of the Issuer, fair and reasonable, the Subordinated Securities and any other Relevant Tier 2 Securities whose terms require or permit, or are taken by law to require or

permit, them to be exchanged, converted or written down in that manner (subject to such adjustments as the Issuer may determine to take into account the effect on marketable parcels and whole numbers of Ordinary Shares and any Subordinated Securities or other Relevant Tier 2 Securities remaining on issue),

but such determination will not impede the immediate Exchange or Write Down of the relevant number of Subordinated Securities or percentage of the Outstanding Principal Amount of each Subordinated Security (as the case may be).

If, for any reason, Exchange of any Subordinated Security (or a percentage of the Outstanding Principal Amount of any Subordinated Security) required to be Exchanged fails to take effect and the Issuer has not otherwise issued the Ordinary Shares required to be issued in respect of such Exchange within five Business Days after the date of the occurrence of the Non-Viability Trigger Event, or if the relevant Subordinated Pricing Supplement specifies "Write Down", then the relevant Subordinated Holder's rights (including to payment of the Outstanding Principal Amount and Interest, and any right to receive Ordinary Shares) in relation to such Subordinated Securities or percentage of the Outstanding Principal Amount of the Subordinated Securities are immediately and irrevocably terminated (**Written Down**) and such termination will be taken to have occurred immediately on the date of the occurrence of the Non-Viability Trigger Event.

Subordinated Holders should note that the Issuer has no obligation to issue or keep on issue any Relevant Tier 1 Securities or Relevant Tier 2 Securities.

Additional Non-Viability Trigger Event Risk

Without in any way limiting the section above titled "Investment Risks", certain additional risks arise in respect of Subordinated Securities.

As outlined in the sections above titled "Non-Viability Trigger Event" and "Exchange or Write Down", Subordinated Securities are subject to a Non-Viability Trigger Event that could lead to Subordinated Securities being Exchanged or Written Down.

The inclusion of the Non-Viability Trigger Event in the conditions of capital securities is a requirement under APRA's prudential standards that have applied since 1 January 2013.

It should be noted that whether a Non-Viability Trigger Event will occur is at the discretion of APRA and there are currently no precedents for this. The circumstances in which APRA may exercise its discretion are not limited to when APRA may have a concern about a bank's capital levels but may also include

when APRA has a concern about a bank's funding and liquidity levels.

If one, or a combination, of general risks associated with the Issuer's businesses leads to a significant capital loss, or prolonged difficulties in raising funding or maintaining sufficient liquidity, the Issuer believes this may be the type of situation in which APRA becomes concerned and notifies the Issuer that it has become non-viable.

Subordinated Security Holders may receive Ordinary Shares on Exchange. If Subordinated Securities are Exchanged following the occurrence of a Non-Viability Trigger Event, the number of Ordinary Shares received is limited to the Maximum Exchange Number. There is a risk that Subordinated Security Holders will receive a number of Ordinary Shares with a value significantly less than the Outstanding Principal Amount.

If a Non-Viability Trigger Event occurs and Write Down is specified or Exchange is not effective and the Issuer has not otherwise issued Ordinary Shares within five Business Days after the date of the occurrence of the Non-Viability Trigger Event, then Subordinated Security Holders' rights (including to payment of the Outstanding Principal Amount and Interest, and any right to receive Ordinary Shares) in relation to such Subordinated Securities or percentage of the Outstanding Principal Amount of the Subordinated Securities are immediately and irrevocably terminated and such termination will be taken to have occurred immediately on the date of the occurrence of the Non-Viability Trigger Event. Subordinated Security Holders' investment will lose all of its value, the Outstanding Principal Amount will not be repaid and Subordinated Security Holders will not receive any compensation.

If Subordinated Securities are Exchanged following the occurrence of a Non-Viability Trigger Event, sale of Ordinary Shares issued on Exchange may be restricted by applicable Australian law, including, if the Issuer has not issued the disclosure required by the Corporations Act for the new Ordinary Shares, then restrictions apply on the sale of the new Ordinary Shares to certain investors within 12 months of their issue. However, these restrictions will not apply if CBA makes certain compliant disclosures at the time when the Subordinated Securities are issued.

The rights and liabilities attaching to Ordinary Shares are set out in the Constitution and are also regulated by the Corporations Act, ASX Listing Rules and other applicable laws. A summary of the Constitution, and the full Constitution, can be obtained from the Shareholder Centre at www.commbank.com.au.

- (f) headings are inserted for convenience and do not affect the interpretation of these Conditions.

1.3 Pricing supplement

Terms which are specified in any Pricing Supplement as having a defined meaning in relation to a Security have the same meaning when used in these Conditions, but if the Pricing Supplement gives no meaning or specifies that the definition is “Not Applicable” or “N/A”, then that definition is not applicable to that Security.

2 Form, denomination and title

2.1 Form

- (a) The Securities for a Series are debt obligations of the Issuer constituted by the MTN Deed Poll, and are issued in registered form by entry in the Register for that Series.
- (b) No certificate or other evidence of title to a Security will be issued unless the Issuer is required to do so by applicable law or regulation.

2.2 Denomination

- (a) Securities are issued in the Specified Denominations specified in the Pricing Supplement for those Securities. Securities may only be issued in Australia if:
 - (i) the aggregate consideration payable to the Issuer by the initial Holder is at least A\$500,000 (disregarding moneys lent by that Issuer or its associates) or if the Securities are otherwise issued in a manner which does not require disclosure to investors in accordance with Part 6D.2 or Part 7.9 of the Corporations Act; and
 - (ii) the issue is not to a retail client (as defined in Section 761G of the Corporations Act); and
 - (iii) does not require lodging any document under Division 5 of Part 6D.2 or under Part 7 of the Corporations Act.
- (b) Securities may only be issued by the Issuer in a jurisdiction or jurisdictions other than Australia if the issue is in compliance with the laws and directives of the jurisdiction in which the issue or sale is made and the Securities are otherwise issued or sold in a manner that does not require disclosure to investors under the laws or directives of that jurisdiction or those jurisdictions.
- (c) Securities are denominated in Australian Dollars unless otherwise agreed with the Registrar, such currency to be specified in the relevant Pricing Supplement as the Specified Denomination.

2.3 Title

(a) Entry of the name of the person:

- (i) purchasing; or
- (ii) the transferee of,

a Security on the Register for a Series at the relevant time constitutes the passing of title of that Security and will be conclusive evidence of that person's entitlements to receive interest and repayment of principal and any other amount in the manner provided for in these Conditions (subject to rectification for fraud or error).

(b) A Security registered in the name of more than one person is held by those persons as joint tenants (unless requested otherwise and in a form satisfactory to the Issuer).

(c) Securities will be registered by name only without reference to any trusteeship. Neither the Issuer nor the Registrar is, except as required by law, obliged to take notice of any other claim to a Security.

2.4 Independent obligations

Each entry in the Register for a Series evidences a separate and independent obligation owing by the Issuer to the relevant Holder, which that Holder may enforce without joining any other Holder, any previous Holder or the Registrar.

2.5 Location of Register

The Register for a Series will be established and maintained by the Registrar at its Registry Office in Sydney unless otherwise specified in the relevant Pricing Supplement.

2.6 Austraclear and other Clearing Systems

If Securities are to be issued through the Austraclear System, the Securities will be held by and entered in the name of Austraclear as nominee for the Austraclear Participant (as defined in the Austraclear Regulations) in whose Security Record (as defined in the Austraclear Regulations) those securities are registered. While those Securities remain in the Austraclear System, all dealings (including transfers and payments) in relation to those Securities within the Austraclear System will be governed by the Austraclear Regulations and need not comply with these Conditions to the extent of any inconsistency.

Securities may be held in any other Clearing System, in which case the rights of a person holding an interest in the Securities lodged in that Clearing System are subject to the rules and regulations of that Clearing System.

2.7 Acknowledgment

While Austraclear Services Limited is the Registrar for a Series and where Austraclear is recorded in the Register as the Holder and the Security is lodged in the Austraclear System:

- (a) each Owner (as defined in the Austraclear Regulations) of that Security is taken to acknowledge in favour of the Registrar and Austraclear that the Registrar's decision to act as the Registrar of the Security does not constitute a recommendation or endorsement by the Registrar or Austraclear of the Security, but only indicates that the Registrar considers that the Security is compatible with its obligations as Registrar under Registry Services Agreement; and
- (b) an obligation imposed on a Holder by these Conditions is a personal obligation on the Owner of that Security even though it is not the registered holder of that Security; and
- (c) an obligation imposed on Austraclear by these Conditions in its capacity as the registered Holder of that Security is limited to the extent that it is able to procure in accordance with the Austraclear Regulations, that the Owner of that Security complies with that obligation.

3 Status and ranking

- (a) MTNs are senior, direct, unconditional and unsecured obligations of the Issuer and rank equally among themselves and at least equally with all other present and future unsecured and unsubordinated obligations of the Issuer, except liabilities mandatorily preferred by law including, but not limited to, sections 13A and 16 of the Banking Act and section 86 of the Reserve Bank Act 1959 (Cth).
- (b) MTNs rank senior to all subordinated and unsecured obligations of the Issuer, including the subordinated notes.
- (c) MTNs do not constitute deposit liabilities or protected accounts of the Issuer in Australia for the purposes of the Banking Act.

4 Interest and other calculations

4.1 Interest on Fixed Rate Securities

- (a) Subject to paragraphs (b) and (c) below, each Fixed Rate Security bears interest on its Outstanding Principal Amount from, and including, the Interest Commencement Date to but excluding its Maturity Date or the date of any earlier redemption of a Security in accordance with the Conditions, at the Interest Rate. Interest is payable in arrear on each Interest Payment Date.
- (b) The first payment of interest on a Fixed Rate Security will be made on the first Interest Payment Date following its Interest Commencement Date and, if the first Interest Period is shorter than subsequent Interest Periods, will be equal to the Initial Broken Amount as specified in the relevant Pricing Supplement.
- (c) If the Maturity Date of a Fixed Rate Security is not an Interest Payment Date, interest from (and including) the preceding Interest Payment Date (or the Interest Commencement Date, as the case may be) to (but excluding) the Maturity Date will be payable on the Maturity Date and will be equal to the Final Broken Amount specified in the relevant Pricing Supplement.

4.2 Interest on Floating Rate Securities and Index Linked Interest Securities

- (a) *Interest Payment Dates:* Each Floating Rate Security and Index Linked Interest Security bears interest on its outstanding Notional Amount from, and including, the Interest Commencement Date to, but excluding, its Maturity Date or the date of any earlier redemption of a Security in accordance with the Conditions, at the Interest Rate. Interest is payable in arrear on each Interest Payment Date. Such Interest Payment Date(s) is/are either specified in the relevant Pricing Supplement as the Interest Payment Date(s) or, if no Interest Payment Date(s) are specified, Interest Payment Date means each date which falls the number of months or other period specified in the relevant Pricing Supplement as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (b) *Interest Rate for Floating Rate Securities:* The Interest Rate for each Floating Rate Security for each Interest Period will be calculated as follows, unless otherwise specified in the relevant Pricing Supplement:
- (i) the Interest Rate for each Interest Period in relation to that Floating Rate Security will be the BBSW Rate for that Interest Period plus or minus (as indicated in that Pricing Supplement) the Margin (if any) on the Floating Rate Security specified in that Pricing Supplement;
 - (ii) each Holder shall be deemed to acknowledge, accept and agree to be bound by, and consents to, the determination of, substitution for and any adjustments made to the BBSW Rate as described in this Condition 4.2(b) and in Condition 4.5 (in all cases without the need for any Holder consent). Any determination, decision or election (including a decision to take or refrain from taking any action or as to the occurrence or non-occurrence of any event or circumstance), and any substitution for and adjustments made to, the BBSW Rate and in each case made in accordance with this Condition 4.2(b) and Condition 4.5, will, in the absence of manifest or proven error, be conclusive and binding on the Issuer, the Noteholder and the Calculation Agent and, notwithstanding anything to the contrary in these Conditions or other documentation relating to the Securities, shall become effective without the consent of any person; and
 - (iii) If the Calculation Agent is unwilling or unable to determine a necessary rate, adjustment, quantum, formula, methodology or other variable in order to calculate the applicable Interest Rate, such rate, adjustment, quantum, formula, methodology or other variable will be determined by the Issuer (acting in good faith and in a commercially reasonable manner) or, an alternate financial institution (acting in good faith and in a commercially reasonable manner) appointed by the Issuer (in its sole discretion) to so determine.
- (c) *Interest Rate for Index Linked Interest Securities:* The Interest Rate in respect of Index Linked Interest Securities for each Interest Period will be determined in the manner specified in the relevant Pricing Supplement and interest will accrue by reference to an Index or formula as specified in the relevant Pricing Supplement.

4.3 Margin

If a Margin is specified in the Pricing Supplement, either:

- (a) generally; or
- (b) in relation to one or more Interest Periods,

an adjustment will be made to all Interest Rates in the case of paragraph (a), or the Interest Rate for the specified Interest Periods, in the case of paragraph (b), calculated in accordance with Condition 4.2 above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin to or from the Benchmark Rate, subject to the Maximum Interest Rate or Minimum Interest Rate.

4.4 Maximum/Minimum Interest Rates

- (a) If the Pricing Supplement for a Floating Rate Security specifies a Minimum Interest Rate for any Interest Period and if the Interest Rate in respect of the Interest Period, determined in accordance with the other provisions of Condition 4.2 or the Pricing Supplement, is less than the Minimum Interest Rate, then the Interest Rate for such Interest Period will be the Minimum Interest Rate.
- (b) If the Pricing Supplement for a Floating Rate Security specifies a Maximum Interest Rate for any Interest Period and if the Interest Rate in respect of the Interest Period, determined in accordance with the other provisions of Condition 4.2 or the Pricing Supplement, is greater than the Maximum Interest Rate, the Interest Rate for the Interest Period will be the Maximum Interest Rate.

4.5 Fallback Interest Rate – Floating Rate Security

If:

- (a) a Temporary Disruption Trigger has occurred; or
- (b) a Permanent Discontinuation Trigger has occurred,

then the BBSW Rate for that Interest Period, whilst such Temporary Disruption Trigger is continuing or after a Permanent Discontinuation Trigger has occurred, means (in the following order of application and precedence):

- (i) where BBSW Rate is the Applicable Benchmark Rate, if a Temporary Disruption Trigger has occurred with respect to the BBSW Rate, in the following order of precedence:
 - (A) first, the Administrator Recommended Rate;
 - (B) then the Supervisor Recommended Rate; and
 - (C) lastly, the Final Fallback Rate;
- (ii) if a Temporary Disruption Trigger has occurred with respect to AONIA or a determination of the AONIA Rate is required for the purposes of paragraph (i)

above, the rate for any day for which AONIA is required will be the last provided or published level of AONIA;

- (iii) where a determination of the RBA Recommended Rate is required for the purposes of paragraph (i) or (ii) above, if a Temporary Disruption Trigger has occurred with respect to the RBA Recommended Rate, the rate for any day for which the RBA Recommended Rate is required will be the last rate provided or published by the Administrator of the RBA Recommended Rate (or if no such rate has been so provided or published, the last provided or published level of AONIA);
- (iv) where BBSW Rate is the Applicable Benchmark Rate, if a Permanent Discontinuation Trigger has occurred with respect to the BBSW Rate, the rate for any day for which the BBSW Rate is required on or after the Permanent Fallback Effective Date will be the first rate available in the following order of precedence:
 - (A) first, if at the time of the Permanent Fallback Effective Date in respect of the BBSW Rate, no Permanent Fallback Effective Date in respect of AONIA has occurred, the AONIA Rate;
 - (B) then, if at the time of the Permanent Fallback Effective Date in respect of a BBSW Rate, a Permanent Fallback Effective Date in respect of AONIA has occurred, an RBA Recommended Rate has been created but no Permanent Fallback Effective Date in respect of a RBA Recommended Rate has occurred, the RBA Recommended Fallback Rate; and
 - (C) lastly, if neither paragraph (A) nor paragraph (B) above apply, the Final Fallback Rate;
- (v) if a determination of the AONIA Rate is required for the purposes of sub-paragraph 4.5(b)(iv)(A), if a Permanent Discontinuation Trigger has occurred with respect to AONIA, the rate for any day for which AONIA is required on or after the AONIA Permanent Fallback Effective Date will be the first rate available in the following order of precedence:
 - (A) first, if at the time of the Permanent Fallback Effective Date in respect of AONIA, an RBA Recommended Rate has been created but no Permanent Fallback Effective Date in respect of an RBA Recommended Rate has occurred, the RBA Recommended Rate; and
 - (B) lastly, if paragraph (A) above does not apply, the Final Fallback Rate; and
- (vi) where a determination of the RBA Recommended Rate is required for the purposes of sub-paragraphs (iv) or (v) above, respectively, if a Permanent Discontinuation Trigger has occurred with respect to the RBA Recommended Rate, the rate for any day for which the RBA Recommended Rate is required on or after that Permanent Fallback Effective Date will be the Final Fallback Rate.

When calculating an amount of interest in circumstances where a Fallback Rate other than the Final Fallback Rate applies, that interest will be calculated as if references to

the BBSW Rate or AONIA Rate (as applicable) were references to that Fallback Rate. When calculating interest in circumstances where the Final Fallback Rate applies, the amount of interest will be calculated on the same basis as if the Applicable Benchmark Rate in effect immediately prior to the application of that Final Fallback Rate remained in effect but with necessary adjustments to substitute all references to that Applicable Benchmark Rate with corresponding references to the Final Fallback Rate.

4.6 Rounding

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified in the relevant Pricing Supplement):

- (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up);
- (b) all figures will be rounded to four decimal places (with halves being rounded up); and
- (c) all amounts that fall due and payable will be rounded to the nearest cent (with halves being rounded up).

4.7 Accrual of interest

Interest will cease to accrue on each Security on its redemption date (being its Maturity Date or, if redeemed prior to its Maturity Date in accordance with these Conditions, such earlier redemption date) unless payment is improperly withheld or refused, in which case interest will continue to accrue (after as well as before any demand or judgment) on the Outstanding Principal Amount of the Security at the then applicable Interest Rate in the manner provided in this Condition 4 to the Relevant Date.

4.8 Calculations

The amount of interest payable in respect of each Security for any Interest Period is calculated by multiplying the product of the applicable Interest Rate and the Outstanding Principal Amount or the outstanding Notional Amount, as the case may be, of the relevant Security by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in the Pricing Supplement in respect of that period, in which case the amount of interest payable in respect of that Security for that period will equal that Interest Amount (or be calculated in accordance with that relevant formula). Where any Interest Period comprises two or more Interest Periods, the amount of interest payable in respect of that Interest Period will be the sum of the amounts of interest payable in respect of each of those Interest Periods.

4.9 Determination and publication of Interest Rate and other amounts

- (a) The Issuer must ensure that the Calculation Agent for a Series will, and the Calculation Agent must:
 - (i) determine the Interest Rate and calculate the amount of interest payable and determine or calculate, as applicable, any other rate or amount, or obtain any quotation required under these Conditions (including but not limited to calculation of Interest Amounts in respect of each Specified Denomination of the Securities for the relevant Interest

Period, the Final Redemption Amount, Early Redemption Amount, Instalment Amount or Optional Redemption Amount); and

- (ii) notify the Registrar (and the Issuer, if the Issuer is not the Calculation Agent) as soon as practicable on or after such determination, calculation or quotation is made.
- (b) The Issuer must ensure that the Registrar will, and the Registrar must, notify the Holders of the calculation, determination or quotation, as applicable, as required by the Issuer, to the address of the Holders recorded in the Register, any other Calculation Agent appointed in respect of the Securities that is to make a further calculation upon receipt of such information and, if the Securities are listed on a stock exchange and the rules of that exchange so require, notify that exchange as soon as possible after the calculation, determination or quotation but in no event later than:
- (i) the commencement of the relevant Interest Period, if determined prior to that time in the case of notification of a Interest Rate and Interest Amount, or
 - (ii) in all other cases, the fourth Business Day after such determination.
- (c) Where any Interest Payment Date or Interest Period is subject to adjustment pursuant to the application of a Business Day Convention, the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.
- (d) If the Securities become due and payable under Condition 9, the accrued interest and the Interest Rate payable in respect of the Securities will nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Interest Rate or the Interest Amount so calculated need be made.
- (e) The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) is, in the absence of manifest error, final and binding on all parties.

4.10 Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4 will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Calculation Agent, the Registrar and all Holders. In the absence of wilful default, bad faith or manifest error the Calculation Agent will not be liable to the Issuer or the Holders, in connection with the exercise or non-exercise by the Calculation Agent of its powers, duties and discretions.

4.11 Zero Coupon Securities

If the amount due and payable in relation to a Zero Coupon Security on its Maturity Date is not paid when due, the Interest Rate for any overdue principal of that Security will be a rate per annum (expressed as a percentage) equal to the Amortisation Yield.

5 Redemption, purchase and options

5.1 Redemption by instalments and final redemption at maturity

- (a) Unless previously redeemed or purchased and cancelled as provided in these Conditions or unless the relevant Instalment Date (being one of the dates so specified in the relevant Pricing Supplement) is extended pursuant to these Conditions or any provision of the relevant Pricing Supplement, each Security that provides for Instalment Dates and Instalment Amounts will be partially redeemed on each Instalment Date at the related Instalment Amount specified in the Pricing Supplement. The Outstanding Principal Amount of each such Security will be reduced by the Instalment Amount (or if such Instalment Amount is calculated by reference to a proportion of the Notional Amount of such Security, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount will remain outstanding until the Relevant Date relating to such Instalment Amount.
- (b) Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended pursuant to the Conditions or any provision of the relevant Pricing Supplement, each Security will be finally redeemed on the Maturity Date specified in the Pricing Supplement at its Final Redemption Amount or, in the case of a Security falling within paragraph (a) above, its final Instalment Amount.

5.2 Redemption for taxation reasons

If, as a result of any change in or amendment to the laws or regulations of the Commonwealth of Australia or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of any Security (as specified in the Pricing Supplement), the Issuer has or will become obliged to pay any additional amounts as provided in Condition 8, the Issuer may at its option, at any time (if the Security is neither a Floating Rate Security nor an Index Linked Interest Security) or on any Interest Payment Date (in the case of Floating Rate Securities or Index Linked Interest Securities) on giving not more than 60 nor less than 30 days' notice to the Holders of the relevant Series (which notice will be irrevocable) redeem all, but not some only, of the Securities of the relevant Series at their Early Redemption Amount together with interest accrued to the date fixed for redemption, provided that no such notice of redemption will be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Securities then due. Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer must deliver to the Registrar a certificate signed by two Authorised Officers or the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of the facts showing that the conditions precedent to the right of the Issuer to redeem have occurred.

5.3 Early redemption of Zero Coupon Securities

- (a) The Early Redemption Amount payable in relation to any Zero Coupon Security, where that amount is not linked to either or both an index or a formula, on redemption of that Security pursuant to Condition 5.2, 5.4 or 5.5 or upon it

becoming due and payable as provided in Condition 9, is the Amortised Face Amount (calculated as provided below) of that Security.

- (b) Subject to the provisions of subparagraph (c) below, the **Amortised Face Amount** of any Zero Coupon Security is the scheduled Final Redemption Amount of that Security on the Maturity Date discounted to the date of its early redemption at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is set out in the Pricing Supplement, will be such rate as would produce an Amortised Face Amount equal to the Issue Price of the Securities if such Securities were discounted back from the Maturity Date to the relevant Issue Date) compounded annually. Where such calculation is to be made for a period of less than one year, it will be made on the basis of the Day Count Fraction set out in the Pricing Supplement.
- (c) If the Early Redemption Amount payable in relation to any Zero Coupon Security on its redemption pursuant to Condition 5.2, 5.4 or 5.5 or upon it becoming due and payable as provided in Condition 9, is not paid when due, the Early Redemption Amount due and payable in respect of that Security will be the Amortised Face Amount of that Security as defined in subparagraph (b) above, except that the reference in that subparagraph to Maturity Date is replaced by a reference to the Relevant Date. The calculation of the Amortised Face Amount in accordance with this subparagraph shall continue to be made (after, as well as before, judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Security on the Maturity Date together with any interest that may accrue in accordance with Condition 4.7. Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction.

5.4 Redemption at the option of the Issuer and exercise of the Issuer's options

- (a) If a "Call Option" is specified in the relevant Pricing Supplement as being applicable to a Series, the Issuer may, on an Optional Redemption Date, having given not less than 15 nor more than 30 days' prior irrevocable notice (subject to such other notice period as may be specified in the Pricing Supplement under "Option Exercise Date") to the Holders (with a copy to the Registrar), redeem all or, if so provided, some of the Securities at their Optional Redemption Amount together with accrued but unpaid interest (if any). If only some of the Securities are to be redeemed at the option of the Issuer, such redemption must be for an amount at least equal to the minimum (if any) specified in the relevant Pricing Supplement (**Minimum Redemption Amount**) and no greater than the maximum amount (if any) specified in the relevant Pricing Supplement (**Maximum Redemption Amount**).
- (b) In the case of a redemption of some but not all of the Securities of a Series (a **partial redemption**), Securities to be redeemed will be selected individually by the Issuer in its absolute and unfettered discretion subject to compliance with any applicable laws and stock exchange requirements not less than 15 days prior to the date fixed for redemption.
- (c) Each notice of redemption will specify the date fixed for redemption and, in the case of a partial redemption, the Optional Redemption Amount to be redeemed and the aggregate Outstanding Principal Amount which will be outstanding after the partial redemption. In addition, in the case of a partial redemption,

such notice will specify that the Registrar will not be required to register transfers of Securities called for partial redemption.

5.5 Redemption at the option of Holders and exercise of Holders' options

- (a) If a "Put Option" is specified in the relevant Pricing Supplement as being applicable to a Series, the Issuer must, at the option of the relevant Holder and on the Holder giving not less than 15 nor more than 30 days' prior notice to the Issuer (or such other notice period as may be specified in the Pricing Supplement under "Option Exercise Date") in accordance with paragraph (b) below, redeem the relevant Securities on the Optional Redemption Date(s) so provided at its Optional Redemption Amount together with any accrued but unpaid interest.
- (b) To exercise the put option above or any other Holder's option that may be set out in the relevant Pricing Supplement, the Holder must complete, sign and deliver to the Registrar within the notice period, a redemption notice (in the form obtainable from the Issuer) together with any Certificate held by the Holder relating to the Securities to be transferred and such evidence as the Registrar may require to establish the rights of that Holder to the relevant Securities. Any such notice may only be withdrawn with the prior consent of the Issuer or if, prior to the due date for its redemption or the exercise of the option, the relevant Security becomes immediately due and payable.

5.6 Purchase

The Issuer is taken to represent as at the date of issue of each Security, that it does not know or have any reasonable grounds to suspect that that Security or any interest in or right in respect of that Security is being or will later be, acquired either directly or indirectly by an Offshore Associate of the Issuer acting other than in the capacity of a dealer, manager or underwriter in relation to the placement of the Securities or a clearing house, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act.

The Issuer may, to the extent permitted by applicable laws and regulations, at any time purchase Securities in the open market, by tender to all or some of the Holders or by private agreement or otherwise at any price. Securities purchased by or for the account of the Issuer may be cancelled or re-sold, at the option of the Issuer.

5.7 Cancellation

All Securities redeemed by the Issuer, or which are repurchased by the Issuer and which the Issuer elects to cancel, will be cancelled forthwith and all liabilities and obligations of the Issuer in connection with those Securities so redeemed or cancelled will be discharged.

6 Payments

6.1 Payments by the Issuer

- (a) Payments in respect of interest or principal on any Security made by the Issuer to Holders will be made in accordance with details recorded with the Registrar by 5.00 pm local Registry Office time on the relevant Record Date.

- (b) When a Security is recorded in the Register as being held jointly, payment of interest or principal (as the case may be) by the Issuer will be made to the Holders in their joint names unless requested otherwise (and in a form satisfactory to the Issuer) by 5.00 pm local Registry Office time on the relevant Record Date.

6.2 Method of payment

Payments on each Security will be made:

- (a) where the Securities are lodged in the Austraclear System, by crediting on the relevant Interest Payment Date or Maturity Date (determined in accordance with the Business Day Convention specified in the relevant Pricing Supplement) the amount then due to the relevant Holder in accordance with the Austraclear Regulations; or
- (b) if the relevant Securities have not been lodged or are removed from the Austraclear System, by crediting on the relevant Interest Payment Date, in the case of payment of interest, or the Maturity Date, in the case of payments of principal, the amount then due to a bank account in Australia previously notified by the Holder to the Registrar. Each Interest Payment Date and Maturity Date shall be determined in accordance with the Business Day Convention specified in the relevant Pricing Supplement. If an account is not specified to the Registrar by 5.00 pm local Registry Office time on the relevant Record Date, payments in respect of the relevant Security will be made by cheque mailed on the Business Day immediately preceding the relevant Interest Payment Date (in the case of payments of interest) or on the due date for repayment or redemption (in the case of payments of principal) at the Holder's risk, to the address of the Holder (or to the first-named of joint Holders) appearing in the Register as at 5.00 pm local Registry Office time on the relevant Record Date. Cheques despatched to the nominated address of a Holder in accordance with this Condition will be taken to have been received by the Holder on the relevant Interest Payment Date (in the case of payments of interest) or the due date for payment or redemption (in the case of payments of principal) and no further amount will be payable by the Issuer as a result of payment not being received by the Holder on the due date.

No payment of interest will be mailed to an address in the United States or transferred to an account maintained by the Holder in the United States.

6.3 Payments subject to fiscal laws

All payment are subject in all cases to:

- (a) any applicable laws, regulations and directives, but without prejudice to the provisions of Condition 8; and
- (b) any withholding or deduction required pursuant to FATCA. Any such amounts withheld or deducted will be treated as paid for all purposes under the Securities and no additional amounts will be paid on the Securities with respect to any such withholding or deduction.

6.4 Currency indemnity

The Issuer waives any right it has in any jurisdiction to pay an amount other than in the currency in which it is due. However, if a Holder receives an amount in a currency other than the currency in which it is due:

- (a) it may convert the amount received into the due currency (even though it may be necessary to convert through a third currency to do so) on the day and at such rates (including spot rate, same day value rate or value tomorrow rate) as it reasonably considers appropriate. It may deduct its usual costs in connection with the conversion; and
- (b) the Issuer satisfies its obligation to pay in the due currency only to the extent of the amount of the due currency obtained from the conversion after deducting the costs of the conversion

6.5 Appointment of agents

The Registrar and (if appointed) the Calculation Agent in relation to a Series act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Holder. The Issuer reserves the right at any time to vary or terminate the appointment of the Registrar or (if appointed) the Calculation Agent of any Series, provided that the Issuer will at all times maintain (i) a Registrar, (ii) one or more Calculation Agent(s) where the Conditions so require, and (iii) such other agents as may be required by the rules of any stock exchange, listing authority and/or quotation system on which the Securities may be admitted to listing, trading and/or quotation. Notice of any change to the specified office of the Registrar or the Calculation Agent must be given promptly to the Holders in accordance with Condition 13.

6.6 Prescription against overdue claims

Claims against the Issuer for payment under a Security are void unless made within 5 years from the date on which the payment first became due.

6.7 Payments on Business Days

If any payment:

- (a) is due on a day which is not a Business Day, then the due date for payment will be adjusted in accordance with the applicable Payment Business Day Convention; or
- (b) is to be made to a bank account on a day on which banks are not open for general banking business in the place in which the account is located, the Holder is not entitled to payment of such amount until the next day (other than a Saturday, Sunday or public holiday) on which banks in such place are open for general banking business, and is not entitled to payment of any additional amount in respect of such delay in payment.

7 Transfer

7.1 Transfer procedures

- (a) Unless Securities are lodged in a Clearing System, and subject to Condition 7.2, all applications to transfer Securities must be made by lodging with the Registrar a properly completed transfer and acceptance form (in such form as the Issuer and the Registrar approves in accordance with market practice at the relevant time) signed by the transferor and transferee. Any Certificate relating to the Securities to be transferred must also be surrendered to the Registrar at the same time. Each Registry Office will provide prompt marking and transfer services. The Registrar may also require evidence to prove the identity of the transferor or the transferor's right to transfer the Security. The transfer takes effect upon the transferee's name being entered on the Register.
- (b) Securities lodged in a Clearing System will be transferable only in accordance with the rules and regulations of that Clearing System.

7.2 Transfer restrictions

Unless otherwise specified in the Pricing Supplement, Securities may only be transferred:

- (a) within, to or from Australia in the denominations specified in the Pricing Supplement and if the consideration payable at the time transfer is a minimum amount of A\$500,000 (in either case, disregarding moneys lent by the transferor or its associates) or if the offer or invitation giving rise to the transfer otherwise does not constitute an offer or invitation for which disclosure is required to be made to investors in accordance with Part 6D.2 or Part 7.9 of the Corporations Act and the transfer is not made to a retail client as defined in Section 761G of the Corporations Act and does not require lodging any document under Division 5 of Part 6D.2 or under Part 7 of the Corporations Act.
- (b) between persons in a jurisdiction or jurisdictions other than Australia if the transfer and all conduct connected with the transfer complies with the relevant laws and directives of the relevant jurisdiction in which the transfer takes place.

7.3 Partial transfers

- (d) to, or to a third party on behalf of, an Australian resident Holder or a non-resident Holder who is engaged in carrying on business in Australia at or through a permanent establishment of the non-resident in Australia, if that person has not supplied an appropriate tax file number, Australian business number or other exemption details; or

reasonable grounds to suspect that the Holder or a beneficial owner of Securities may be subject to any withholding or deduction required pursuant to FATCA, and may deal with such payment and the Holder's Securities in accordance with FATCA. If any withholding or deduction arises under or in connection with FATCA, the Issuer will not be required to pay any further amounts on account of such withholding or deduction or otherwise reimburse or compensate, or make any payment to, a Holder or a beneficial owner of Securities for or in respect of any such withholding or deduction.

If a Non-Viability Trigger Event occurs under Condition 4.1(a)(ii), the Issuer must Exchange or, if the Subordinated Pricing Supplement specifies, Write Down all Subordinated Securities.

- (c) In determining the number of Subordinated Securities, or percentage of the Outstanding Principal Amount of each Subordinated Security, which must be Exchanged, or Written Down, in accordance with this Condition, the Issuer will:
- (i) first, exchange, convert or write down the face value of any Relevant Tier 1 Securities whose terms require or permit, or are taken by law to require or permit, them to be exchanged, converted or written down before Exchange or Write Down of the Subordinated Securities;
 - (ii) secondly, exchange, convert or write down the face value of any Relevant Tier 2 Securities whose terms require or permit, or are taken by law to require or permit, them to be exchanged, converted or written down before Exchange or Write Down of the Subordinated Securities; and
 - (iii) thirdly, if exchange, conversion or write down of those securities is not sufficient, Exchange or Write Down (in the case of the Subordinated Securities) or exchange, convert or write down (in the case of any other Relevant Tier 2 Securities) on a pro-rata basis or in a manner that is otherwise, in the opinion of the Issuer, fair and reasonable, the Subordinated Securities and any other Relevant Tier 2 Securities whose terms require or permit, or are taken by law to require or permit, them to be exchanged, converted or written down in that manner (subject to such adjustments as the Issuer may determine to take into account the effect on marketable parcels and whole numbers of Ordinary Shares and any Subordinated Securities or other Relevant Tier 2 Securities remaining on issue),

but such determination will not impede the immediate Exchange or Write Down of the relevant number of Subordinated Securities or percentage of the Outstanding Principal Amount of each Subordinated Security (as the case may be).

- (d) If a Non-Viability Trigger Event occurs and the Subordinated Pricing Supplement does not specify Write Down, then:
- (i) the relevant number of Subordinated Securities, or percentage of the Outstanding Principal Amount of each Subordinated Security, must be Exchanged immediately upon occurrence of the Non-Viability Trigger Event in accordance with Conditions 4.2 and 5 and the Exchange will be irrevocable;
 - (ii) the Issuer must give notice as soon as practicable that Exchange has occurred to the Registrar and the Subordinated Holders;
 - (iii) the notice must specify the date on which the Non-Viability Trigger Event occurred; and
 - (iv) the notice must specify the details of the Exchange process, including any details which were taken into account in relation to the effect on marketable parcels and whole numbers of Ordinary Shares, and the impact on any Subordinated Securities remaining on issue.

- (e) If a Non-Viability Trigger Event occurs and the Subordinated Pricing Supplement specifies Write Down, then:
 - (i) the relevant number of Subordinated Securities, or percentage of the Outstanding Principal Amount of each Subordinated Security, must be Written Down immediately upon occurrence of the Non-Viability Trigger Event in accordance with Condition 4.3 and the Write Down will be irrevocable;
 - (ii) the Issuer must give notice as soon as practicable that Write Down has occurred to the Registrar and the Subordinated Holders; and
 - (iii) the notice must specify the date on which the Non-Viability Trigger Event occurred.
- (f) Failure to undertake any of the steps in Conditions 4.1(d) and 4.1(e) does not prevent, invalidate or otherwise impede Exchange or Write Down respectively.
- (g) For the purposes of the foregoing, where the specified currency of the face value of Relevant Tier 1 Securities, Relevant Tier 2 Securities and/or Subordinated Securities (as applicable) is not the same, the Issuer may treat them as if converted into a single currency of the Issuer's choice at such rate of exchange as the Issuer in good faith considers reasonable.

4.2 Exchange

- (a) If a Non-Viability Trigger Event has occurred and all or some of the Subordinated Securities (or percentage of the Outstanding Principal Amount of each Subordinated Security) are required to be Exchanged in accordance with Condition 4.1, then:
 - (i) Exchange of the relevant Subordinated Securities or percentage of the Outstanding Principal Amount of each Subordinated Security will occur in accordance with Conditions 4.1 and 5 immediately upon the date of occurrence of the Non-Viability Trigger Event; and
 - (ii) the entry of the corresponding Subordinated Security in each relevant Subordinated Holder's holding in the Register will constitute an entitlement of that Subordinated Holder (or, where Condition 5.10 applies, of the nominee) to the relevant number of Ordinary Shares (and, if applicable, also to any remaining balance of the Subordinated Securities or remaining percentage of the Outstanding Principal Amount of each Subordinated Security), and the Issuer will recognise the Subordinated Holder (or, where Condition 5.10 applies, the nominee) as having been issued the relevant Ordinary Shares for all purposes,

in each case without the need for any further act or step by the Issuer, the Subordinated Holder or any other person (and the Issuer will, as soon as possible thereafter and without delay on the part of the Issuer, take any appropriate procedural steps to record such Exchange, including updating the Register and the Ordinary Share register and seek quotation of Ordinary Shares issued on Exchange).

- (b) For the avoidance of doubt:
 - (i) nothing in this Condition 4.2 allows a payment to be made to a Subordinated Holder upon Exchange; and
 - (ii) Exchange under this Condition 4.2 takes priority over a notice for Redemption issued under Conditions 7.2, 7.3 or 7.4 and any notice of redemption outstanding at the time a Non-Viability Trigger Event occurs will be automatically revoked and of no effect.

4.3 No further rights if Exchange cannot occur or Write Down is specified

If:

- (a) for any reason, Exchange of any Subordinated Security (or a percentage of the Outstanding Principal Amount of any Subordinated Security) required to be Exchanged under Condition 4.1 fails to take effect under Condition 4.2 and the Issuer has not otherwise issued the Ordinary Shares required to be issued in respect of such Exchange within five Business Days after the date of the occurrence of the Non-Viability Trigger Event; or
- (b) the Subordinated Pricing Supplement specifies Write Down,

then the relevant Subordinated Holder’s rights (including to payment of the Outstanding Principal Amount and Interest, and any right to receive Ordinary Shares) in relation to such Subordinated Securities or percentage of the Outstanding Principal Amount of the Subordinated Securities are immediately and irrevocably terminated (**Written Down**) and such termination will be taken to have occurred immediately on the date of the occurrence of the Non-Viability Trigger Event.

5 General provisions applicable to Exchange

5.1 Exchange

On the Exchange Date, subject to Condition 4.3 and Condition 5.10, the following will apply:

- (a) The Issuer will allot and issue the Exchange Number of Ordinary Shares for each Subordinated Security (or percentage of the Outstanding Principal Amount of each Subordinated Security) required to be Exchanged. The Exchange Number is, subject always to the Exchange Number being no greater than the Maximum Exchange Number, calculated according to the following formula:

$$\text{Exchange Number} = \frac{\text{Outstanding Principal Amount} \times \text{Exchange Date Cross Rate}}{P \times \text{VWAP}}$$

where:

Exchange Date Cross Rate means (a) if the Specified Currency is Australian dollars, 1; or (b) otherwise, the average (rounded to six decimal places) of the

inverse AUD/Specified Currency exchange rates published by the Reserve Bank of Australia at approximately 4.00 p.m. (Sydney time) on each of the Business Days during the five Business Day period immediately preceding (but excluding) the Exchange Date or, if such exchange rate is not published by the Reserve Bank of Australia on any of such Business Days, the Exchange Date Cross Rate will be the simple average of the inverse AUD/Specified Currency exchange rate quoted by two or more independent market makers in that exchange rate, selected by the Issuer, on the Exchange Date.

P means the number specified in the Subordinated Pricing Supplement.

VWAP (expressed in Australian dollars and cents) means the VWAP during the relevant VWAP Period.

Maximum Exchange Number means a number calculated according to the following formula:

$$\text{Maximum Exchange Number} = \frac{\text{Outstanding Principal Amount} \times \text{Issue Date Cross Rate}}{0.20 \times \text{Issue Date VWAP}}$$

where:

Issue Date Cross Rate means: (a) if the Specified Currency is Australian dollars, 1; or (b) otherwise, the average (rounded to six decimal places) of the inverse AUD/Specified Currency exchange rates published by the Reserve Bank of Australia at approximately 4.00 p.m. (Sydney time) on each of the Business Days during the 20 Business Day period immediately preceding (but excluding) the Issue Date or, if such exchange rate is not published by the Reserve Bank of Australia on any of such Business Days, the Issue Date Cross Rate will be the simple average of the inverse AUD/Specified Currency exchange rate quoted by two or more independent market makers in that exchange rate, selected by the Issuer, at approximately 4.00 p.m. (Sydney time) on the Issue Date.

- (b) Each Subordinated Holder's rights (including to payment of Interest) in relation to each Subordinated Security that is being Exchanged (or percentage of the Outstanding Principal Amount of each Subordinated Security that is being Exchanged) will be immediately and irrevocably terminated for an amount equal to the Outstanding Principal Amount of each Subordinated Security (or percentage of the Outstanding Principal Amount of each Subordinated Security) and the Issuer will apply that amount by way of payment for the subscription for the Ordinary Shares to be allotted and issued under Condition 5.1(a). Each Subordinated Holder is taken to have irrevocably directed that any amount payable under this Condition 5.1 is to be applied as provided for in this Condition 5.1 and no Subordinated Holder has any right to payment in any other way.
- (c) If the total number of additional Ordinary Shares to be allotted and issued in respect of a Subordinated Holder's aggregate holding of Subordinated

Securities includes a fraction of an Ordinary Share, that fraction of an Ordinary Share will be disregarded.

- (d) Subject to Condition 5.10, where Subordinated Securities are Exchanged, the Issuer will allot and issue the Ordinary Shares to the Subordinated Holder on the basis that a Subordinated Holder's name and address set out in the Register (or, if not set out in the Register, otherwise held by the Registrar) are the name and address for entry into any register of title and delivery of any certificate or holding statement in respect of any Ordinary Shares issued on Exchange.

5.2 Adjustments to VWAP generally

For the purposes of calculating the VWAP under Condition 5.1:

- (a) where, on some or all of the Business Days in the relevant VWAP Period, Ordinary Shares have been quoted on ASX as cum dividend or cum any other distribution or entitlement and Subordinated Securities will be Exchanged for Ordinary Shares after that date and those Ordinary Shares will no longer carry that dividend or any other distribution or entitlement, then the VWAP on the Business Days on which those Ordinary Shares have been quoted cum dividend or cum any other distribution or entitlement will be reduced by an amount (**Cum Value**) equal to:
 - (i) in the case of a dividend or other distribution, the amount of that dividend or other distribution;
 - (ii) in the case of any other entitlement that is not a dividend or other distribution under Condition 5.2(a)(i) which is traded on ASX on any of those Business Days, the volume weighted average price of all such entitlements sold on ASX during the relevant VWAP Period on the Business Days on which those entitlements were traded (excluding trades of the kind that would be excluded in determining VWAP under the definition of that term); or
 - (iii) in the case of any other entitlement which is not traded on ASX during the VWAP Period, the value of the entitlement as reasonably determined by the Board; and
- (b) where, on some or all of the Business Days in the VWAP Period, Ordinary Shares have been quoted as ex dividend or ex any other distribution or entitlement, and Subordinated Securities will be Exchanged for Ordinary Shares which would be entitled to receive the relevant dividend, distribution or entitlement, the VWAP on the Business Days on which those Ordinary Shares have been quoted ex dividend or ex any other distribution or entitlement will be increased by the Cum Value.

5.3 Adjustments to VWAP for capital reconstruction

- (a) Where, during the relevant VWAP Period, there is a change to the number of Ordinary Shares on issue because the Ordinary Shares are reconstructed, consolidated, divided or reclassified (not involving any payment or other compensation to or by holders of Ordinary Shares) (**Reclassification**) into a lesser or greater number, the daily VWAP for each day in the VWAP Period

which falls before the date on which trading in Ordinary Shares is conducted on a post Reclassification basis will be multiplied by the following formula:

A

B

where:

A means the aggregate number of Ordinary Shares immediately before the Reclassification; and

B means the aggregate number of Ordinary Shares immediately after the Reclassification.

- (b) Any adjustment made by the Issuer in accordance with Condition 5.3(a) will be effective and binding on Subordinated Holders under these Conditions and these Conditions will be construed accordingly.
- (c) For the avoidance of doubt, nothing in this Condition 5.3 allows a cash payment or other distribution to be made to or by a Subordinated Holder as part of a Reclassification or as a result of a Reclassification.

5.4 Adjustments to Issue Date VWAP generally

For the purposes of determining the Issue Date VWAP under Condition 5.1, adjustments will be made in accordance with Condition 5.2 and Condition 5.3 during the VWAP Period for the Issue Date VWAP. On and from the Issue Date, adjustments to the Issue Date VWAP:

- (a) may be made by the Issuer in accordance with Conditions 5.5 to 5.7 (inclusive);
- (b) if so made, will correspondingly cause an adjustment to the Maximum Exchange Number; and
- (c) if so made, will be effective and binding on Subordinated Holders under these Conditions and these Conditions will be construed accordingly.

5.5 Adjustments to Issue Date VWAP for bonus issues

- (a) Subject to Conditions 5.5(b) and 5.5(c), if the Issuer makes a pro-rata bonus issue of Ordinary Shares to holders of Ordinary Shares generally, the Issue Date VWAP will be adjusted immediately in accordance with the following formula:

$$V = V_o \times RD / (RD + RN)$$

Where:

V means the Issue Date VWAP applying immediately after the application of this formula;

V_o means the Issue Date VWAP applying immediately prior to the application of this formula;

RD means the number of Ordinary Shares on issue immediately prior to the allotment of new Ordinary Shares pursuant to the bonus issue; and

RN means the number of Ordinary Shares issued pursuant to the bonus issue.

- (b) For the avoidance of doubt, Condition 5.5(a) does not apply to Ordinary Shares issued as part of a bonus share plan, employee or executive share plan, executive option plan, share top up plan, share purchase plan or a dividend reinvestment plan or other issue involving any payment or other compensation to or by the holders of Ordinary Shares.
- (c) For the purposes of this Condition, an issue will be regarded as a bonus issue notwithstanding that the Issuer does not make offers to some or all holders of Ordinary Shares with registered addresses outside Australia (or to whom an offer is otherwise subject to foreign securities laws), provided that in so doing the Issuer is not in contravention of the ASX Listing Rules.

5.6 Adjustments to Issue Date VWAP for capital reconstruction

If, at any time after the Issue Date, there is a change to the number of Ordinary Shares on issue because of a Reclassification into a lesser or greater number, the Issue Date VWAP will be adjusted by multiplying the Issue Date VWAP applicable on the Business Day immediately before the date of any such Reclassification by the following formula:

$$\frac{A}{B}$$

where:

A means the aggregate number of Ordinary Shares on issue immediately before the Reclassification; and

B means the aggregate number of Ordinary Shares on issue immediately after the Reclassification.

5.7 No adjustment to Issue Date VWAP in certain circumstances

Despite the provisions of Conditions 5.5 and 5.6, no adjustment will be made to the Issue Date VWAP where any such adjustment (rounded if applicable) would be less than one percent of the Issue Date VWAP then in effect.

5.8 Announcement of adjustments to Issue Date VWAP

The Issuer will notify any adjustment to the Issue Date VWAP under Conditions 5.4 to 5.6 (inclusive) to the Registrar and the Subordinated Holders within 10 Business Days of the Issuer determining the adjustment and the adjustment will be final and binding.

5.9 Status and quotation of Ordinary Shares

- (a) Ordinary Shares issued or arising from Exchange will rank equally with all other fully paid Ordinary Shares provided that the rights attaching to the Ordinary Shares issued or arising from Exchange do not take effect until 5:00pm (Sydney time) on the Exchange Date (or such other time required by APRA).

- (b) The Issuer will use all reasonable endeavours to quote the Ordinary Shares issued on Exchange of the Subordinated Securities on ASX.

5.10 Exchange where the Subordinated Holder does not wish to receive Ordinary Shares or is an Ineligible Subordinated Holder

- (a) If Subordinated Securities (or a percentage of the Outstanding Principal Amount of each Subordinated Security) of a Subordinated Holder are required to be Exchanged and:
 - (i) the Subordinated Holder has notified the Issuer that it does not wish to receive Ordinary Shares as a result of Exchange, which notice may be given at any time on or after the Issue Date and prior to the Exchange Date;
 - (ii) the Subordinated Holder is an Ineligible Subordinated Holder; or
 - (iii) the Issuer has not received (for any reason whether or not due to the fault of that Subordinated Holder) any information required by it in accordance with the Conditions so as to impede the Issuer issuing the Ordinary Shares to a Subordinated Holder on the Exchange Date,

then, on the Exchange Date, the Subordinated Holder's rights (including to payment of the Outstanding Principal Amount and Interest, and to receive Ordinary Shares) in relation to such Subordinated Securities being Exchanged are immediately and irrevocably terminated and the Issuer will (subject to Condition 5.10(f)) issue the Exchange Number of Ordinary Shares to a nominee (which nominee may not be the Issuer or a Related Entity of the Issuer) for no additional consideration on terms that, at the first opportunity to sell the Ordinary Shares, the nominee will arrange for their sale at market value and pay the Attributable Proceeds to the relevant Subordinated Holder (unless, because the Subordinated Holder is an Ineligible Subordinated Holder, the nominee is or would be deemed to be an Ineligible Subordinated Holder, in which case such issue shall occur as soon as practicable after the nominee ceases to be or would not be (as the case may be) an Ineligible Subordinated Holder).

- (b) If Subordinated Securities (or a percentage of the Outstanding Principal Amount of each Subordinated Security) of a Subordinated Holder are required to be Exchanged and the Subordinated Holder is the operator of a Clearing System or a nominee for a common depository for any one or more Clearing Systems (such operator or nominee for a common depository acting in such capacity as is specified in the rules and regulations of the relevant Clearing System or Clearing Systems) and the rules and regulations of that Clearing System do not permit the Clearing System or its nominee to hold Ordinary Shares, then, on the Exchange Date, the Subordinated Holder's rights (including to payment of the Outstanding Principal Amount and Interest, and to receive Ordinary Shares from the Issuer) in relation to such Subordinated Securities being Exchanged are immediately and irrevocably terminated and the Issuer will (subject to Condition 5.10(f)) issue the Exchange Number of Ordinary Shares to a nominee (which nominee may not be the Issuer or a Related Entity of the Issuer) for no additional consideration on terms that they are dealt with in accordance with Conditions 5.10(c) and 5.10(d).

- (c) Where Ordinary Shares are issued to one or more nominees in accordance with Condition 5.10(b), a participant in, or member of, the relevant Clearing System or Clearing Systems who held the corresponding Subordinated Securities immediately prior to Exchange (**Clearing System Participant**) may, no later than the date specified in the Subordinated Pricing Supplement (**Clearing System Cut-off Date**), provide to the Issuer and the relevant nominee:
- (i) its name and address for entry into any register of title and receipt of any certificate or holding statement in respect of any Ordinary Shares issued on Exchange;
 - (ii) the Subordinated Holder's security account details in CHESSE or such other account to which the Ordinary Shares issued on Exchange are to be credited; and
 - (iii) such other information as is reasonably requested by the Issuer,

and, if it does so, the nominee will transfer the relevant Ordinary Shares to the Clearing System Participant as soon as possible thereafter.

- (d) If a Clearing System Participant:
- (i) fails to provide the information required by Condition 5.10(c) by the Clearing System Cut-off Date;
 - (ii) notifies the Issuer that it does not wish to receive Ordinary Shares on or prior to the Clearing System Cut-off Date; or
 - (iii) would be an Ineligible Subordinated Holder if the Clearing System Participant's name had been entered in a Register as the owner of the Subordinated Securities immediately prior to Exchange,

then, with effect from the Clearing System Cut-off Date, the Clearing System Participant will cease to be entitled to receive the relevant Ordinary Shares and, at the first opportunity to sell the Ordinary Shares after the Clearing System Cut-off Date, the relevant nominee will arrange for their sale at market value and pay the Attributable Proceeds to the Clearing System Participant.

- (e) Where a nominee is to be issued with Ordinary Shares under this Condition 5.10, on and from the date of issue of those Ordinary Shares, the relevant Subordinated Securities (or percentage of the Outstanding Principal Amount of each Subordinated Security) are taken to have been Exchanged and the only rights of the Subordinated Holders or the Clearing System Participant (as the case may be) in respect of such Subordinated Securities (or percentage of the Outstanding Principal Amount of each Subordinated Security) are:
- (i) where Conditions 5.10(a) or 5.10(d) applies, to require the nominee to pay it the Attributable Proceeds or
 - (ii) where Condition 5.10(c) applies and the Clearing System Participant complies with the conditions of that Condition, to require the nominee to effect a transfer of those Ordinary Shares to the Clearing System Participant.

- (f) If, where Condition 5.10 applies:
 - (i) the Exchange fails to take effect; and
 - (ii) the Issuer has not otherwise issued Ordinary Shares to the relevant nominee within five Business Days after the date of the occurrence of the Non-Viability Trigger Event,

then the Subordinated Holders' rights (including to payment of the Outstanding Principal Amount and Interest, and to receive Ordinary Shares) are immediately and irrevocably terminated in accordance with Condition 4.3.

5.11 Exchange of a percentage of Outstanding Principal Amount

If, under these Conditions, it is necessary to Exchange a percentage of the Outstanding Principal Amount, this Condition 5 will apply to the Exchange as if references to the Outstanding Principal Amount were references to the relevant percentage of the Outstanding Principal Amount to be Exchanged.

5.12 Subordinated Holder Acknowledgments

Each Subordinated Holder irrevocably:

- (a) consents to becoming a member of the Issuer upon Exchange of the Subordinated Securities as required by these Conditions and agrees to be bound by the constitution of the Issuer, in each case in respect of the Ordinary Shares issued to such Subordinated Holder on Exchange;
- (b) unless (x) it has given notice in accordance with Condition 5.10 that it does not wish to receive Ordinary Shares as a result of the Exchange or (y) it is an Ineligible Subordinated Holder, acknowledges and agrees that it is obliged to accept Ordinary Shares if it holds Subordinated Securities that are required to be Exchanged as and when required by these Conditions notwithstanding anything that might otherwise affect Exchange including:
 - (i) any change in the financial position of the Issuer since the issue of such Subordinated Securities;
 - (ii) any disruption to the market or potential market for the Ordinary Shares or to capital markets generally;
 - (iii) any breach by the Issuer of any obligation in connection with the Subordinated Securities; or
 - (iv) any failure to or delay in exchange, conversion or write down of other Relevant Securities; and
- (c) acknowledges and agrees that:
 - (i) it will not have any rights to vote in respect of any Exchange or Write Down;
 - (ii) it has no claim against the Issuer for any loss it may suffer arising in connection with any Exchange or Write Down;

- (iii) it has no rights to compensation from, or any other remedies against, the Issuer or any other member of the CBA Group on account of the failure of the Issuer to issue Ordinary Shares if the Issuer is for any reason prevented from doing so;
- (iv) Exchange is not subject to any conditions other than those expressly provided for in Conditions 4 and 5; and
- (v) it has no right to request Exchange or to determine whether (or in what circumstances) the Subordinated Securities it holds are Exchanged.

6 Interest and other calculations

6.1 Interest

- (a) Subject to this Condition 6 and Conditions 4 and 5, each Fixed Rate Subordinated Security and each Floating Rate Subordinated Security bears interest (**Interest**) on its Outstanding Principal Amount during each Interest Period from (and including) the Interest Commencement Date to (but excluding) the Maturity Date or Redemption Date, at the Interest Rate.
- (b) Interest is payable in arrears on each Interest Payment Date.
- (c) No Interest accrues on Subordinated Securities required to be Exchanged in the period from (and including) the Interest Payment Date that immediately precedes the Non-Viability Trigger Event to the Exchange Date or Write Down Date (as applicable).
- (d) The first payment of Interest on a Subordinated Security will be made on the first Interest Payment Date following its Interest Commencement Date and in the case of a Fixed Rate Subordinated Security, if the first Interest Period is shorter than subsequent Interest Periods, will be equal to the Initial Broken Amount as specified in the relevant Subordinated Pricing Supplement.
- (e) If the Maturity Date or Redemption Date of a Subordinated Security is not an Interest Payment Date, interest from (and including) the preceding Interest Payment Date (or the Interest Commencement Date, as the case may be) to (but excluding) the Maturity Date or Redemption Date (as applicable) will be payable on the Maturity Date or Redemption Date (as applicable) and in the case of a Fixed Rate Subordinated Security will be equal to the Final Broken Amount specified in the relevant Subordinated Pricing Supplement.
- (f) The Subordinated Pricing Supplement for a Subordinated Security shall specify, for each Interest Period in relation to a Subordinated Security, whether that Interest Period is a Fixed Rate Interest Period or a Floating Rate Interest Period.

6.2 Interest Rate determination

The Interest Rate (expressed as a percentage per annum) for a:

- (a) Fixed Rate Subordinated Security for a Fixed Rate Interest Period will be at the fixed rate specified for that Fixed Rate Interest Period in the relevant Subordinated Pricing Supplement; and

- (b) Floating Rate Subordinated Security for each Floating Rate Interest Period will be at the floating rate for that Floating Rate Interest Period calculated as follows, unless otherwise specified in the relevant Subordinated Pricing Supplement:
- (i) the Interest Rate for each Interest Period in relation to that Floating Rate Security will be the BBSW Rate for that Interest Period plus or minus (as indicated in that Subordinated Pricing Supplement) the Margin (if any) on the Floating Rate Security specified in that Subordinated Pricing Supplement;
 - (ii) each Subordinated Holder shall be deemed to acknowledge, accept and agree to be bound by, and consents to, the determination of, substitution for and any adjustments made to the BBSW Rate as described in this Condition 6.2(b) and in Condition 6.3 (in all cases without the need for any Subordinated Holder consent). Any determination, decision or election (including a decision to take or refrain from taking any action or as to the occurrence or non-occurrence of any event or circumstance), and any substitution for and adjustments made to, the BBSW Rate and in each case made in accordance with this Condition 6.2(b) and Condition 6.3, will, in the absence of manifest or proven error, be conclusive and binding on the Issuer, the Subordinated Holder and the Calculation Agent and, notwithstanding anything to the contrary in these Conditions or other documentation relating to the Securities, shall become effective without the consent of any person; and
 - (iii) If the Calculation Agent is unwilling or unable to determine a necessary rate, adjustment, quantum, formula, methodology or other variable in order to calculate the applicable Interest Rate, such rate, adjustment, quantum, formula, methodology or other variable will be determined by the Issuer (acting in good faith and in a commercially reasonable manner) or, an alternate financial institution (acting in good faith and in a commercially reasonable manner) appointed by the Issuer (in its sole discretion) to so determine.

6.3 Fallback Interest Rate – Floating Rate Subordinated Security

If:

- (a) a Temporary Disruption Trigger has occurred; or
- (b) a Permanent Discontinuation Trigger has occurred,

then the BBSW Rate for that Interest Period, whilst such Temporary Disruption Trigger is continuing or after a Permanent Discontinuation Trigger has occurred, means (in the following order of application and precedence):

- (i) where BBSW Rate is the Applicable Benchmark Rate, if a Temporary Disruption Trigger has occurred with respect to the BBSW Rate, in the following order of precedence:
 - (A) first, the Administrator Recommended Rate;

- (B) then the Supervisor Recommended Rate; and
 - (C) lastly, the Final Fallback Rate;
- (ii) if a Temporary Disruption Trigger has occurred with respect to AONIA or a determination of the AONIA Rate is required for the purposes of paragraph (i) above, the rate for any day for which AONIA is required will be the last provided or published level of AONIA;
 - (iii) where a determination of the RBA Recommended Rate is required for the purposes of paragraph (i) or (ii) above, if a Temporary Disruption Trigger has occurred with respect to the RBA Recommended Rate, the rate for any day for which the RBA Recommended Rate is required will be the last rate provided or published by the Administrator of the RBA Recommended Rate (or if no such rate has been so provided or published, the last provided or published level of AONIA);
 - (iv) where BBSW Rate is the Applicable Benchmark Rate, if a Permanent Discontinuation Trigger has occurred with respect to the BBSW Rate, the rate for any day for which the BBSW Rate is required on or after the Permanent Fallback Effective Date will be the first rate available in the following order of precedence:
 - (A) first, if at the time of the Permanent Fallback Effective Date in respect of the BBSW Rate, no Permanent Fallback Effective Date in respect of AONIA has occurred, the AONIA Rate;
 - (B) then, if at the time of the Permanent Fallback Effective Date in respect of a BBSW Rate, a Permanent Fallback Effective Date in respect of AONIA has occurred, an RBA Recommended Rate has been created but no Permanent Fallback Effective Date in respect of a RBA Recommended Rate has occurred, the RBA Recommended Fallback Rate; and
 - (C) lastly, if neither paragraph (A) nor paragraph (B) above apply, the Final Fallback Rate;
 - (v) if a determination of the AONIA Rate is required for the purposes of sub-paragraph 6.3(b)(iv)(A) above, if a Permanent Discontinuation Trigger has occurred with respect to AONIA, the rate for any day for which AONIA is required on or after the AONIA Permanent Fallback Effective Date will be the first rate available in the following order of precedence:
 - (A) first, if at the time of the Permanent Fallback Effective Date in respect of AONIA, an RBA Recommended Rate has been created but no Permanent Fallback Effective Date in respect of an RBA Recommended Rate has occurred, the RBA Recommended Rate; and
 - (B) lastly, if paragraph (A) above does not apply, the Final Fallback Rate; and
 - (vi) where a determination of the RBA Recommended Rate is required for the purposes of sub-paragraphs (iv) or (v) above, respectively, if a Permanent Discontinuation Trigger has occurred with respect to the RBA Recommended

Rate, the rate for any day for which the RBA Recommended Rate is required on or after that Permanent Fallback Effective Date will be the Final Fallback Rate.

When calculating an amount of interest in circumstances where a Fallback Rate other than the Final Fallback Rate applies, that interest will be calculated as if references to the BBSW Rate or AONIA Rate (as applicable) were references to that Fallback Rate. When calculating interest in circumstances where the Final Fallback Rate applies, the amount of interest will be calculated on the same basis as if the Applicable Benchmark Rate in effect immediately prior to the application of that Final Fallback Rate remained in effect but with necessary adjustments to substitute all references to that Applicable Benchmark Rate with corresponding references to the Final Fallback Rate.

6.4 Calculation of Interest

- (a) Where an Interest Amount (or a formula for its calculation) is specified in the relevant Subordinated Pricing Supplement for any Interest Period, the amount of interest payable in respect of that Subordinated Security for that period will (subject to adjustment to reflect a reduction in Outstanding Principal Amount pursuant to an Exchange or Write Down) equal that Interest Amount (or be calculated in accordance with that relevant formula).
- (b) Where an Interest Amount for an Interest Period (or a formula for its calculation) is not specified in the applicable Subordinated Pricing Supplement, the amount of Interest payable on each Subordinated Security for any Interest Period is calculated by the Calculation Agent according to the following formula:

$$\text{Interest Amount} = \text{Interest Rate} \times \text{Outstanding Principal Amount} \times \text{Day Count Fraction}$$

6.5 Rounding

For the purposes of any calculations required under these Conditions:

- (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005% being rounded up to 0.00001%);
- (b) all figures will be rounded to four decimal places (with 0.00005 being rounded up to 0.0001); and
- (c) all amounts that are due and payable will be rounded to the nearest one Australian cent (with one half of an Australian cent being rounded up to one Australian cent).

6.6 Accrual of Interest

Subject to Conditions 4.3 and 5.10, if any Interest which is due and payable is not paid for any reason, then such unpaid Interest earns interest at the Interest Rate, which accrues daily at the Interest Rate until paid. Such accrued interest is payable on the first to occur of:

- (a) the date on which the relevant unpaid Interest Amount is paid; and

- (b) the date on which the Subordinated Securities are Redeemed.

6.7 Determination and publication of Interest Rate and other amounts

- (a) The Issuer must ensure that the Calculation Agent for a Subordinated Series will, and the Calculation Agent must:
 - (i) determine the Interest Rate and calculate the amount of interest payable and determine or calculate, as applicable, any other rate or amount, or obtain any quotation required under these Conditions; and
 - (ii) notify the Registrar and the Issuer of the Interest Rate, amount of Interest payable and Interest Payment Date for each Interest Period as soon as practicable on or after such determination, calculation or quotation is made.
- (b) The Issuer must ensure that the Registrar will notify the Subordinated Holders of the calculation, determination or quotation, as applicable, as required by the Issuer, to the address of the Subordinated Holders recorded in the Register, any other Calculation Agent appointed in respect of the Subordinated Securities that is to make a further calculation upon receipt of such information and, if the Subordinated Securities are quoted on a stock exchange and the rules of that exchange so require, notify that exchange as soon as possible after the calculation, determination or quotation, but in any event no later than:
 - (i) the commencement of the relevant Interest Period, if determined prior to that time in the case of notification of an Interest Rate and Interest Amount; or
 - (ii) in all other cases, the fourth Business Day after such determination.
- (c) Where any Interest Payment Date or Interest Period is subject to adjustment pursuant to the application of a Business Day Convention, the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.
- (d) If the Subordinated Securities become due and payable under Condition 12, the accrued interest and the Interest Rate payable in respect of the Subordinated Securities will nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Interest Rate or the Interest Amount so calculated need be made.
- (e) The Issuer may amend its calculation or determination of any date, rate or amount (or make appropriate alternative arrangements by way of adjustment) including as a result of the extension or reduction of the Interest Period or calculation period without prior notice but must notify the Registrar and the Calculation Agent promptly after doing so.

6.8 Determinations to be final

The determination of all dates, rates and amounts under these Conditions is, in the absence of wilful default, bad faith or manifest error, final and binding on the Issuer, the Calculation Agent, the Registrar and each Subordinated Holder. In the absence of

wilful default, bad faith or manifest error the Calculation Agent will not be liable to the Issuer or the Subordinated Holders, in connection with the exercise or non-exercise by the Calculation Agent of its powers, duties and discretions.

7 Redemption, purchase and options

7.1 Redemption on the Maturity Date

Each Subordinated Security will be Redeemed on the Maturity Date specified in the relevant Subordinated Pricing Supplement for its Final Redemption Amount unless previously Redeemed, Exchanged or fully Written Down.

7.2 Redemption for taxation reasons

Subject to Condition 7.6, if, at any time after the Issue Date, the Issuer receives an opinion from reputable legal counsel or other tax adviser in Australia, experienced in such matters, to the effect that there is a material risk that as a result of a change in laws of Australia (including following any announcement of a prospective change or amendment which has been or will be introduced) the Issuer would be exposed to a more than de minimis adverse tax consequence in relation to the Subordinated Securities other than a tax consequence the Issuer expected as at the Issue Date, then the Issuer may Redeem all (but not some) of those Subordinated Securities for their Early Redemption Amount together with any accrued but unpaid Interest as at the Redemption Date at any time (if the Subordinated Security is a Fixed Rate Subordinated Security) or on any Interest Payment Date (if the Subordinated Security is a Floating Rate Subordinated Security).

However, the Issuer may only Redeem the Subordinated Securities under this Condition if:

- (i) the Issuer has given notice of its election to do so at least 20 Business Days (and no more than 60 Business Days) before the proposed Redemption Date specified in the notice to the Registrar and the Subordinated Holders;
- (ii) the proposed Redemption Date is an Interest Payment Date (in the case of a Floating Rate Subordinated Security only); and
- (iii) the notice of Redemption is not given earlier than 60 Business Days before the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be subject to the adverse tax consequence.

Subordinated Holders should not expect that APRA's approval will be given for any Redemption of the Subordinated Securities.

7.3 Redemption at the option of the Issuer and exercise of the Issuer's option

- (a) Subject to Condition 7.6, the Issuer may, on an Optional Redemption Date, having given irrevocable notice within the Option Notice Period to the Subordinated Holders (with a copy to the Registrar), Redeem all or, if so provided, some of the Subordinated Securities for their Optional Redemption Amount together with any accrued but unpaid Interest as at the Redemption Date.

- (b) In the case of a Redemption of some but not all of the Subordinated Securities of a Subordinated Series (a **Partial Redemption**), Subordinated Securities to be Redeemed will be specified in the notice and selected:
 - (i) in a manner that is, in the opinion of the Issuer, fair and reasonable; and
 - (ii) in compliance with any applicable laws and stock exchange requirements.
- (c) Each notice of redemption will specify the date fixed for redemption and, in the case of a Partial Redemption, the aggregate Outstanding Principal Amount of Subordinated Securities to be redeemed and the aggregate Outstanding Principal Amount which will be outstanding after the Partial Redemption. In addition, in the case of a Partial Redemption, such notice will specify that the Registrar will not be required to register transfers of Subordinated Securities called for Partial Redemption.
- (d) *Subordinated Holders should not expect that APRA's approval will be given for any Redemption of the Subordinated Securities.*

7.4 Redemption for regulatory reasons

Subject to Condition 7.6, if, at any time after the Issue Date, the Issuer determines that as a result of a change in the laws of Australia or a change in APRA's prudential standards (including following any announcement of a prospective change or amendment which has been or will be introduced) all, some or a percentage of all or some Subordinated Securities are not or will not be treated as Tier 2 Capital of the CBA Group under APRA's prudential standards (as amended from time to time), other than as a result of a change of treatment expected by the Issuer as at the Issue Date, then the Issuer may Redeem all (but not some) of those Subordinated Securities for their Early Redemption Amount together with any accrued but unpaid Interest on the Redemption Date at any time (if the Subordinated Security is a Fixed Rate Subordinated Security) or on any Interest Payment Date (if the Subordinated Security is a Floating Rate Subordinated Security).

However, the Issuer may only Redeem the Subordinated Securities under this Condition if:

- (a) the Issuer has given notice of its election to do so at least 20 Business Days (and no more than 60 Business Days) before the proposed Redemption Date specified in the notice to the Registrar and the Subordinated Holders;
- (b) the proposed Redemption Date is an Interest Payment Date (in the case of a Floating Rate Subordinated Note only); and
- (c) the notice of Redemption is not given earlier than 60 Business Days before the Interest Payment Date occurring immediately before the earliest date on which all, some or a percentage of all or some of the Subordinated Securities will cease to be treated as Tier 2 Capital.

Subordinated Holders should not expect that APRA's approval will be given for any *Redemption of the Subordinated Securities.*

7.5 Repurchase

Subject to Condition 7.6, the Issuer or any member of the CBA Group may, to the extent permitted by applicable laws and regulations, at any time purchase Subordinated Securities in the open market, by tender to all or some of the Subordinated Holders or by private agreement or otherwise at any price (**Repurchase**).

7.6 APRA approval required to Redeem or Repurchase

The Issuer may only Redeem or Repurchase Subordinated Securities under Conditions 7.2, 7.3, 7.4 or 7.5 if:

- (a) either:
 - (i) before or concurrently with the Redemption or Repurchase, the Issuer replaces the Subordinated Securities with a capital instrument which is of the same or better quality (for the purposes of APRA's prudential standards as they are applied to the CBA Group at the relevant time) than the Subordinated Securities and the replacement of the Subordinated Securities is done under conditions that are sustainable for the income capacity of the Issuer; or
 - (ii) the Issuer obtains confirmation from APRA that APRA is satisfied, having regard to the capital position of the CBA Level 1 Group and CBA Level 2 Group, that the Issuer does not have to replace the Subordinated Securities; and
- (b) APRA has given its prior written approval to the Redemption or Repurchase. Approval is at the discretion of APRA and may or may not be given.

7.7 Cancellation

All Subordinated Securities Redeemed by the Issuer or which are Repurchased by or on behalf of the Issuer will be cancelled forthwith and all liabilities and obligations of the Issuer in connection with those Subordinated Securities so Redeemed or Repurchased will be discharged.

8 Payments

8.1 Payments by the Issuer

- (a) Payment of Interest will be made to the person registered at 5:00pm on the Record Date as the Subordinated Holder.
- (b) Payment of any other amount in accordance with these Conditions will be made to the person registered as the Subordinated Holder on the relevant date for payment.
- (c) When a Subordinated Security is recorded in the Register as being held jointly, payment of interest or principal (as the case may be) by the Issuer will be made to the Subordinated Holders in their joint names unless requested otherwise (and in a form satisfactory to the Issuer) by 5:00pm local Registry Office time on the relevant Record Date.

- (d) For the avoidance of doubt (but without prejudice to any Exchange), nothing in these Conditions allows a payment of interest or principal to a Subordinated Holder in a form other than cash.

8.2 Method of payment

Payments on each Subordinated Security will be made:

- (a) where the Subordinated Securities are lodged in the Austraclear System, by crediting on the relevant Interest Payment Date or Maturity Date the amount then due to the relevant Subordinated Holder in accordance with the Austraclear Regulations; or
- (b) if the relevant Subordinated Securities have not been lodged or are removed from the Austraclear System, by crediting on the relevant Interest Payment Date, in the case of payment of interest, or the Maturity Date, in the case of payments of principal, the amount then due to a bank account in Australia previously notified by the Subordinated Holder to the Registrar. If an account is not specified to the Registrar by 5:00pm local Registry Office time on the relevant Record Date, payments in respect of the relevant Subordinated Security will be made by cheque mailed on the Business Day immediately preceding the relevant Interest Payment Date (in the case of payments of interest) or on the due date for repayment or redemption (in the case of payments of principal) at the Subordinated Holder's risk, to the address of the Subordinated Holder (or to the first-named of joint Subordinated Holders) appearing in the Register as at 5:00pm local Registry Office time on the relevant Record Date. Cheques despatched to the nominated address of a Subordinated Holder in accordance with this Condition will be taken to have been received by the Subordinated Holder on the relevant Interest Payment Date (in the case of payments of interest) or the due date for payment or redemption (in the case of payments of principal) and no further amount will be payable by the Issuer as a result of payment not being received by the Subordinated Holder on the due date.

No payment of interest will be mailed to an address in the United States or transferred to an account maintained by a Subordinated Holder in the United States.

8.3 Payments subject to fiscal laws

All payments are subject to applicable law.

8.4 Currency indemnity

The Issuer waives any right it has in any jurisdiction to pay an amount other than in the currency in which it is due. However, if a Subordinated Holder receives an amount in a currency other than the currency in which it is due:

- (a) it may convert the amount received into the due currency (even though it may be necessary to convert through a third currency to do so) on the day and at such rates (including spot rate, same day value rate or value tomorrow rate) as it reasonably considers appropriate. It may deduct its usual costs in connection with the conversion; and

- (b) the Issuer satisfies its obligation to pay in the due currency only to the extent of the amount of the due currency obtained from the conversion after deducting the costs of the conversion.

8.5 Appointment of agents

The Registrar and (if appointed) the Calculation Agent in relation to a Subordinated Series act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Subordinated Holder. The Issuer reserves the right at any time to vary or terminate the appointment of the Registrar or (if appointed) the Calculation Agent of any Subordinated Series, provided that the Issuer will at all times maintain:

- (a) a Registrar;
- (b) one or more Calculation Agent(s) where the Conditions so require; and
- (c) such other agents as may be required by the rules of any stock exchange, listing authority and/or quotation system on which the Subordinated Securities may be admitted to listing, trading and/or quotation.

Notice of any change to the specified office of the Registrar or the Calculation Agent must be given promptly to the Subordinated Holders in accordance with Condition 15.

8.6 Prescription against overdue claims

Claims against the Issuer for payment under a Subordinated Security are void unless made within 5 years from the date on which the payment first became due.

8.7 Payments on Business Days

If any payment:

- (a) is due on a day which is not a Business Day, then the due date for payment will be adjusted in accordance with the applicable Payment Business Day Convention; or
- (b) is to be made to a bank account on a day on which banks are not open for general banking business in the place in which the account is located, the Subordinated Holder is not entitled to payment of such amount until the next day (other than a Saturday, Sunday or public holiday) on which banks in such place are open for general banking business, and is not entitled to payment of any additional amount in respect of such delay in payment.

Nothing in this Condition 8.7 applies to any payment referred to in Condition 5.1(b).

9 Transfer

9.1 Transfer procedures

- (a) A Subordinated Holder may transfer Subordinated Securities:
 - (i) while Subordinated Securities are lodged in a Clearing System, in accordance with the rules and regulations of that Clearing System; or

- (ii) at any other time:
 - (A) by a proper transfer under any other applicable computerised or electronic system recognised by the Corporations Act; or
 - (B) by any proper or sufficient instrument of transfer of marketable securities under applicable law, provided such instrument is delivered to the Registrar with any evidence the Registrar reasonably requires to prove title to or the right to transfer Subordinated Securities.

(b) The Issuer must not charge any fee on the transfer of Subordinated Securities.

9.2 Transfer restrictions

The Issuer must comply with all Applicable Regulations and any other relevant obligations imposed on it in relation to the transfer of the Subordinated Securities. Unless otherwise specified in the relevant Subordinated Pricing Supplement, Subordinated Securities may only be transferred:

- (a) within, to or from Australia in the denominations specified in the Subordinated Pricing Supplement and if the consideration payable at the time of the transfer is a minimum amount of A\$500,000 (in either case, disregarding moneys lent by the transferor or its associates) or if the offer or invitation giving rise to the transfer otherwise does not constitute an offer or invitation for which disclosure is required to be made to investors in accordance with Part 6D.2 or Part 7.9 of the Corporations Act and the transfer is not made to a retail client as defined in section 761G of the Corporations Act and does not require lodging any document under Division 5 of Part 6D.2 or under Part 7 of the Corporations Act; and
- (b) between persons in a jurisdiction or jurisdictions other than Australia if the transfer and all conduct connected with the transfer complies with the relevant laws and directives of the relevant jurisdiction in which the transfer takes place.

9.3 Partial Transfers

A Subordinated Security may be transferred in whole but not in part. Where a transferor executes a transfer of less than all Subordinated Securities registered in its name, and the identity of the specific Subordinated Securities to be transferred are not identified, the Registrar may register the transfer in respect of such of the Subordinated Securities registered in the name of the transferor as the Registrar thinks fit, provided the total Outstanding Principal Amount of the Subordinated Securities registered as having been transferred equals the total Outstanding Principal Amount of the Subordinated Securities expressed to be transferred in the transfer.

9.4 Closing the Register

Title to Subordinated Securities passes when details of the transfer are entered in the Register. The Register will be closed for the purpose of determining entitlements to payments of interest and repayments of any Outstanding Principal Amount at 5:00pm local Registry Office time on the Record Date prior to the relevant Interest Payment Date, the relevant Maturity Date and any relevant redemption date. Therefore,

transfers must be received by the Registrar at the relevant Registry Office prior to that time.

9.5 Stamp duty

The Subordinated Holder is responsible for any stamp duty or other similar taxes which are payable in any jurisdiction in connection with a transfer, assignment or other dealing with the Subordinated Securities.

9.6 Transmission

A person becoming entitled to a Subordinated Security as a consequence of the death, bankruptcy, liquidation or a winding-up of a Subordinated Holder or of a vesting order by a court or other body with power to make the order, or a person administering the estate of a Subordinated Holder, may, upon providing evidence as to that entitlement or status, and if the Issuer or the Registrar so requires an indemnity in relation to the correctness of such evidence as the Issuer or the Registrar considers sufficient, become registered as the Subordinated Holder of that Subordinated Security.

9.7 Austraclear Services Limited as Registrar

If Austraclear Services Limited is the Registrar and Subordinated Securities are lodged in the Austraclear System, despite any other provision of those Conditions, these Subordinated Securities are not transferable on the Register, and the Issuer may not, and must procure that the Registrar does not, register any transfer of those Subordinated Securities issued by it and no member of the Austraclear System has the right to request any registration of any transfer of the relevant Subordinated Securities, except:

- (a) for the purposes of any repurchase, redemption or cancellation (whether on or before the Maturity Date of the relevant Subordinated Security) of the relevant Subordinated Security, a transfer of the relevant Subordinated Security from Austraclear to the Issuer may be entered in the Register; and
- (b) if Austraclear exercises or purports to exercise any power it may have under the Austraclear Regulations from time to time for the Austraclear System or these Conditions, to require the relevant Subordinated Security to be transferred on the Register to a member of the Austraclear System, the relevant Subordinated Security may be transferred on the Register from Austraclear to the member of the Austraclear System.

In any of these cases, the relevant Subordinated Security will cease to be held in the Austraclear System.

9.8 Refusal to register

- (a) The Issuer may only refuse to register a transfer of Subordinated Securities if permitted by, or if such registration would contravene or is forbidden by, Applicable Regulations or the Conditions. If the Issuer refuses to register a transfer, the Issuer must give the lodging party notice of the refusal and the reasons for it within five Business Days after the date on which the transfer was delivered to the Registrar.

- (b) Subject to Applicable Regulations, the Issuer may determine that transfers of some or all Subordinated Securities will not be registered during any period reasonably specified by it prior to the Exchange Date or Redemption Date of such Subordinated Securities.

9.9 Effect of registration

Upon registration and entry of the transferee in the Register, the transferor ceases to be entitled to future benefits under these Conditions and the Subordinated Deed Poll in respect of the transferred Subordinated Securities.

10 Taxation

10.1 General

All payments in respect of Subordinated Securities must be made free and clear of, and without any withholding or deduction in respect of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within Australia or by any authority in or of Australia having power to tax (together, **Taxes**) unless the withholding or deduction is required by law or permitted by this Condition 10.

10.2 Issuer to pay additional amounts

Where any withholding or deduction is required by law, the Issuer must pay such additional amounts to the Subordinated Holders that will result in those Subordinated Holders receiving the amounts they would have received had no such withholding or deduction been required, except that no additional amounts will be payable with respect to any Subordinated Security:

- (a) if the Subordinated Holder is liable to such Taxes by reason of its having some connection with the Commonwealth of Australia, other than the mere holding of such Subordinated Security or the receipt of the relevant payment in respect of that Subordinated Security;
- (b) if the Subordinated Holder is an Offshore Associate of the Issuer (acting other than in the capacity of a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act);
- (c) if the Taxes have been imposed or levied as a result of the Subordinated Holder being party to or participating in a scheme to avoid such Taxes, being a scheme which the Issuer was neither a party to nor participated in;
- (d) to, or to a third party on behalf of, an Australian resident Subordinated Holder or a non-resident Subordinated Holder who is engaged in carrying on business in Australia at or through a permanent establishment of the non-resident in Australia, if that person has not supplied an appropriate tax file number, Australian business number or other exemption details;
- (e) to, or to a third party on behalf of, a Subordinated Holder on account of amounts which the Australian Commissioner of Taxation requires the Issuer to withhold under section 255 of the Income Tax Assessment Act 1936 (Cth) or section 260-5 of Schedule 1 of the Taxation Administration Act 1953 (Cth); or

- (f) for, or on account of, any withholding or deduction required pursuant to FATCA.

10.3 Tax file number

- (a) The Issuer will withhold an amount from payments of Interest on the Subordinated Securities at the highest marginal tax rate plus the highest Medicare levy if an Australian resident investor or a non-resident investor carrying on business in Australia at or through a permanent establishment of the non-resident in Australia has not supplied an appropriate tax file number, Australian Business Number or exemption details.
- (b) If a Subordinated Holder supplies exemption details and the Issuer subsequently determines that the relevant exemption was not available, the Issuer may recover the amount that should have been withheld from the relevant Subordinated Holder and may withhold that amount from any subsequent payment due to that Subordinated Holder in respect of their Subordinated Securities.

10.4 FATCA

The Issuer, in its absolute discretion, may withhold or deduct payments to a Subordinated Holder where it is required to do so under or in connection with FATCA, or where it has reasonable grounds to suspect that the Subordinated Holder or a beneficial owner of Subordinated Securities may be subject to any withholding or deduction required pursuant to FATCA, and may deal with such payment and the Subordinated Holder's Subordinated Securities in accordance with FATCA. If any withholding or deduction arises under or in connection with FATCA, the Issuer will not be required to pay any further amounts on account of such withholding or deduction or otherwise reimburse or compensate, or make any payment to, a Subordinated Holder or a beneficial owner of Subordinated Securities for or in respect of any such withholding or deduction.

11 Substitution of the Issuer

11.1 Substitution

The Issuer may, without the consent of Subordinated Holders, provided that the Substitution Conditions are satisfied, by giving notice to the Registrar and Subordinated Holders:

- (a) substitute for itself a NOHC as the debtor in respect of the Subordinated Securities and as issuer of the Ordinary Shares on Exchange (**Full Successor**); or
- (b) substitute for itself a NOHC as the issuer of the Ordinary Shares on Exchange (**Partial Successor**),

and a reference to the **Successor** shall be a reference to the Full Successor or the Partial Successor, as applicable. The notice shall specify the date on which the substitution is to take effect (**Date of Substitution**).

11.2 Substitution Conditions

The **Substitution Conditions** are:

- (a) in the case of the Full Successor:
 - (i) unless otherwise approved by APRA in writing, the Full Successor or another entity (which is a parent entity) simultaneously subscribes for Ordinary Shares or other capital instruments of equal or better quality to the Subordinated Securities in such amount as may be necessary to ensure that the capital position of the CBA Level 1 Group and CBA Level 2 Group will not be adversely affected;
 - (ii) the Full Successor will expressly assume the Issuer's obligations under these Conditions and the Subordinated Deed Poll by entering into a Successor Subordinated Deed Poll under which it agrees (among other things):
 - (A) to comply with these Conditions (with all necessary modifications); and
 - (B) to deliver fully paid NOHC Ordinary Shares under all circumstances when the Issuer would otherwise have been required to deliver Ordinary Shares, subject to the same terms and conditions as set out in these Conditions (with all necessary modifications);
- (b) in the case of the Partial Successor:
 - (i) the Partial Successor agrees with effect on and from the Date of Substitution, by entering into a Successor Subordinated Deed Poll, to deliver fully paid NOHC Ordinary Shares under all circumstances when the Issuer would otherwise have been required to deliver Ordinary Shares, subject to the same terms and conditions as set out in these Conditions (with all necessary modifications); and
 - (ii) unless otherwise approved by APRA in writing, the Partial Successor agrees that in all circumstances where the Partial Successor delivers fully paid NOHC Ordinary Shares under the Successor Subordinated Deed Poll in Condition 11.2(b)(i), the Partial Successor or another entity (which is a parent entity) will automatically subscribe for Ordinary Shares in such amount as may be necessary to ensure that the capital position of the CBA Level 1 Group and CBA Level 2 Group is equivalent to the position if the Successor Deed Poll had not been entered into and the Issuer was required to issue the Ordinary Shares;
- (c) in the case of either the Full Successor or the Partial Successor (as applicable):
 - (i) the NOHC Ordinary Shares are or are to be quoted on ASX, and the Successor agrees to use all reasonable endeavours and furnish all such documents, information and undertakings as may be reasonably necessary in order to procure quotation of NOHC Ordinary Shares issued under these Conditions on the securities exchanges on which the NOHC Ordinary Shares are quoted at the time of delivery;
 - (ii) the Successor and the Issuer have obtained APRA approval and all other necessary authorisations, regulatory and governmental approvals and consents for such substitution and for the performance by the

Successor of its obligations under the Subordinated Securities and the documents effecting substitution;

- (iii) if the Successor does not have a place of business in New South Wales, the Successor has appointed a process agent in New South Wales to receive service of process on its behalf in relation to any legal proceedings arising out of or in connection with the Subordinated Securities; and
 - (iv) the Successor has, in the reasonable opinion of the Issuer, the financial capacity to satisfy its obligations under the Successor Subordinated Deed Poll; and
- (d) the Issuer has used all reasonable endeavours to give an irrevocable notice to the Subordinated Holders as soon as practicable before a NOHC Event occurs but no later than 10 Business Days before the NOHC Event occurs specifying the amendments to the Subordinated Securities which will be made under these Conditions in connection with the substitution of a NOHC as the issuer of ordinary shares on Exchange.

11.3 Effect of substitution of Full Successor

If the relevant requirements set out in Conditions 11.1 and 11.2 relating to a substitution under Condition 11.1(a) have been completed, on and from the Date of Substitution:

- (a) the Full Successor will assume all of the obligations of, succeed to, and be substituted for, and may exercise every right and power of, the Issuer under these Conditions and the Subordinated Deed Poll (as may be amended from time to time) with the same effect as if the Full Successor had been named as the Issuer in these Conditions and the Subordinated Deed Poll;
- (b) the Issuer (or any corporation which has previously assumed the obligations of the Issuer) will be released from its liability under the Conditions and the Subordinated Deed Poll;
- (c) if the Issuer gives a notice to Subordinated Holders under Condition 11.2(d), the amended terms will have effect on and from the date specified in the notice;
- (d) references to the Issuer in these Conditions and the Subordinated Deed Poll will be taken to be references to the Full Successor; and
- (e) references to Ordinary Shares in these Conditions (other than the references contained in Conditions 11.1(a) and 11.2(b)) and the Subordinated Deed Poll will be taken to be references to the NOHC Ordinary Shares.

11.4 Effect of substitution of Partial Successor

If the relevant requirements set out in Conditions 11.1 and 11.2 relating to a substitution under Condition 11.1(b) have been completed, on and from the Date of Substitution:

- (a) the Issuer (or any corporation which has previously assumed the obligations of the Issuer) will be released from any obligation it would otherwise have under

these Conditions to issue Ordinary Shares to Subordinated Holders upon Exchange;

- (b) if the Issuer gives a notice to Subordinated Holders under Condition 11.2(d), the amended terms will have effect on and from the date specified in the notice; and
- (c) references to Ordinary Shares in these Conditions (other than the reference contained in Conditions 11.1(a) and 11.2(b)) and the Subordinated Deed Poll will be taken to be references to the NOHC Ordinary Shares.

12 Events of Default

12.1 Events of Default

An Event of Default occurs in relation to Subordinated Securities of a Subordinated Series if:

- (a) the Issuer fails to pay any amount due in respect of the Subordinated Securities of that Subordinated Series and such default continues for a period of 15 Business Days and is continuing, provided that no Event of Default shall arise on account of any non-payment if the Issuer withholds, deducts or refuses to make the payment:
 - (i) in order to comply with any law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment;
 - (ii) in case of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given as to such validity or applicability, at any time during the said period of 15 Business Days, by independent legal advisers; or
 - (iii) to the extent that, immediately after the payment, the Issuer will not be Solvent (in which case such amount still accumulates and remains a debt owing to the Subordinated Holder by the Issuer); or
- (b) an order is made by a court of competent jurisdiction (other than an order successfully appealed or permanently stayed within 30 Business Days), or an effective resolution is passed, for the winding up of the Issuer in Australia (but not elsewhere).

12.2 Consequences of an Event of Default

If an Event of Default occurs in relation to a Subordinated Series of Subordinated Securities:

- (a) under Condition 12.1(a), any Subordinated Holder of that Subordinated Series may institute proceedings:
 - (i) to recover the amount the Issuer has failed to pay, provided that the Issuer may only be compelled to pay that amount to the extent that, immediately after the payment, the Issuer will be Solvent (in which case

such amount still accumulates and remains a debt owing to the Subordinated Holder by the Issuer);

- (ii) for specific performance of any other obligation in respect of the Subordinated Security; or
 - (iii) for the winding up of the Issuer in Australia (but not elsewhere); or
- (b) under Condition 12.1(b), the Subordinated Securities are immediately due and payable for an amount equal to the Outstanding Principal Amount plus accrued but unpaid Interest up to (but excluding) the date of commencement of the winding up and any Subordinated Holder may, subject to Condition 3, prove in the winding up of the Issuer in respect of this amount.

A Subordinated Holder has no right to accelerate payment or exercise any other remedy (including any right to sue for damages) as a consequence of any Event of Default other than as set out in this Condition 12.2.

12.3 Notification

If an Event of Default occurs, the Issuer will, promptly after becoming aware of it:

- (a) notify the Registrar of the occurrence of the Event of Default specifying details of it; and
- (b) use its reasonable endeavours to procure that the Registrar promptly notifies the Subordinated Holders of the occurrence of the Event of Default by registered post to the address of the Subordinated Holders recorded in the Register.

13 Meetings of Subordinated Holders, Modifications and Waivers

13.1 Meetings of Subordinated Holders

The Subordinated Deed Poll contains provisions for convening meetings of Subordinated Holders to consider matters affecting their interests including certain variations of these Conditions which require the Subordinated Holder's consent. Resolutions passed in accordance with such provisions will be binding on all Subordinated Holders.

13.2 Modification of the Conditions and Meeting Provisions

- (a) At any time, but subject to compliance with the Corporations Act, all applicable laws and Condition 13.2(c), the Issuer may by deed poll, without the consent of Subordinated Holders, amend these Conditions or the Subordinated Deed Poll, if the Issuer is of the opinion that such alteration is:
 - (i) of a formal, technical or minor nature;
 - (ii) made to cure any ambiguity, correct any manifest error or correct or supplement any defective provision of the Conditions or amend any provision of the Subordinated Deed Poll;

- (iii) necessary or expedient for the purposes of facilitating a substitution in accordance with Condition 11 (including satisfying any requirement of APRA in connection with such a substitution);
- (iv) made to amend any date or time period stated, required or permitted in connection with any Redemption or Exchange (including, without limitation, when the proceeds of Redemption are to be reinvested in a new security to be issued by the Issuer or a Related Body Corporate);
- (v) not materially prejudicial to the interests of Subordinated Holders as a whole (or, where the alteration is in relation to a particular Subordinated Series, not materially prejudicial to the interests of Subordinated Holders of that Subordinated Series as a whole); or
- (vi) made to:
 - (A) alter the terms of any Subordinated Securities to align them with any Relevant Tier 2 Securities issued after the date of such Subordinated Securities; or
 - (B) alter either or both of the definitions of “Relevant Tier 1 Securities” and “Relevant Tier 2 Securities” on account of the issue (after the date of issue of any Subordinated Securities) of capital instruments of the CBA Group,

in each case provided such alteration is not materially prejudicial to the interests of Subordinated Holders as a whole (or, where the alteration is in relation to a particular Subordinated Series, not materially prejudicial to the interests of Subordinated Holders of that Subordinated Series as a whole).

The Conditions of all Subordinated Securities will be amended from the date specified by the Issuer.

- (b) Subject to Condition 13.2(c) and without limiting Condition 13.2, the Issuer may by deed poll amend these Conditions or the Subordinated Deed Poll if such alteration is approved by a Special Resolution. The Conditions of all Subordinated Securities will be amended from the date specified in the Special Resolution or otherwise notified to Subordinated Holders (provided such date is permitted by the terms of the Special Resolution).
- (c) Prior to any amendment under Conditions 13.2(a) and 13.2(b) being effective, where required the Issuer must obtain APRA’s prior written approval (APRA approval is required where the amendment affects, or may affect, the capital treatment of the Subordinated Securities under APRA’s prudential standards at the relevant time) and any consent or approval required under any applicable law or regulation.

14 Further issues of Subordinated Securities

- (a) The Issuer may, from time to time, without the consent of the Subordinated Holders create and issue further securities either having the same terms and conditions as the Subordinated Securities in all respects (or in all respects except for the Issue Date or first payment of Interest on them) and so that such

further issue of securities shall be consolidated and form a single Subordinated Series with the outstanding Subordinated Securities of any Subordinated Series or upon such terms as the Issuer may determine at the time of their issue, provided that such further issue of securities meet the criteria for eligibility as Tier 2 Capital as at the Issue Date of such further issue of securities. References in these Conditions to the Subordinated Securities include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single Subordinated Series with the Subordinated Securities. Any Securities which have been issued on the terms of the Deed Poll (Subordinated Securities) dated 28 October 2014 (the **First Subordinated Deed Poll**) or the Second Deed Poll (Subordinated Securities) dated 18 August 2017 (the **Second Subordinated Deed Poll**), the Third Deed Poll (Subordinated Securities) dated 25 June 2018 (the **Third Subordinated Deed Poll**) or the Fourth Deed Poll (Subordinated Securities) dated 9 May 2019 (the **Fourth Subordinated Deed Poll**) and additional Tranches of Securities of a Series existing prior to the date of the Subordinated Deed Poll will remain subject to the terms of the First Subordinated Deed Poll or the Second Subordinated Deed Poll or the Third Subordinated Deed Poll and any agreements entered into on or about the date of such deed poll.

- (b) Nothing in these Conditions shall be construed or deemed to limit the ability of the Issuer to issue further Senior Ranking Obligations or Equal Ranking Securities.

15 NOTICES

All notices and other communications to Subordinated Holders must be in writing and either:

- (a) sent by prepaid post (airmail if appropriate) to or left at the address of the Subordinated Holders (as shown in the Register at the close of business on the day which is 3 Business Days before the date of the notice or communication); or
- (b) (if available) issued to Subordinated Holders through a Clearing System in accordance with any applicable rules and regulations of that Clearing System.

An accidental or inadvertent failure to give notice to a particular Subordinated Holder will not invalidate a notice otherwise properly given to Subordinated Holders.

15.2 To the Issuer and Registrar from a Subordinated Holder

All notices and other communications by a Subordinated Holder to the Issuer or the Registrar must be in writing and sent by prepaid post (airmail if appropriate) to or left at the address of the Issuer or the Registrar (as shown in the "Directory" in the Information Memorandum).

Notices and other communications take effect from the time they are taken to be received unless a later time is specified in them.

15.4 Receipt

- (a) If sent by post, notices or other communications are taken to be received 3 Business Days after posting (or 7 Business Days after posting if sent to or from a place outside Australia);
- (b) If left at the address, notices or other communications are taken to be received when given unless received after 5:00pm in the place or receipt or on a non-Business Day, in which case they are taken to be received at 9:00am on the next Business Day;
- (c) If issued through a Clearing System, notices or other communications are taken to be received on the date on which they are deemed to have been received in accordance with the applicable rules and regulations of that Clearing System.

15.5 Non-Viability Trigger Event notification

Nothing in Condition 15 affects the operation of Condition 4.

16 GOVERNING LAW AND JURISDICTION

- (a) These Conditions are governed by and must be construed according to the law applying in New South Wales.
- (b) The Issuer irrevocably submits, and each Subordinated Holder is taken irrevocably to submit, to the non-exclusive jurisdiction of the courts of New South Wales and the courts competent to determine appeals from those courts, with respect to any proceedings which may be brought at any time relating to these Conditions.
- (c) The Issuer irrevocably waives, and each Subordinated Holder is taken irrevocably to waive, any objection it may now or in the future have to the venue of any proceedings, and any claim it may now or in the future have that any proceedings have been brought in an inconvenient forum, if that venue falls within Condition 16(b).

The Securities and the Ordinary Shares which may be issued on Exchange of the Subordinated Securities have not been or will not be registered under the Securities Act nor with any securities regulatory authority of any state or other jurisdiction of the United States. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Securities, an offer or sale of such Securities within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Securities, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Securities which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” as defined in the SFO and any rules made under the SFO.

In addition, no person may distribute any offering material or advertisement (as defined in the FMCA) in relation to any offer of Notes in New Zealand other than to such persons as referred to in the paragraph above.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold, and will not offer or sell, any Notes to persons whom it believes to be:

- (a) persons who are resident in New Zealand for New Zealand income tax purposes;

8 SETTLEMENT AND TRANSFER

Austraclear

On issue of a Security, the Issuer will (unless otherwise agreed with the Holder) procure that the Securities are entered into the Austraclear System. On entry, Austraclear Limited (ABN 94 002 060 773) (**Austraclear**), will become the sole registered holder and legal owner of the Security. Members of the Austraclear System (**Accountholders**) acquire rights against Austraclear in relation to those Securities as beneficial owners and Austraclear is required to deal with the Securities in accordance with the directions and instructions of the Accountholders. Any potential investors who are not Accountholders may hold their interest in the relevant Securities through a nominee who is an Accountholder. All payments by the Issuer in respect of Securities entered in the Austraclear System will be made directly to an account agreed with Austraclear or as it directs in accordance with the Regulations.

Accountholders may, on request to the Registrar receive written confirmation from the Registrar that they are noted in the Register in respect of a specified number of Securities.

Holding of Securities through Euroclear and Clearstream

On admission to the Austraclear System, interests in the Securities may be held through Euroclear or Clearstream. In these circumstances, entitlements in respect of holdings of interests in the Securities in Euroclear would be held in the Austraclear System by HSBC Custody Nominees (Australia) Limited as nominee of Euroclear, while entitlements in respect of holdings of interests in the Securities in Clearstream would be held in the Austraclear System by BNP Paribas, Australia Branch as nominee of Clearstream.

The rights of a holder of interests in Securities held through Euroclear or Clearstream are subject to the respective rules and regulations for accountholders of Euroclear and Clearstream and their respective nominees and the rules and regulations of the Austraclear System.

In addition, any transfer of interests in Securities which are held through Euroclear or Clearstream, and to the extent such transfer is in respect of offers in, or received in, Australia, will be subject to the Corporations Act and the other requirements set out in the Securities.

Secondary Market Sales and Austraclear

Secondary market sales of Securities settled in the Austraclear System will be settled in accordance with the Regulations of Austraclear.

Relationship of Accountholders with Austraclear

Securities are lodged with a validly marked and executed transfer and acceptance form (which must be consistent with the Accountholders lodgment report) being delivered or faxed to Austraclear with the lodging accountholder as transferor and Austraclear as Transferee. The Securities are entered into the Accountholder's Security Record (as defined in the Regulations) but, in accordance with the lodged transfer and acceptance form, are transferred to Austraclear.

The Austraclear System facilitates settlement at the point of issue of a Security by matching payments made by an investor to that investor's account with Austraclear against instructions from the Issuer to issue the Notice. The opposite is true of redemption. Austraclear will not be liable for any amounts owing to the Issuer, upon issue, or to investors, upon either payment of interest or amounts due on redemption, which have not been paid to it.

Where Austraclear is registered as the holder of Instruments that are lodged in the Austraclear System, Austraclear may in certain specific circumstances as set out in the Regulations of Austraclear instruct the Registrar to transfer or 'uplift' the Instruments to the person whose Security Record (as defined in the Regulations) those Instruments are recorded without any consent or action of such transferee and, as a consequence, remove those Instruments from the Austraclear System.
