

MiFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes, taking into account the five categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive (EU) 2014/65 (as amended, “**MiFID II**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

PART B – OTHER INFORMATION

1. LISTING AND ADMISSION TO TRADING

- (i) Listing: Application has been made for the Notes to be admitted to trading on Euronext Paris with effect from 22 April 2022.
- (ii) Estimate of total expenses related to admission to trading: EUR 7,950 (without tax)

2. RATINGS

The Notes to be issued have been rated:

Standard & Poor's: BBB+

Moody's: Baa1

Fitch: A-

Standard & Poor's, Moody's and Fitch are established in the European Union and are registered under Regulation (EC) No 1060/2009 (the "**CRA Regulation**"). As such, Standard & Poor's, Moody's and Fitch are included in the list of credit rating agencies published by the European Securities and Market Authority on its website in accordance with the CRA Regulation (www.esma.europa.eu/supervision/credit-rating-agencies/risk).

As defined by Standard & Poor's, a "BBB" exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation (compared to a higher rating). The addition of a plus (+) sign shows relative standing within that rating categories.

As defined by Moody's, obligations rated "Baa" are judged to have medium-grade credit quality and thus subject to moderate credit risk. The modifier 1 indicates that the obligations rank in the higher end of that generic assessment category.

As defined by Fitch, an "A" rating denotes expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may,

nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. The modifier (-) is appended to denote relative status within this category.

3. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE

Save as discussed in “Subscription and Sale” in the Base Prospectus, so far as the Issuer is aware, no person involved in the issue of the Notes has an interest material to the issue. The Joint Lead Managers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer and its affiliates in the ordinary course of business.

4. REASONS FOR THE OFFER AND ESTIMATED NET PROCEEDS

- (ii) Estimated net proceeds: SGD 249,125,000.00

5. YIELD

Indication of yield: 3.989 per cent. *per annum* on an annualised basis until the First Reset Date

The yield in respect of this issue of Notes is calculated on the basis of the Issue Price using the following formula:

$$P = \frac{C}{r} (1 - (1+r)^{-n}) + A(1+r)^{-n}$$

where:

- P is the Issue Price of the Notes;
- C is the Interest Amount;
- A is the outstanding principal amount of Notes due on redemption;
- n is time to 22 July 2027 in years; and
- r is the yield.

As set out above, the yield is calculated at the Issue Date on the basis of the Issue Price. It is not an indication of future yield.
