

PROSPECTUS SUPPLEMENT
(To Prospectus Dated October 27, 2020)**StanleyBlack&Decker****\$1,000,000,000****Stanley Black & Decker, Inc.****2.300% Notes due 2025****3.000% Notes due 2032**

We are offering \$500,000,000 of our 2.300% Notes due 2025 (the “2025 notes”) and \$500,000,000 of our 3.000% Notes due 2032 (the “2032 notes” and, together with the 2025 notes, the “notes”). The 2025 notes will mature on February 24, 2025 and will bear interest at a rate of 2.300% per year; and the 2032 notes will mature on May 15, 2032 and will bear interest at a rate of 3.000% per year. We will pay interest on the 2025 notes semi-annually on February 24 and August 24 of each year, commencing August 24, 2022 and we will pay interest on the 2032 notes semi-annually on May 15 and November 15, commencing May 15, 2022. The notes will be issued only in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. We may redeem some or all of the notes of each series at any time before maturity at the applicable redemption prices discussed under the caption “Description of the Notes—Optional Redemption.” As described under “Description of the Notes—Change of Control,” if we experience a Change of Control and a Below Investment Grade Rating Event with respect to a series of the notes, we will be required to purchase the notes of such series from holders at a repurchase price equal to 101% of their aggregate principal amount, plus accrued and unpaid interest to, but not including, the date of repurchase, unless we have previously redeemed such notes.

The notes will be our direct, unsecured general obligations and will rank equally in right of payment with all of our other unsubordinated indebtedness from time to time outstanding. The notes will not be obligations of or guaranteed by any of our subsidiaries. As a result, the notes will be structurally subordinated to all existing and future debt and other liabilities of our subsidiaries.

Investing in the notes involves risks. See “[Risk Factors](#)” beginning on page S-3 of this prospectus supplement to read about important factors you should consider before buying the notes.

Neither the Securities and Exchange Commission (the “SEC”) nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

ABOUT THIS PROSPECTUS SUPPLEMENT

Unless otherwise indicated or the context otherwise requires, all references in this prospectus supplement to “the Company,” “Stanley,” “we,” “our,” “us” or similar terms mean Stanley Black & Decker, Inc. and its subsidiaries.

We have not, and the underwriters have not, authorized any other person to provide you with any information or make any representation other than the information contained in this prospectus supplement, the accompanying prospectus, any free writing prospectus we may authorize to be delivered to you and the documents incorporated by reference herein and therein. Neither we nor the underwriters take responsibility for, or provide any assurance as to the reliability of, any different or additional information. Neither we nor the underwriters are making an offer to sell the notes in any jurisdiction where the offer or sale is not permitted. You should assume the information appearing in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein are accurate only as of their respective dates. Our business, financial condition, results of operations and prospects may have changed since those respective dates.

This prospectus supplement contains the terms of this offering. This prospectus supplement may add, update or change information contained or incorporated by reference in the accompanying prospectus. In addition, the information incorporated by reference in the accompanying prospectus may have added, updated or changed information in the accompanying prospectus. If information in this prospectus supplement is inconsistent with any information in the accompanying prospectus (or any information incorporated by reference therein), this prospectus supplement will apply and will supersede such information in the accompanying prospectus.

It is important for you to read and consider all information contained in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein in making your investment decision. You should also read and consider the additional information in this prospectus supplement under the caption “Where You Can Find More Information.”

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the SEC under the Securities Exchange Act of 1934, as amended, and the rules promulgated thereunder (the “Exchange Act”). Our SEC filings are available to the public at the SEC’s website at www.sec.gov. We maintain a website at www.stanleyblackanddecker.com. The information on our website is not incorporated by reference in this prospectus supplement or the accompanying prospectus and you should not consider it a part of this prospectus supplement or the accompanying prospectus.

The SEC allows us to “incorporate by reference” information into this prospectus supplement and the accompanying prospectus, which means that we can disclose important information to you by referring you to another document filed separately with the SEC. The information incorporated by reference in this prospectus supplement and the accompanying prospectus is deemed to be part of this prospectus supplement and the accompanying prospectus, except for any information superseded by information contained directly in this prospectus supplement, the accompanying prospectus or any subsequently filed document deemed incorporated by reference. This prospectus supplement and the accompanying prospectus incorporate by reference the documents set forth below that Stanley Black & Decker, Inc. has previously filed with the SEC (other than information deemed furnished and not filed in accordance with SEC rules, including Items 2.02 and 7.01 of Form 8-K). These documents contain important information about Stanley Black & Decker, Inc. and its finances.

If requested, we will provide to each person, including any beneficial owner, to whom this prospectus supplement is delivered, a copy of any or all of the information that has been incorporated by reference into but not delivered with this prospectus supplement. Exhibits to the filings will not be sent, however, unless those exhibits have specifically been incorporated by reference into such documents.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus supplement, the accompanying prospectus and any documents incorporated herein by reference contain or incorporate statements reflecting the Company's views about its future performance that constitute "forward-looking statements" under the Private Securities Litigation Reform Act of 1995.

Those statements include trend analyses and other information relative to markets for our products and trends in our operations or financial results as well as other statements that can be identified by the use of forward-looking language such as "may," "should," "believes," "expects," "anticipates," "plans," "estimates," "intends," "projects," "goals," "objectives," or other similar expressions. Our actual results, performance or achievements could be materially different from the results expressed in, or implied by, those forward-looking statements. Those statements are subject to risks and uncertainties, including but not limited to the risks described in any documents incorporated herein by reference. When considering those forward-looking statements, you should keep in mind the risks, uncertainties and other cautionary statements made in this prospectus supplement, any accompanying prospectus and the documents incorporated by reference.

There are a number of important factors that could cause actual results to differ materially from those indicated by such forward-looking statements, including those set forth in this prospectus supplement, the accompanying prospectus or any documents incorporated herein by reference, including the "Risk Factors," "Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" section of our reports and other documents filed with the SEC. Factors that may cause our actual results to differ materially from those we contemplate by the forward-looking statements include, among others, the following possibilities:

- successfully developing, marketing and achieving sales from new products and services and the continued acceptance of current products and services;
- macroeconomic factors, including global and regional business conditions (such as Brexit), commodity prices, inflation and deflation, and currency exchange rates;
- laws, regulations and governmental policies affecting our activities in the countries where we do business, including those related to tariffs, taxation, data privacy, anti-bribery, anti-corruption, government contracts and trade controls such as section 301 tariffs and section 232 steel and aluminum tariffs;
- the economic, political, cultural and legal environment of emerging markets, particularly Latin America, Russia, China and Turkey;
- realizing the anticipated benefits of mergers, acquisitions, joint ventures, strategic alliances or divestitures;
- pricing pressure and other changes within competitive markets;
- availability and price of raw materials, component parts, freight, energy, labor and sourced finished goods;
- the impact the tightened credit markets and change to LIBOR and other benchmark rates may have on the Company or its customers or suppliers;
- the extent to which we have to write off accounts receivable or assets or experience supply chain disruptions in connection with bankruptcy filings by customers or suppliers;
- our ability to identify and effectively execute productivity improvements and cost reductions;
- potential business and distribution disruptions, including those related to physical security threats, information technology or cyber-attacks, epidemics, pandemics, sanctions, political unrest, war, terrorism or natural disasters;

Table of Contents

- the continued consolidation of customers, particularly in consumer channels and our continued reliance on significant customers;
- managing franchisee relationships;
- the impact of poor weather conditions and climate change;
- maintaining or improving production rates in our manufacturing facilities, responding to significant changes in customer preferences, product demand and fulfilling demand for new and existing products, and learning, adapting and integrating new technologies into products, services and processes;
- changes in the competitive landscape in our markets;
- our non-U.S. operations, including sales to non-U.S. customers;
- the impact from demand changes within world-wide markets associated with homebuilding and remodeling;
- potential adverse developments in new or pending litigation and/or government investigations;
- the incurrence of debt and changes in our ability to obtain debt on commercially reasonable terms and at competitive rates;
- substantial pension and other postretirement benefit obligations;
- potential regulatory liabilities, including environmental, privacy, data breach, workers compensation and product liabilities;
- attracting and retaining key employees, managing a workforce in many jurisdictions, work stoppages or other labor disruptions;
- our ability to keep abreast with the pace of technological change;
- changes in accounting estimates;
- our ability to protect our intellectual property rights and associated reputational impacts;
- the continued adverse effects of the COVID-19 pandemic and an indeterminate recovery period;
- the possibility that we do not achieve the intended financial benefits from the acquisition of MTD;
- the failure to consummate, or a delay in the consummation of, the Security sale transaction for various reasons (including but not limited to failure to receive, or delay in receiving, required regulatory approvals and meet customary closing conditions);
- the failure to undertake or complete, or a delay in the timing of, our share repurchase program; and
- failure to realize the expected benefits of our capital allocation strategy and share repurchase program.

There can be no assurance that other factors not currently anticipated by us will not materially and adversely affect our business, financial condition, and results of operations. You are cautioned not to place undue reliance on any forward-looking statements made by us or on our behalf. Please take into account that forward-looking statements speak only as of the date of this prospectus supplement or, in the case of the accompanying prospectus or any documents incorporated herein by reference, the date of any such document. We do not undertake any obligation to publicly correct or update any forward-looking statement if we later become aware that it is not likely to be achieved. You are advised, however, to consult any further disclosures we make on related subjects in reports to the SEC.

SUMMARY

This summary contains basic information about us and this offering. Because it is a summary, it does not contain all of the information that you should consider before investing in the notes. You should read this entire prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein carefully, including the sections entitled "Risk Factors" in this prospectus supplement and in our Annual Report on Form 10-K for the fiscal year ended January 1, 2022, subsequently filed Quarterly Reports on Form 10-Q, other documents incorporated by reference herein, and our financial statements and the notes thereto incorporated by reference into this prospectus supplement and the accompanying prospectus before making an investment decision.

The Company

Stanley Black & Decker, Inc. was founded in 1843 by Frederick T. Stanley and incorporated in 1852. We are a diversified global provider of hand tools, power tools, outdoor products and related accessories, engineered fastening systems and products, services and equipment for oil & gas and infrastructure applications, and automatic doors. Among the Company's most valuable assets, Stanley®, Black+Decker® and DeWalt® are recognized as three of the world's great brands, while Craftsman® is recognized as a premier American brand.

Our principal executive office is located at 1000 Stanley Drive, New Britain, Connecticut 06053 and our telephone number is (860) 225-5111.

The Offering

The summary below describes the principal terms and conditions of the notes. Certain of the terms and conditions described below are subject to important limitations and exceptions. The section "Description of the Notes" of this prospectus supplement contains a more detailed description of the terms and conditions of the notes. For purposes of this "The Offering" section of the prospectus supplement summary, "we," "us," "our" or "the Company" refers to Stanley Black & Decker, Inc. and not its subsidiaries.

Each Series of the notes will be issued under an indenture, dated as of November 1, 2002 (as heretofore supplemented or amended, the "Base Indenture"), between us and The Bank of New York Mellon Trust Company, N.A., as successor trustee to JPMorgan Chase Bank, N.A. (the "Trustee"), as supplemented by an tenth supplemental indenture between us and the Trustee, establishing the terms of the applicable series of the notes (the Base Indenture, as so supplemented, the "Indenture").

Issuer	Stanley Black & Decker, Inc., a Connecticut corporation.
Securities Offered	\$500,000,000 aggregate principal amount of 2.300% notes due 2025. \$500,000,000 aggregate principal amount of 3.000% notes due 2032.
Maturity	The 2025 notes will mature on February 24, 2025. The 2032 notes will mature on May 15, 2032.
Interest	Interest on the notes will accrue at the rate of 2.300% per year, in the case of the 2025 notes, and 3.000% per year, in the case of the 2032 notes. Interest on the 2025 notes will be payable semi-annually in arrears on February 24 and August 24 of each year, commencing August 24, 2022. Interest on the 2032 notes will be payable semi-annually in arrears on May 15 and November 15, commencing May 15, 2022.

Table of Contents

Ranking	<p>The notes will be our direct, unsecured general obligations and will rank equally in right of payment with all of our other unsubordinated debt. As of January 1, 2022, after giving effect to this offering and the use of proceeds therefrom, we would have had \$4,400 million principal amount of unsubordinated long-term indebtedness that would have ranked equally in right of payment with the notes. As of January 1, 2022, we had no secured indebtedness outstanding.</p> <p>The notes will not be obligations of, or guaranteed by, any of our subsidiaries. As a result, the notes will be structurally subordinated to all debt and other liabilities of our subsidiaries, which means that creditors and preferred stockholders of such subsidiaries will be paid from the assets of such subsidiaries before holders of the notes would have any claims to those assets. As of January 1, 2022, our subsidiaries had approximately \$9,306.6 million of total liabilities (excluding affiliate liabilities owed to us), including the principal amount of debt outstanding.</p>
Listing	<p>The notes are not, and are not expected to be, listed on any national securities exchange or included in any automated quotation system.</p>
Use of Proceeds	<p>We expect to receive net proceeds from this offering of approximately \$991.9 million, after deducting expenses and the underwriting discounts. We intend to use the net proceeds from this offering for general corporate purposes, including repayment of indebtedness under our commercial paper facilities. See “Use of Proceeds.”</p>
Additional Issuances	<p>We may, at any time, create and issue additional notes having the same terms as a series of the notes (other than issuance date, initial interest accrual date and, if applicable, initial interest payment date); provided that if the additional notes are not fungible with the notes of a particular series, such additional notes will have a separate CUSIP, ISIN, or other identifying number so that they are distinguishable from the applicable series of notes offered hereby.</p>
Optional Redemption	<p>We may redeem some or all of the notes of each series at any time and from time to time at the applicable redemption prices discussed under the caption “Description of the Notes—Optional Redemption.”</p>
Change of Control	<p>If a Change of Control Triggering Event occurs with respect to a series of the notes, we will make an offer to repurchase the notes of such series. See “Description of the Notes—Change of Control.”</p>
Trustee	<p>The Bank of New York Mellon Trust Company, N.A.</p>

RISK FACTORS

In considering whether to purchase the notes, you should carefully consider all of the information we have included or incorporated by reference in this prospectus supplement or the accompanying prospectus. In particular, you should carefully consider the risk factors described below, the discussion of risks relating to our business under the caption “Risk Factors” in our annual report on Form 10-K for the fiscal year ended January 1, 2022, subsequently filed Quarterly Reports on Form 10-Q, other documents incorporated by reference herein, and the factors listed in “Special Note Regarding Forward-Looking Statements” in this prospectus supplement and accompanying prospectus before deciding whether an investment in the notes is suitable for you. The notes are not an appropriate investment for you if you are unsophisticated with respect to the complex terms of the notes or financial matters.

Risk Factor Relating to the COVID-19 Pandemic

The continued adverse effects of the COVID-19 pandemic and an indeterminate recovery period could have a materially negative impact on the Company's business, operations, financial condition, results of operations, and liquidity, the nature and extent of which is highly uncertain.

The impact of the COVID-19 pandemic has adversely affected, and may continue to adversely affect, the Company's business, financial condition, workforce and operations and the operations of its customers, distributors, suppliers and contractors. There continues to be significant uncertainty regarding restrictions on the Company's access to its manufacturing facilities or on its support operations or workforce, or similar limitations for its distributors and suppliers. These measures have limited and could continue to limit customer demand and has and could continue to limit the Company's capacity to meet customer demand, which could have a material negative impact on its financial condition and results of operations.

The COVID-19 pandemic has adversely affected global economics and markets and has resulted in disruptions in commerce that will continue to evolve, including with respect to financial and other economic activities, services, travel and supply chains. Global and national health concerns could lead to further and/or increased volatility in global capital and credit markets. A sustained downturn in customer demand or other economic conditions could result in material charges related to bad debt or inventory write-offs, restructuring charges, or impairments of long-lived assets, including both tangible and intangible assets. Furthermore, a sustained downturn in financial markets and asset values could adversely affect the Company's cost of capital, liquidity and access to capital markets, in addition to potentially increasing its pension funding obligations to ensure its pension plans continue to be adequately funded.

The ongoing COVID-19 pandemic has caused the Company to modify its business practices (including employee travel, employee work locations, and cancellation of physical participation in meetings, events and conferences). The Company has announced an internal vaccine protocol. The Department of Labor's Occupational Safety and Health Administration (“OSHA”) had issued rules requiring that all large employers in the U.S. have employee populations that are fully vaccinated against or weekly tested for COVID-19, however, the implementation of the OSHA rules was stayed by the Supreme Court on January 13, 2022 and the OSHA withdrew the rules on January 25, 2022. Although OSHA left open the possibility that it might try to finalize a permanent vaccine and testing rule in the future, vaccine protocols are currently state and employer-specific. It is currently not possible to predict with certainty the impact any future rules and the Company's vaccination policy will have on its workforce. Additional vaccine mandates may also be implemented in other jurisdictions in which the Company operates and the Company may take further actions as may be required by government authorities or that the Company determines are in the best interests of its employees, customers, distributors, suppliers and contractors. There is no certainty that such measures will be sufficient to mitigate the risks posed by the virus, and the Company's ability to perform critical functions could be harmed and vaccine mandates could result in higher than usual employee attrition rates and adversely impact the operations of the Company if higher than usual customer demand of its products continues similar to demand levels experienced during the second half of

[Table of Contents](#)

2020 and during 2021. Furthermore, as a result of the ongoing COVID-19 pandemic, in 2020 the Company executed certain temporary and permanent cost reduction measures including adjustments to its supply chain and manufacturing labor base to match the demand environment and reductions in staffing, compensation and benefits in a manner that allows the Company to respond to changes in demand, some of which were reversed and some were made permanent. These cost reduction measures may not prove to be successful and the Company may need to undertake further measures that could adversely impact its business and/or its ability to ramp up operations in a timely manner.

The continued spread of COVID-19 has caused, and may continue to cause, disruptions in the Company's supply chain, cause delay, or limit the ability of, customers to continue to operate and perform, including in making timely payments to the Company, result in the Company's inability to meet its consumers' and customers' needs due to disruptions in manufacturing and supply arrangements caused by the loss or disruption of essential manufacturing and supply elements, and cause other unpredictable events.

In addition, the ongoing COVID-19 pandemic may also limit the Company's resources or delay the Company's ability to implement strategic initiatives. If strategic initiatives are delayed, such initiatives may not achieve some or all of the expected benefits, which could have a material adverse effect on the Company's competitive position, business, financial condition and results of operations and cash flows.

The continued spread of COVID-19 has caused, and may continue to cause, significant reductions in demand or significant volatility in demand for certain of the Company's products. As lockdowns occurred in the first and second quarters of 2020 and the work from home trend continued in 2021, those subject to lockdowns and working from home engaged in home improvement projects in large numbers, and demand for the Company's products at its retail partners increased significantly. As different geographical areas anticipate moving into a recovery era, demand for the Company's products may decrease as focus shifts to activities outside the home. The degree to which COVID-19 ultimately affects the Company's results and operations will depend on future developments, which are highly uncertain and cannot be predicted, including, but not limited to, the duration and spread of the outbreak, its severity, the actions to contain the virus or treat its impact, the availability of vaccines, effectiveness against new variants of COVID-19 and achievement of sufficient vaccination levels, and how quickly and to what extent normal economic and operating conditions can resume.

Risk Factors Relating to the Notes

An active trading market for the notes may not develop.

We cannot assure you that an active trading market for the notes will develop or as to the liquidity or sustainability of any such market, the ability of the holders to sell their notes or the price at which holders of the notes will be able to sell their notes. Future trading prices of the notes will depend on many factors, including, among other things, prevailing interest rates, the market for similar securities, our performance and other factors. We do not intend to apply for listing of the notes on any securities exchange or other market.

We cannot assure you as to the market price for the notes. If you are able to resell your notes, the price you receive will depend on many other factors that may vary over time, including:

- our credit ratings;
- the number of potential buyers;
- the level of liquidity of the notes;
- our financial performance;
- the amount of total indebtedness we have outstanding;
- the level, direction and volatility of market interest rates and credit spreads generally;

[Table of Contents](#)

- the market for similar securities;
- the repayment and redemption features of the notes; and
- the time remaining until your notes mature.

As a result of these and other factors, you may be able to sell your notes only at a price below that which you believe to be appropriate, including a price below the price you paid for them.

There is no limit on our ability to create additional notes.

Under the terms of the Indenture, we will have the right from time to time without notice to, or the consent of, the holders of the notes of the applicable series, create and issue additional notes identical to the notes in all respects (except for the payment of interest accruing prior to the issue date of the new notes or except for the first payment of interest following the issue date of the new notes) so that the new notes may be consolidated and form a single series with the notes.

We are both an operating company and a holding company, and we may require cash from our subsidiaries to make payments on the notes. The notes will be structurally subordinated to the liabilities of our subsidiaries.

The notes are solely our obligation, and no other entity will have any obligation, contingent or otherwise, to make payments in respect of the notes. While we have substantial operations of our own, we are also a holding company for several direct and indirect subsidiaries. Our subsidiaries will have no obligation to pay any amount in respect of the notes. Accordingly, we may depend, in part, on dividends and other distributions from our subsidiaries to generate the funds necessary to meet our obligations under the Indenture, including payment of interest. Our ability to participate in any distribution of assets of any subsidiary is “structurally subordinate” to the claims of the creditors of that subsidiary. As of January 1, 2022, our subsidiaries had approximately \$9,306.6 million of total liabilities (excluding affiliate liabilities owed to us), including the principal amount of debt outstanding. In addition, the Indenture will not restrict the amount of unsecured debt that our subsidiaries may incur. If we are unable to obtain cash from our subsidiaries, we may be unable to fund required payments in respect of the notes.

Our ability to repurchase notes upon a change of control may be limited.

Upon the occurrence of a Change of Control Triggering Event with respect to a series of the notes, each holder of notes will have the right to require us to repurchase the holder’s notes. If a Change of Control Triggering Event were to occur, but we did not have sufficient funds to pay the repurchase price for all of the notes which were tendered, that failure would constitute an event of default under the Indenture. Therefore, the occurrence of a Change of Control Triggering Event at a time when we could not pay for the notes which were tendered as a result of the Change of Control Triggering Event could result in holders of notes receiving substantially less than the principal amount of the notes.

USE OF PROCEEDS

We expect to receive net proceeds from this offering of approximately \$991.9 million, after deducting expenses and the underwriting discounts. We intend to use the net proceeds from this offering for general corporate purposes, including repayment of indebtedness under our commercial paper facilities.

CAPITALIZATION

The following table sets forth our cash and cash equivalents and capitalization as of January 1, 2022, on an actual and an as adjusted basis to give effect to the issuance of the notes and the application of the net proceeds from this offering as described under "Use of Proceeds." The "As Adjusted" column does not give effect to any other changes in our cash and cash equivalents and capitalization occurring after January 1, 2022.

The actual data included in the table below is derived from our audited consolidated financial statements as of January 1, 2022. This table should be read in conjunction with those consolidated financial statements and the notes thereto in our Annual Report on Form 10-K for the year ended January 1, 2022 and incorporated in this prospectus supplement by reference.

DESCRIPTION OF THE NOTES

General

We will issue 2.300% Senior Notes due 2025 (the “2025 notes”) and 3.000% Senior Notes due 2032 (the “2032 notes,” and together with the 2025 notes, the “notes”). Each series of the notes will be issued under an indenture, dated as of November 1, 2002 (as heretofore supplemented or amended, the “Base Indenture”), between us and The Bank of New York Mellon Trust Company, N.A., as successor trustee to JPMorgan Chase Bank, N.A. (the “Trustee”), as supplemented by a tenth supplemental indenture between us and the Trustee, establishing the terms of the applicable series of the notes (the Base Indenture, as so supplemented, the “Indenture”). The following description of the particular terms of the notes supplements the description of the general terms and provisions of the debt securities set forth in the accompanying prospectus.

The notes:

- will be unsecured, unsubordinated debt securities;
- will initially be limited to \$500,000,000 aggregate principal amount of 2025 notes and \$500,000,000 aggregate principal amount of 2032 notes;
- will mature on, with respect to the 2025 notes, February 24, 2025 and, with respect to the 2032 notes, May 15, 2032;
- will bear interest from February 24, 2022 at the rate of, with respect to the 2025 notes, 2.300% per annum and, with respect to the 2032 notes, 3.000% per annum; and
- will pay interest semi-annually, in arrears, with respect to the 2025 notes, on February 24 and August 24, commencing on August 24, 2022, to the persons in whose names the notes are registered at the close of business on the preceding February 10 or August 10, respectively, and with respect to the 2032 notes, on May 15 and November 15, commencing on May 15, 2022, to the persons in whose names the notes are registered at the close of business on the preceding May 1 or November 1, respectively.

As used in this “Description of the Notes,” the terms “we,” “our” and “us” refer to Stanley Black & Decker, Inc., a Connecticut corporation, and do not, unless otherwise specified, include our subsidiaries.

Ranking

The notes will be our direct, unsecured general obligations and will rank equally in right of payment with all of our other unsubordinated debt. As of January 1, 2022, after giving effect to this offering and the use of proceeds therefrom, we would have had \$4,400 million principal amount of unsubordinated long-term indebtedness that would have ranked equally in right of payment with the notes. As of January 1, 2022, we had no secured indebtedness outstanding.

The notes will not be obligations of, or guaranteed by, any of our subsidiaries. As a result, the notes will be structurally subordinated to all debt and other liabilities of our subsidiaries, which means that creditors and preferred stockholders of such subsidiaries will be paid from the assets of such subsidiaries before holders of the notes would have any claims to those assets. As of January 1, 2022, our subsidiaries had approximately \$9,306.6 million of total liabilities (excluding affiliate liabilities owed to Stanley Black & Decker, Inc.), including the principal amount of debt outstanding.

Further Issuances

We may from time to time, without notice to, or consent of, the holders of the notes of the applicable series, issue additional notes of each series. Such additional notes will have the same tenor, coupon and other terms as the notes of such series, other than issuance date, initial interest accrual date and, if applicable, initial interest payment date, so that such notes and the notes of such series offered hereby will form a single series. We refer to this additional issuance of notes as a “further issuance.” In the event that any additional notes are not fungible with the notes of a particular series offered hereby for U.S. federal income tax purposes, such additional notes will have a separate CUSIP, ISIN, or other identifying number so that they are distinguishable from the applicable series of notes offered hereby.

Optional Redemption

At any time and from time to time, the notes are redeemable, as a whole or in part (equal to an integral multiple of \$1,000; provided that no note shall be in a denomination less than \$2,000), at our option, on at least 10 days', and not more than 60 days', prior notice mailed (or otherwise transmitted in accordance with DTC procedures) to the registered address of each holder of the notes (except that notices of redemption may be mailed (or otherwise transmitted in accordance with DTC procedures) more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the applicable notes or a satisfaction and discharge of the Indenture).

2025 Notes

Prior to the 2025 Par Call Date (as defined below), the Company may redeem the notes at its option, in whole or in part, at any time and from time to time, at a redemption price (expressed as a percentage of principal amount and rounded to three decimal places) equal to the greater of:

- 100% of the principal amount of the 2025 notes to be redeemed; and
- (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the redemption date (assuming the notes matured on the 2025 Par Call Date) on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate (as defined below) plus 10 basis points less (b) interest accrued to the date of redemption,

plus accrued and unpaid interest to, but excluding, the redemption date.

2032 Notes

Prior to the 2032 Par Call Date (as defined below), the Company may redeem the notes at its option, in whole or in part, at any time and from time to time, at a redemption price (expressed as a percentage of principal amount and rounded to three decimal places) equal to the greater of:

- 100% of the principal amount of the 2032 notes to be redeemed; and
- (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the redemption date (assuming the notes matured on the 2032 Par Call Date) on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate (as defined below) plus 20 basis points less (b) interest accrued to the date of redemption,

plus accrued and unpaid interest to, but excluding, the redemption date.

On or after the 2025 Par Call Date or the 2032 Par Call Date, as applicable, the Company may redeem the applicable series of notes, in whole or in part, at any time and from time to time, at a redemption price equal to 100% of the principal amount of the notes being redeemed plus accrued and unpaid interest thereon to the redemption date.

The principal amount of a note remaining outstanding after a redemption in part shall be \$2,000 or an integral multiple of \$1,000 in excess thereof. Once notice of redemption is mailed (or otherwise transmitted in accordance with DTC procedures), the notes called for redemption will become due and payable on the redemption date and at the redemption price, plus accrued and unpaid interest to, but excluding, the redemption date.

"2025 Par Call Date" means, February 24, 2023 (24 months prior to the maturity date of the 2025 notes).

"2032 Par Call Date" means, February 15, 2032 (three months prior to the maturity date of the 2032 notes).

Table of Contents

“Treasury Rate” means, with respect to any redemption date, the yield determined by the Company in accordance with the following two paragraphs.

The Treasury Rate shall be determined by the Company after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of Governors of the Federal Reserve System), on the third business day preceding the redemption date based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as “Selected Interest Rates (Daily)—H.15” (or any successor designation or publication) (“H.15”) under the caption “U.S. government securities—Treasury constant maturities—Nominal” (or any successor caption or heading). In determining the Treasury Rate, the Company shall select, as applicable: (1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the redemption date to (i) in the case of the 2025 Notes, the 2025 Par Call Date and (ii) in the case of the 2032 Notes, the 2032 Par Call Date (as applicable, the “Remaining Life”); or (2) if there is no such Treasury constant maturity on H.15 exactly equal to the Remaining Life, the two yields—one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately longer than the Remaining Life—and shall interpolate to (i) in the case of the 2025 Notes, the 2025 Par Call Date and (ii) in the case of the 2032 Notes, the 2032 Par Call Date on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or (3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the Remaining Life. For purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the redemption date.

If on the third business day preceding the redemption date H.15 or any successor designation or publication is no longer published, the Company shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second business day preceding such redemption date of the United States Treasury security maturing on, or with a maturity that is closest to, (i) in the case of the 2025 Notes, the 2025 Par Call Date and (ii) in the case of the 2032 Notes, the 2032 Par Call Date. If there is no United States Treasury security maturing on (i) in the case of the 2025 Notes, the 2025 Par Call Date and (ii) in the case of the 2032 Notes, the 2032 Par Call Date, but there are two or more United States Treasury securities with a maturity date equally distant from (i) in the case of the 2025 Notes, the 2025 Par Call Date and (ii) in the case of the 2032 Notes, the 2032 Par Call Date, one with a maturity date preceding (i) in the case of the 2025 Notes, the 2025 Par Call Date and (ii) in the case of the 2032 Notes, the 2032 Par Call Date, and one with a maturity date following the (i) in the case of the 2025 Notes, the 2025 Par Call Date and (ii) in the case of the 2032 Notes, the 2032 Par Call Date, the Company shall select the United States Treasury security with a maturity date preceding the (i) in the case of the 2025 Notes, the 2025 Par Call Date and (ii) in the case of the 2032 Notes, the 2032 Par Call Date. If there are two or more United States Treasury securities maturing on the (i) in the case of the 2025 Notes, the 2025 Par Call Date and (ii) in the case of the 2032 Notes, the 2032 Par Call Date or two or more United States Treasury securities meeting the criteria of the preceding sentence, the Company shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices (expressed as a percentage of principal amount) at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

The Company’s actions and determinations in determining the redemption price shall be conclusive and binding for all purposes, absent manifest error. The Company will notify the Trustee of the redemption price

Table of Contents

promptly after the calculation thereof and the Trustee shall not be responsible or liable for any calculation of the redemption price or of any component thereof, or for determining whether manifest error has occurred.

Notice of any redemption will be mailed or electronically delivered (or otherwise transmitted in accordance with the depositary's procedures) at least 10 days but not more than 60 days before the redemption date to each holder of notes to be redeemed.

In the case of a partial redemption, selection of the notes for redemption will be made pro rata, by lot or by such other method as the Trustee in its sole discretion deems appropriate and fair. No notes of a principal amount of \$2,000 or less will be redeemed in part. If any note is to be redeemed in part only, the notice of redemption that relates to the note will state the portion of the principal amount of the note to be redeemed. Except in the case of global notes, a new note in a principal amount equal to the unredeemed portion of the note will be issued in the name of the holder of the note upon surrender for cancellation of the original note. In the case of global notes, DTC will determine the allocation of the redemption price among beneficial owners in such global notes in accordance with DTC's applicable procedures.

Unless the Company defaults in payment of the redemption price, on and after the redemption date interest will cease to accrue on the notes or portions thereof called for redemption.

Change of Control

If, with respect to a series of the notes, a Change of Control Triggering Event occurs, unless we have exercised our option to redeem all notes of such series then outstanding, you will have the right to require us to repurchase all or any part (equal to an integral multiple of \$1,000) of your notes pursuant to the offer described below (the "Change of Control Offer"); *provided*, that, with respect to such series of the notes, the principal amount of a note outstanding after a repurchase in part shall be \$2,000 or an integral multiple of \$1,000 in excess thereof. In the Change of Control Offer, we will offer payment in cash equal to 101% of the aggregate principal amount of notes to be repurchased plus accrued and unpaid interest, if any, on the notes repurchased to, but excluding, the date of repurchase (the "Change of Control Payment"). Within 30 days following any Change of Control Triggering Event or, at our option (if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer), prior to any Change of Control (as defined below), we will mail (or otherwise transmit in accordance with DTC procedures) a notice to you describing the transaction or transactions that constitute or may constitute the Change of Control Triggering Event and offering to repurchase the notes on the date specified in the notice, which date will be no earlier than 10 days and no later than 60 days from the date such notice is mailed (or otherwise transmitted in accordance with DTC procedures) (the "Change of Control Payment Date"), pursuant to the procedures described in such notice. The notice will, if mailed (or otherwise transmitted in accordance with DTC procedures) prior to the date of consummation of the Change of Control, state that the Change of Control Offer is conditioned on the Change of Control or the Change of Control Triggering Event occurring on or prior to the Change of Control Payment Date. We will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934 (the "Exchange Act") and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the notes, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control provisions of the Indenture by virtue of such conflicts.

On the Change of Control Payment Date, we will, to the extent lawful, with respect to the applicable series of the notes:

- accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;
- deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and

Table of Contents

- mail (or otherwise transmit in accordance with DTC procedures) or cause to be mailed (or otherwise transmitted in accordance with DTC procedures) to the Trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being purchased by us and the amount to be paid by the paying agent.

We will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if, with respect to a series of the notes, (i) a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for a Change of Control Offer made by us, and such third party purchases all notes properly tendered and not withdrawn under its offer; or (ii) a notice of redemption has been given pursuant to the Indenture as described above under the caption "—Optional Redemption," pursuant to which we have exercised our right to redeem the notes of such series in full, unless and until there is a default in payment of the applicable redemption price.

If, with respect to a series of the notes, holders of not less than 90% in aggregate principal amount of the notes of such series then outstanding validly tender and do not withdraw such notes in a Change of Control Offer and we, or any third party making such an offer in lieu of us as described above, purchase all of such notes properly tendered and not withdrawn by such holders, we or such third party will have the right, upon not less than 10 days' nor more than 60 days' prior notice (provided, that such notice is given not more than 60 days following such repurchase pursuant to the Change of Control Offer described above) to redeem all notes of such series that remain outstanding following such purchase on a date specified in such notice (the "Second Change of Control Payment Date") and at a price in cash equal to 101% of the aggregate principal amount of the notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased to, but excluding, the Second Change of Control Payment Date.

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

"Below Investment Grade Rating Event" means, with respect to a series of the notes, the rating of the notes is lowered below an Investment Grade Rating by each of the Rating Agencies on any date from the date of the public notice of an arrangement that could result in a Change of Control until the end of the 60-day period following public notice of the occurrence of the Change of Control (which 60-day period shall be extended so long as the rating of the notes is under publicly announced consideration for possible downgrade by any of the Rating Agencies; provided that no such extension shall occur if on such 60th day the notes have an Investment Grade Rating from at least one Rating Agency and are not subject to review for possible downgrade by such Rating Agency), and *provided further*, that a Below Investment Grade Rating Event shall not be deemed to have occurred in respect of a particular Change of Control (and thus will not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Triggering Event) if each Rating Agency making the reduction in rating does not publicly announce or confirm or inform us that the reduction was the result, in whole or in part, of any event or circumstance comprised of, or arising as a result of, or in respect of, the Change of Control (whether or not the applicable Change of Control has occurred at the time of such reduction).

"Change of Control" means the occurrence of any of the following: (i) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of us and our subsidiaries taken as a whole to any Person (as defined below) other than us or one of our subsidiaries; or (ii) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any Person becomes the beneficial owner, directly or indirectly, of more than 50% of our outstanding Voting Stock (as defined below) (measured by voting power rather than the number of shares). Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control if (1) we become a direct or indirect wholly owned Subsidiary (as defined below) of a holding company; and (2) the direct or indirect holders of the Voting Stock of such holding company immediately following that transaction are substantially the same as the holders of our Voting Stock immediately prior to that transaction.

Table of Contents

“Change of Control Triggering Event” means, with respect to a series of the notes, the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

“Fitch” means Fitch, Inc. and its successors.

“Investment Grade Rating” means a rating equal to, or higher than, Baa3 (or the equivalent) by Moody’s, BBB- (or the equivalent) by S&P and BBB- (or the equivalent) by Fitch.

“Moody’s” means Moody’s Investors Service, Inc., and its successors.

“Person” means any “person” as that term is used in Section 13(d)(3) of the Exchange Act.

“Rating Agencies” means (i) each of Moody’s, S&P and Fitch; and (ii) if any of Moody’s, S&P or Fitch ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a “nationally recognized statistical rating organization” within the meaning of Section 3(a)(62) under the Exchange Act selected by us (as certified by a resolution of our board of directors) as a replacement agency for Moody’s, S&P or Fitch, as the case may be.

“S&P” means S&P Global Ratings Inc. and its successors.

“Voting Stock” of any specified Person as of any date means the capital stock of such Person that is at the time entitled to vote generally in the election of the board of directors of such Person.

Notwithstanding the foregoing or any provision of Rule 13(d)(3) or Rule 13(d)(5) of the Exchange Act, a Person shall not be deemed to beneficially own the Voting Stock subject to a stock or asset purchase agreement, merger agreement, option agreement, warrant agreement or similar agreement (or voting, support, option or similar agreement related thereto) until the consummation of the acquisition of the Voting Stock in connection with the transactions contemplated by such agreement.

The definition of “Change of Control” includes a phrase relating to the sale, transfer, conveyance or other disposition of “all or substantially all” of our assets. There is no precise, established definition of the phrase “substantially all” under applicable law. Accordingly, your ability to require us to purchase your notes as a result of the sale, transfer, conveyance or other disposition of less than all of our assets may be uncertain.

Certain Covenants

Limitation on Liens

The Indenture will provide that if we or any Restricted Subsidiary (as defined below) shall issue, assume or guarantee any indebtedness for money borrowed (“Indebtedness”) secured by a mortgage, security interest, pledge or lien (“Mortgage”) on any Principal Property (as defined below), or shares of stock of any Restricted Subsidiary, we will secure or cause such Restricted Subsidiary to secure the notes equally and ratably with such secured Indebtedness (for so long as such secured Indebtedness remains to be so secured), unless the aggregate amount of all such secured Indebtedness, together with all Attributable Debt (as defined below) outstanding pursuant to the first paragraph of the “—Limitation on Sale and Lease-back Transactions” covenant described below, would not exceed 15% of Consolidated Net Worth (as defined below). Any Mortgage that is granted to secure the notes under this covenant shall be automatically released and discharged concurrently with the release of the Mortgage that gave rise to the obligation to secure the notes under this covenant.

The foregoing covenant will not apply to Indebtedness secured by:

- Mortgages on property of any corporation existing at the time such corporation becomes a Restricted Subsidiary;

Table of Contents

- Mortgages on any property existing at the date of the Indenture or at the time of acquisition by us or a Restricted Subsidiary (including acquisition through merger or consolidation);
- Mortgages securing Indebtedness of a Restricted Subsidiary to us or to another Subsidiary;
- purchase money and construction Mortgages created prior to, at the time of, or within 360 days (or thereafter if such Mortgage is created pursuant to a binding commitment entered into prior to, at the time of, or within 360 days) after the relevant acquisition (including, without limitation, acquisition through merger or consolidation), construction, alteration, improvement or repair (or the completion of such construction, alteration, improvement or repair or commencement of commercial operation of such property, whichever is later) to secure or provide for the payment of all or any part of the price thereof so long as such Mortgages are no greater than the payment or price, as the case may be, for the property acquired, constructed, altered, improved or repaired (plus an amount equal to any fees, expenses or other costs payable in connection therewith);
- Mortgages created in connection with a project financed with, and created to secure, Indebtedness or lease payment obligations (in each case, the “Nonrecourse Obligation”) substantially related to (i) the acquisition of assets not previously owned by us or any Subsidiary; or (ii) the financing of a project involving the development or expansion of our or any Subsidiary’s properties, as to which the obligee with respect to such Indebtedness or obligations has no recourse to us or any Subsidiary or any of our or any Subsidiary’s assets other than the assets which were acquired with the proceeds of such transaction or the project financed with the proceeds of such transaction (and the proceeds thereof);
- mechanics’ liens, tax liens, liens in favor of any governmental body to secure progress, advance or other payments or the acquisition of real or personal property from any governmental body pursuant to contract or provision of statute, any other liens, charges and encumbrances incidental to construction, conduct of business or ownership of property of ours or any Restricted Subsidiary which were not incurred in connection with borrowing money, obtaining advances or credits or the acquisition of property and in the aggregate do not materially impair the use of any Principal Property or which are being contested in good faith;
- Mortgages arising from the sale of accounts receivable for which fair value is received; or
- any extension, renewal or replacement of any of the aforementioned Mortgages not in excess of the principal amount of such Indebtedness plus any costs, expenses, premiums, fees, prepayment penalties or similar charges payable in connection with such transaction.

Any sale and lease-back arrangement incurred pursuant to clauses (i), (ii), (iii), (iv), (vi) or (vii) of the second paragraph of the “—Limitation on Sale and Lease-back Transactions” covenant below shall be deemed to be permitted pursuant to this covenant.

Limitation on Sale and Lease-back Transactions

The Indenture will provide that neither we nor any Restricted Subsidiary may enter into any sale and lease-back transaction involving any Principal Property unless the aggregate amount of all Attributable Debt with respect to such transactions, together with all Indebtedness outstanding pursuant to the first paragraph of the “—Limitation on Liens” covenant described above (excluding, for the avoidance of doubt, all Indebtedness excluded pursuant to the second paragraph of the “—Limitation on Liens” covenant described above), would not exceed 15% of Consolidated Net Worth.

The foregoing covenant will not apply to any sale and lease-back transaction if (i) the lease is for a period of not more than three years; (ii) the purchaser’s commitment is obtained within 360 days after the acquisition (including, without limitation, acquisition through merger or consolidation), construction or placing in service (or the completion of such construction or placing in service, whichever is later) of the Principal Property; (iii) the rent payable pursuant to such lease is to be reimbursed under a contract with the United States Government or

Table of Contents

instrumentality or agency thereof; (iv) the transaction is between us and a Restricted Subsidiary or between Subsidiaries; (v) we or such Restricted Subsidiary would be entitled, as described in “—Limitation on Liens” above, to mortgage such Principal Property without equally and ratably securing the notes; (vi) we or such Restricted Subsidiary, within 360 days after the effective date of the transaction, apply to the retirement of the notes or other Indebtedness of ours or a Restricted Subsidiary an amount equal to (1) either (A) the lesser of the net proceeds of the sale or transfer or the book value at the date of such sale or transfer of the Principal Property leased, if the transaction is for cash; or (B) the fair market value (as determined by our board of directors in good faith) of the Principal Property leased, if the transaction is for other than cash; minus (2) the amount equal to the principal amount of any Securities (as defined in the Base Indenture) delivered to the Trustee within such 360 days for cancellation and the principal amount of Indebtedness voluntarily retired (including any premium or fee paid in connection therewith) within such 360 days; or (vii) the lease payment is created in connection with a project financed with, and such obligation constitutes, a Nonrecourse Obligation.

Consolidation, Merger and Sale of Assets

We may consolidate or merge with, or into, any other corporation, and we may sell or transfer all or substantially all of our assets to another corporation; *provided*, among other things, that (i) if we are not the surviving corporation, the corporation formed by or resulting from any such consolidation or merger or the transferee of such assets shall be a corporation organized and existing under the laws of the United States, any state thereof or the District of Columbia and shall expressly assume by supplemental indenture payment of the principal of, and premium, if any, and interest, if any, on, the notes and the performance and observance of the Indenture; and (ii) we or such successor corporation shall not immediately thereafter be in default under the Indenture.

Definition of Certain Terms

“Attributable Debt” in respect of any Sale and Lease-Back Transaction means, as of the time of the determination, the lesser of (i) the sale price of the Principal Property so leased multiplied by a fraction the numerator of which is the remaining portion of the base term of the lease included in such transaction and the denominator of which is the base term of such lease; and (ii) the total obligation (discounted to present value at the implicit interest factor, determined in accordance with generally accepted financial practice, included in the rental payments or, if such interest factor cannot readily be determined, at a rate of interest of 10% per annum, compounded semi-annually) of the lessee for rental payments (other than amounts required to be paid on account of property taxes as well as maintenance, repairs, insurance, water rates and other items which do not constitute payments for property rights) during the remaining portion of the base term of lease included in such transaction.

“Consolidated Net Worth” means, as of any date of determination, the excess over current liabilities (excluding any current liabilities for money borrowed having a maturity of less than 12 months but by its terms being renewable or extendible beyond 12 months from such date at the option of the borrower) of all assets properly appearing on our most recent internally available consolidated balance sheet.

“corporation” includes corporations and associations, companies, business trusts, partnerships and limited liability companies.

“Principal Property” means all real property and tangible personal property constituting a manufacturing plant located within the United States owned by us or a Restricted Subsidiary, exclusive of (i) motor vehicles, mobile materials-handling equipment and other rolling stock; (ii) office furnishings and equipment, information and electronic data processing equipment; (iii) any property financed through obligations issued by a state or possession of the United States, or any political subdivision or instrumentality of the foregoing, on which the interest is not, in the opinion of tax counsel of recognized standing or in accordance with a ruling issued by the Internal Revenue Service, includable in gross income of the holder by reason of Section 103(a) of the Internal Revenue Code (or any successor to such provision) as in effect at the time of the issuance of such obligations;

Table of Contents

(iv) any real property held for development or sale; or (v) any property the gross book value of which (including related land and improvements thereon and all machinery and equipment included therein without deduction of any depreciation reserves) is less than 10% of Consolidated Net Worth or which our board of directors determines is not material to the operation of our business and our Subsidiaries taken as a whole.

“Restricted Subsidiary” means a Subsidiary (i) substantially all the property of which is located, or substantially all the business of which is carried on, within the United States; and (ii) which owns a Principal Property; *provided, however*, that the term shall not include any Subsidiary which is solely or primarily engaged in the business of providing or obtaining financing for the sale or lease of products sold or leased by us or any Subsidiary or which is primarily engaged in the business of a finance company either on a secured or an unsecured basis.

A “Subsidiary” is defined to mean any corporation of which at least a majority of its outstanding Voting Stock (measured by voting power rather than the number of shares) is at the time, directly or indirectly, owned by us or by one or more Subsidiaries of ours or by us and one or more Subsidiaries.

Events of Default

The following events will be defined in the Indenture as “Events of Default” with respect to each series of the notes:

- default in the payment of any installment of interest on the notes for 30 days after becoming due;
- default in the payment of principal of, or premium, if any, on, the notes when due;
- default in the performance of any other covenant for 90 days after notice;
- any default on our other Indebtedness in excess of \$125 million resulting in the acceleration of such Indebtedness prior to its express maturity, which acceleration shall not be rescinded or annulled or otherwise cured, or which Indebtedness shall not be discharged, within 30 days after notice;
- entry of certain court orders which would require us to make payments exceeding \$125 million and where 60 days have passed since the entry of the order without it having been satisfied or stayed; and
- certain events of bankruptcy, insolvency or reorganization.

If an Event of Default shall occur and be continuing with respect to the notes, either the Trustee or the holders of at least 25% in principal amount of the notes then outstanding may declare the entire principal amount of all notes then outstanding to be due and payable.

The Indenture will provide that the Trustee shall, within 90 days after the occurrence of default with respect to a series of the notes, give the holders of the notes notice of such default known to it; *provided*, that, except in the case of default in the payment of principal of, or premium, if any, or interest, if any, on, any of the notes, the Trustee shall be protected in withholding such notice if it in good faith determines the withholding of such notice is in the interest of the holders of the notes.

We will be required to furnish the Trustee annually a statement by certain of our officers to the effect that to the best of their knowledge we are not in default in the fulfillment of any of our obligations under the Indenture or, if there has been a default in the fulfillment of any such obligation, specifying each such default. No holder of notes shall have any right to institute any judicial or other proceeding with respect to the Indenture, or for the appointment of a receiver or trustee, or for any other remedy unless:

- an Event of Default shall have occurred and be continuing and such holder shall have given the Trustee prior written notice of such continuing Event of Default;

Table of Contents

- the holders of not less than 25% of the outstanding principal amount of notes shall have requested the Trustee to institute proceedings in respect of such Event of Default;
- under the Indenture, the Trustee shall have been offered indemnity reasonably satisfactory to it against the costs, expenses and liabilities to be incurred in compliance with such request;
- the Trustee shall have failed to institute proceedings 60 days after the receipt of such notice, request and offer of indemnity; and
- no direction inconsistent with such written request shall have been given for 60 days by the holders of a majority in principal amount of the notes then outstanding.

With respect to each series of the notes, the holders of a majority in principal amount of the notes outstanding of such series will have the right, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee with respect to the notes or exercising any trust or power conferred to the Trustee, and to waive certain defaults. The Indenture will provide that in case an Event of Default shall occur and be continuing, the Trustee shall exercise such of its rights and powers under the Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any of the holders of the notes unless they shall have offered to the Trustee security or indemnity reasonably satisfactory to the Trustee against the costs, expenses and liabilities which might be incurred by it in compliance with such request.

Discharge, Defeasance and Covenant Defeasance

At our option and at any time, we may discharge or defease our obligations under the Indenture as set forth below.

We may discharge certain obligations to holders of the notes which have not already been delivered to the Trustee for cancellation and which have either become due and payable or are by their terms due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing with the Trustee funds or government obligations denominated in U.S. dollars in an amount sufficient to pay the entire indebtedness on the notes with respect to principal (and premium, if any) and interest to the date of such deposit (if the notes have become due and payable) or to the maturity thereof or the redemption date of the notes, as the case may be.

We may elect either (i) to defease and be discharged from any and all obligations with respect to the notes (except for, among other things, obligations to register the transfer or exchange of the notes, to replace temporary or mutilated, destroyed, lost or stolen notes, to maintain an office or agency with respect to the notes and to hold moneys for payment in trust) ("defeasance"); or (ii) to be released from our obligations with respect to certain covenants applicable to the notes and any omission to comply with such obligations shall not constitute an Event of Default with respect to the notes ("covenant defeasance"), upon the deposit with the Trustee, in trust for such purpose, of money and/or government obligations which through the payment of principal and interest in accordance with their terms will provide money in an amount sufficient, without reinvestment, in the opinion of an independent firm of certified public accountants, to pay the principal of, and premium, if any, and interest, if any, on, such notes to maturity. As a condition to defeasance or covenant defeasance, we must deliver to the Trustee an opinion of counsel to the effect that the holders of such notes will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred. Such opinion of counsel, in the case of defeasance under clause (i) above, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable federal income tax law occurring after the date of the issuance of the notes. In addition, in the case of either defeasance or covenant defeasance, we must deliver to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent with respect to such defeasance or covenant defeasance have been complied with.

Table of Contents

We may exercise our defeasance option with respect to such notes notwithstanding our prior exercise of our covenant defeasance option.

Amendment, Supplement and Waiver

With respect to each series of the notes, amendment or supplement of the Indenture with respect to such series of the notes may be made by us and the Trustee with the consent of the holders of not less than a majority in aggregate principal amount of the notes of such series then outstanding; *provided, however*, that no such amendment or supplement may, without the consent of the holder of each outstanding note of such series affected thereby:

- change the stated maturity of the principal of, or any premium or installment of interest on, the notes;
- reduce the principal amount of, or the rate of interest on, or any premium payable upon the redemption (excluding the covenant described above under the caption “—Change of Control”) of, the notes;
- reduce the amount of the principal of the notes that would be due and payable upon a declaration of acceleration of the maturity thereof or the amount thereof provable in bankruptcy;
- change the currency in which the principal of, or premium, if any, or interest, if any, on, the notes is payable;
- impair the right to institute suit for the enforcement of any payment on or after the stated maturity of the notes;
- reduce the percentage in principal amount of the notes whose holders are required for quorum or must consent to an amendment, supplement or waiver;
- modify any of the provisions in the Indenture regarding the waiver of existing defaults or the rights of the holders of the notes to receive payments of the principal of, or premium, if any, or interest, if any, on, the notes, except to increase any percentage vote required or to provide that certain other provisions of the Indenture cannot be modified or waived without the consent of the holder of each note affected thereby; or
- modify any of the above provisions.

With respect to each series of the notes, the holders of at least a majority in aggregate principal amount of the notes of such series then outstanding may, on behalf of the holders of all notes of such series then outstanding, waive our compliance with certain restrictive provisions of the Indenture. With respect to each series of the notes, the holders of not less than a majority in aggregate principal amount of the notes of such series then outstanding may, on behalf of the holders of all notes of such series then outstanding, waive any existing default or Event of Default and its consequences under the Indenture with respect to the notes of such series, except:

- a continuing default or Event of Default in the payment of principal of, or premium, if any, or interest, if any, on, the notes (with the exception of a rescission of acceleration of the notes by the holders of at least a majority in aggregate principal amount of the notes then outstanding and a waiver of the payment default that resulted from such acceleration); or
- waive a redemption payment with respect to any note (excluding any payment required by the covenant described above under the caption “—Change of Control”).

Under the Indenture, we will be required to furnish the Trustee annually a statement as to performance by us of certain of our obligations under the Indenture and as to any default in such performance. We will also be required to deliver to the Trustee, promptly after occurrence thereof, written notice of any Event of Default or any event which after notice or lapse of time or both would constitute an Event of Default.

[Table of Contents](#)

Notwithstanding the preceding, with respect to each series of the notes and without the consent of any holder of such series of the notes, we and the Trustee may amend or supplement the Indenture or the applicable notes:

- to evidence the succession of another Person to us, and the assumption by any such successor of our covenants, in the case of a merger or consolidation or sale of all or substantially all of our assets, as applicable;
- to make any change that would provide any additional rights or benefits to the holders of the notes or to surrender any right or power conferred upon us;
- to change or eliminate any restrictions on the payment of principal of, or premium, if any, or interest, if any, on, the notes, to permit bearer securities to be issued in exchange for the notes, or to permit or facilitate the issuance of notes in uncertificated form (in addition to, or in place of, certificated notes); provided, that any such action shall not adversely affect the legal rights of the holders of the notes in any material respect;
- to provide for further issuances in accordance with the limitations set forth in the Indenture;
- to evidence and provide for the acceptance of appointment by a successor trustee or to amend or supplement the Indenture as shall be necessary to provide for, or facilitate, the administration of the trusts under the Indenture by more than one trustee;
- to cure any ambiguity, defect or inconsistency;
- to conform the text of the Indenture or the notes to any provision of this “Description of the Notes” to the extent that such provision in this “Description of the Notes” was intended to be a verbatim recitation of a provision of the Indenture or the notes, which intent may be evidenced by an officers’ certificate to that effect;
- to add any additional Events of Default with respect to the notes;
- to amend or supplement the Indenture to such extent as shall be necessary to permit or facilitate the defeasance and discharge of the notes in compliance with the Indenture;
- to comply with the procedures of The Depository Trust Company (“DTC”), the Euroclear System (“Euroclear”) and Clearstream Banking, S.A. (“Clearstream”);
- to secure the notes (or to release such security as permitted by the Indenture and the applicable security documents);
- to allow a Person to guarantee our obligations under the Indenture and the notes by executing a supplemental indenture (or to release any guarantor from such guarantee as provided or permitted by the terms of the Indenture and such guarantee); and
- to amend or supplement the Indenture; *provided*, that no such amendment or supplement shall adversely affect the legal rights of the holders of the notes in any material respect.

Payment and Paying Agents

Payment of interest on a note on any interest payment date will be made to the person in whose name the note is registered at the close of business on the record date for the interest.

Principal, interest and premium on the notes will be payable at the office of such paying agent or paying agents as we may designate for such purpose from time to time. Notwithstanding the foregoing, at our option, payment of any interest may be made by check mailed to the address of the person entitled thereto as such address appears in the security register.

Table of Contents

The Trustee will initially act as paying agent for payments with respect to each series of the notes. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that we will be required to maintain a paying agent in the place of payment for the notes, which will be the Borough of Manhattan, The City of New York.

Denominations, Registrations and Transfer

Notes of each series will be represented by one or more global certificates registered in the name of a nominee for DTC. In such case, each investor's beneficial interest in the global securities will be shown on the records of DTC or DTC participants and transfers of beneficial interests will only be effected through such records.

A holder of a beneficial interest in a global security may only exchange such interest for certificated securities registered in such holder's name if:

- DTC notifies us that it is unwilling or unable to continue serving as the depository for the relevant global securities or DTC ceases to maintain certain qualifications under the Exchange Act and no successor depository has been appointed for 90 days; or
- we determine, in our sole discretion, that the global security shall be exchangeable.

If notes cease to be represented by global certificates, they will only be issued in the minimum denominations specified herein. Transfers and exchanges of such notes will only be permitted in such minimum denominations. Transfers of notes in certificated form may be registered at the Trustee's corporate trust office or at the offices of any paying agent appointed by us under the Indenture. Exchanges of notes for an equal aggregate principal amount of notes in different denominations may also be made at such locations.

Governing Law

The Indenture and the notes will be governed by, and construed in accordance with, the laws of the State of New York (including, without limitation, Section 5-1401 of the New York General Obligations Law or any successor to such a statute).

Regarding the Trustee

The trustee under the Indenture will be The Bank of New York Mellon Trust Company, N.A., as successor trustee to JPMorgan Chase Bank N.A. The Trustee will be permitted to engage in other transactions with us and our subsidiaries from time to time; provided, that if the Trustee acquires any conflicting interest (within the meaning of the Trust Indenture Act of 1939, as amended) it must eliminate such conflict upon the occurrence of an Event of Default, or else resign.

Benefits of Indenture

Nothing in the Indenture will confer upon or give to any person other than us, the Trustee, our and its successors, and the person or persons in whose names the notes are registered in the security register for the notes, any benefit, right, remedy or claim under the Indenture.

Book-Entry System

The Depository Trust Company which we refer to along with its successors in this capacity as the depository, will act as securities depository for the notes. The notes will be issued as fully registered securities registered in the name of Cede & Co., the depository's nominee. One or more fully registered global security certificates, representing the total aggregate principal amount of the notes, will be issued and will be deposited with the depository or its custodian and will bear a legend regarding the restrictions on exchanges and registration of transfer referred to below.

Table of Contents

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in definitive form. These laws may impair the ability to transfer beneficial interests in the notes so long as the notes are represented by global security certificates.

Investors may elect to hold interests in the global notes through either DTC in the U.S. or Clearstream or Euroclear, in Europe if they are participants of such systems, or indirectly through organizations which are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositories, which in turn will hold such interests in customers' securities accounts in the depositories' names on the books of DTC.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants ("Direct Participants") deposit with DTC and facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The DTC rules applicable to its Participants are on file with the SEC.

Clearstream has advised us that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations ("Clearstream Participants") and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a registered bank in Luxembourg, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (*Commission de Surveillance du Secteur Financier*). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant, either directly or indirectly.

Distributions with respect to interests in the notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures.

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear ("Euroclear Participants") and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A. /N.V. ("Euroclear Operator"). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash

Table of Contents

accounts are accounts with the Euroclear Operator. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of Euroclear, and applicable Belgian law, which we refer to collectively as the Terms and Conditions. The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no records of, or relationship with, persons holding through Euroclear Participants.

Distributions with respect to the notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions.

We will issue the notes in definitive certificated form if the depository notifies us that it is unwilling or unable to continue as depository or the depository ceases to be a clearing agency registered under the Exchange Act, and a successor depository is not appointed by us within 90 days. In addition, beneficial interests in a global security certificate may be exchanged for definitive certificated notes upon request by or on behalf of the depository in accordance with customary procedures following the request of a beneficial owner seeking to exercise or enforce its rights under such notes. If we determine at any time that the notes shall no longer be represented by global security certificates, we will inform the depository of such determination who will, in turn, notify participants of their right to withdraw their beneficial interest from the global security certificates, and if such participants elect to withdraw their beneficial interests, we will issue certificates in definitive form in exchange for such beneficial interests in the global security certificates. Any global note, or portion thereof, that is exchangeable pursuant to this paragraph will be exchangeable for security certificates, as the case may be, registered in the names directed by the depository. We expect that these instructions will be based upon directions received by the depository from its participants with respect to ownership of beneficial interests in the global security certificates.

As long as the depository or its nominee is the registered owner of the global security certificates, the depository or its nominee, as the case may be, will be considered the sole owner and holder of the global security certificates and all notes represented by these certificates for all purposes under the Indenture. Except in the limited circumstances referred to above, owners of beneficial interests in global security certificates:

- will not be entitled to have the notes represented by these global security certificates registered in their names, and
- will not be considered to be owners or holders of the global security certificates or any notes represented by these certificates for any purpose under the notes or the Indenture.

All payments on the notes represented by global security certificates and all transfers and deliveries of related notes will be made to the depository or its nominee, as the case may be, as the holder of such securities.

Ownership of beneficial interests in the global security certificates will be limited to participants or persons that may hold beneficial interests through institutions that have accounts with the depository or its nominee. Ownership of beneficial interests in global security certificates will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by the depository or its nominee, with respect to participants' interests, or any participant, with respect to interests of persons held by the participant on their behalf. Payments, transfers, deliveries, exchanges and other matters relating to beneficial interests in global security certificates may be subject to various policies and procedures adopted by the depository from time to

[Table of Contents](#)

time. Neither we nor the Trustee, nor any of our or the Trustee's respective agents, will have any responsibility or liability for any aspect of the depositary's or any participant's records relating to, or for payments made on account of, beneficial interests in global security certificates, or for maintaining, supervising or reviewing any of the depositary's records or any participant's records relating to these beneficial ownership interests.

Although the depositary has agreed to the foregoing procedures in order to facilitate transfers of interests in the global security certificates among participants, the depositary is under no obligation to perform or continue to perform these procedures, and these procedures may be discontinued at any time. We will not have any responsibility for the performance by the depositary or its direct participants or indirect participants under the rules and procedures governing the depositary.

The information in this section concerning the depositary, its book-entry system, Clearstream and Euroclear has been obtained from sources that we believe to be reliable, but we have not attempted to verify the accuracy of this information.

Global Clearance and Settlement Procedures

Initial settlement for the notes will be made in immediately available funds. Secondary market trading between DTC Participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable.

Cross-market transfers between persons holding directly or indirectly through DTC on the one hand, and directly or indirectly through Clearstream Participants or Euroclear Participants, on the other, will be effected through DTC in accordance with DTC rules; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time).

Because of time-zone differences, credits of the notes received in Clearstream or Euroclear as a result of a transaction with a DTC Participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in such notes settled during such processing will be reported to the relevant Euroclear Participant or Clearstream Participant on such business day. Cash received in Clearstream or Euroclear as a result of sales of the notes by or through a Clearstream Participant or a Euroclear Participant to a DTC Participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued or changed at any time.

UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS FOR NON-U.S. HOLDERS

The following is a summary of U.S. federal income tax considerations generally applicable to the ownership and disposition of the notes. This discussion applies only to a Non-U.S. Holder (as defined below) that acquires the notes pursuant to this offering at the initial offering price. This discussion is based on the Internal Revenue Code of 1986, as amended (the "Code"), Treasury Regulations and judicial decisions and administrative interpretations thereof, all as of the date hereof and all of which are subject to change, possibly with retroactive effect. This discussion is limited to investors that hold the notes as capital assets for U.S. federal income tax purposes. Furthermore, this discussion does not address all aspects of U.S. federal income taxation that may be applicable to investors in light of their particular circumstances, or to investors subject to special treatment under U.S. federal income tax law, such as financial institutions, insurance companies, tax-exempt organizations, entities that are treated as partnerships for U.S. federal income tax purposes, U.S. holders of notes, dealers in securities or currencies, expatriates, persons deemed to sell the notes under the constructive sale provisions of the Code and persons that hold the notes as part of a straddle, hedge, conversion transaction or other integrated investment. Furthermore, this discussion does not address considerations relating to the alternative minimum tax, the Medicare tax, any U.S. federal estate or gift tax consequences or any state, local or foreign tax consequences. Prospective investors should consult their tax advisors regarding the U.S. federal, state, local and foreign income and other tax consequences of the purchase, ownership and disposition of the notes. No assurance can be given that the Internal Revenue Service (the "IRS") would not assert, or that a court would not sustain, a position contrary to any of those set forth below.

This discussion is not intended to be tax advice. Potential investors should consult their tax advisors as to the particular U.S. federal income tax consequences to them of acquiring, owning and disposing of the notes, as well as the effects of other U.S. federal tax laws or state, local and non-U.S. tax laws.

For purposes of this summary, the term "Non-U.S. Holder" means a beneficial owner of a note other than a partnership or other entity or arrangement treated as a partnership for U.S. federal income tax purposes that is not, for U.S. federal income tax purposes (i) an individual who is a citizen or resident of the United States, (ii) a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, that is created or organized under the laws of the United States, any of the States or the District of Columbia, (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source, or (iv) a trust (A) if a court within the United States is able to exercise primary control over its administration and one or more U.S. persons have the authority to control all substantial decisions of such trust, or (B) that has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes.

If a partnership (including any entity or arrangement treated as a partnership for U.S. federal income tax purposes) owns the notes, the tax treatment of a partner in the partnership will depend upon the status of the partner and the activities of the partnership. Partners in a partnership considering an investment in the notes should consult their tax advisors as to the particular U.S. federal income tax consequences applicable to them.

Interest

A Non-U.S. Holder will generally not be subject to U.S. federal income or withholding tax on payments of interest on the notes provided that (i) such interest is not effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States (or, if certain tax treaties apply and such interest is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States, such interest is not attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder in the United States) and (ii) the Non-U.S. Holder (A) does not actually or constructively own 10% or more of the total combined voting power of all classes of our voting stock, (B) is not a controlled foreign corporation related to us directly, indirectly or constructively through stock ownership, and (C) satisfies certain certification requirements. Such certification requirements will be satisfied if (x) the Non-U.S. Holder provides its name and address, and certifies on IRS Form W-8BEN or W-8BEN-E (or a substantially similar form), under penalties of perjury, that it

[Table of Contents](#)

is not a U.S. person and that no withholding is required pursuant to FATCA (discussed below) or (y) a securities clearing organization or other eligible financial institution holding the note on behalf of the Non-U.S. Holder certifies on IRS Form W-8IMY, under penalties of perjury, that it has received the required certification from the Non-U.S. Holder and furnishes the withholding agent with a copy thereof. In addition, the withholding agent must not have actual knowledge or reason to know that the beneficial owner of the note is a U.S. person.

If interest on the notes is not effectively connected with the conduct of a trade or business in the United States by a Non-U.S. Holder, but such Non-U.S. Holder cannot satisfy the other requirements outlined above, interest on the notes will generally be subject to U.S. withholding tax at a 30% rate (or a lower applicable treaty rate).

If interest on the notes is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States, and, if certain tax treaties apply, is attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder within the United States, then the Non-U.S. Holder will generally be subject to U.S. federal income tax on such interest in the same manner as if such holder were a U.S. person and, in the case of a Non-U.S. Holder that is a foreign corporation, may also be subject to an additional branch profits tax at a rate of 30% (or a lower applicable treaty rate). However, any such interest will not also be subject to withholding tax if the Non-U.S. Holder delivers a properly executed IRS Form W-8ECI in order to claim an exemption from withholding tax.

Non-U.S. Holders should consult their tax advisors regarding any applicable income tax treaties that may provide for a lower rate of withholding tax, exemption from or reduction of branch profits tax, or other rules different from those described above.

Disposition of the Notes

A Non-U.S. Holder will generally not be subject to U.S. federal withholding tax with respect to gain recognized on the sale, exchange, retirement or other disposition of the notes. A Non-U.S. Holder will also generally not be subject to U.S. federal income tax with respect to such gain unless (i) the gain is effectively connected with the conduct of a trade or business by the Non-U.S. Holder within the United States and, if certain tax treaties apply, is attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder within the United States, or (ii) in the case of a Non-U.S. Holder that is a nonresident alien individual, such holder is present in the United States for 183 or more days in the taxable year and certain other conditions are satisfied. In the case described above in (i), gain or loss recognized on the disposition of such notes will generally be subject to U.S. federal income taxation in the same manner as if such gain or loss were recognized by a U.S. person, and, in the case of a Non-U.S. Holder that is a foreign corporation, may also be subject to an additional branch profits tax at a rate of 30% (or a lower applicable treaty rate). In the case described above in (ii), the Non-U.S. Holder will generally be subject to 30% tax (or lower applicable treaty rate) on any capital gain recognized on the disposition of the notes, which may be offset by certain U.S.-source capital losses. Proceeds from the disposition of a note that are attributable to accrued but unpaid interest generally will be subject to, or exempt from, tax to the same extent as described above with respect to interest paid on a note.

FATCA

Under the Foreign Account Tax Compliance Act and the regulations and administrative guidance promulgated thereunder ("FATCA"), withholding at a rate of 30% will generally be required in certain circumstances on interest payments in respect of notes held by or through certain foreign financial institutions (including investment funds), unless such institution (i) otherwise qualifies for an exemption, (ii) enters into, and complies with, an agreement with the IRS to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution that are owned by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments, or (iii) if required under an intergovernmental agreement between the U.S. and an applicable foreign country, reports such

information to its local tax authority, which will exchange such information with the U.S. authorities. An intergovernmental agreement between the United States and an applicable foreign country, or other guidance, may modify these requirements. Similarly, in certain circumstances, interest payments in respect of notes held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exemptions will generally be subject to withholding at a rate of 30%, unless such entity either (i) certifies that such entity does not have any “substantial United States owners” or (ii) provides certain information regarding the entity’s “substantial United States owners,” which will in turn be provided to the U.S. Department of the Treasury. Accordingly, the entity through which the notes are held will affect the determination of whether withholding under the rules described in this paragraph is required. We will not pay any additional amounts to Non-U.S. Holders in respect of any amounts withheld. Prospective investors should consult their tax advisors regarding the possible implications of these rules on their investment in the notes.

Information Reporting and Backup Withholding

A Non-U.S. Holder will generally be required to comply with certain certification procedures in order to establish that such holder is not a U.S. person in order to avoid backup withholding with respect to payments of principal and interest on or the proceeds of a disposition of the notes. In addition, the amount of any interest paid to a Non-U.S. Holder and the amount of tax, if any, withheld with respect to such interest must be reported annually to the IRS and to such Non-U.S. Holder. Copies of the information returns reporting such interest payments and the amount of any tax withheld may also be made available to the tax authorities in the country in which a Non-U.S. Holder resides under the provisions of an applicable income tax treaty. Any amounts withheld under the backup withholding rules will be allowed as a refund or credit against a Non-U.S. Holder’s U.S. federal income tax liability, if any, provided the required information is timely provided to the IRS. Non-U.S. Holders should consult their tax advisors as to their qualification for exemption from backup withholding and the procedure for obtaining such an exemption.

UNDERWRITING

We and the underwriters named below for whom BofA Securities, Inc., Citigroup Global Markets Inc., J.P. Morgan Securities LLC and Wells Fargo Securities, LLC are acting as representatives, have entered into an underwriting agreement with respect to the notes. Subject to certain conditions, each underwriter has severally, and not jointly, agreed to purchase the principal amount of notes indicated in the following table.

Underwriters	Principal Amount of 2025 Notes	Principal Amount of 2032 Notes
BofA Securities, Inc.	\$125,000,000	\$125,000,000
Citigroup Global Markets Inc.	\$125,000,000	\$125,000,000
J.P. Morgan Securities LLC	\$125,000,000	\$125,000,000
Wells Fargo Securities, LLC	\$125,000,000	\$125,000,000
Total	\$500,000,000	\$500,000,000

The underwriters are committed to take and pay for all of the notes being offered, if any are taken.

Notes sold by the underwriters to the public will initially be offered at the applicable public offering price set forth on the cover of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at a discount from the public offering price of up to 0.150% of the principal amount of the 2025 notes and 0.250% of the principal amount of the 2032 notes. Any such securities dealers may resell any notes purchased from the underwriters to certain other brokers or dealers at a discount from the public offering price of up to 0.100% of the principal amount of the 2025 notes and 0.200% of the principal amount of the 2032 notes. If all notes are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The notes are a new issue of securities with no established trading market. We have been advised by the underwriters that the underwriters intend to make a market in the notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes.

In connection with this offering, the underwriters may purchase and sell the notes in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales in excess of the number of notes to be purchased by the underwriters in this offering, which creates a syndicate short position. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the underwriters, in covering short positions or making stabilizing purchases, repurchase notes originally sold by that syndicate member.

These activities by the underwriters, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

We estimate that the total expenses of the offering, excluding the underwriting discounts, will be approximately \$3,000,000 and will be payable by us.

Table of Contents

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the issuer, for which they received or will receive customary fees and expenses. In addition, certain of the underwriters and their respective affiliates are lenders, and in some cases agents for the lenders, under our credit facilities.

Additionally, in the ordinary course of their various business activities, the underwriters and their respective affiliates have made or held, and may in the future make or hold, a broad array of investments including serving as counterparties to certain derivative and hedging arrangements, and may have actively traded, and, in the future may actively trade, debt and equity securities (or related derivative securities), and financial instruments (including bank loans) for their own account and for the accounts of their customers and may have in the past and at any time in the future hold long and short positions in such securities and instruments. Such investment and securities activities may have involved, and in the future may involve, our securities and instruments. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Selling Restrictions

European Economic Area

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the “Prospectus Regulation”). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

United Kingdom

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“U.K.”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (“FSMA”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97,

where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “U.K. PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the U.K. has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the U.K. may be unlawful under the U.K. PRIIPs Regulation.

Switzerland

This prospectus supplement is not intended to constitute an offer or solicitation to purchase or invest in the notes. The notes may not be publicly offered, directly or indirectly, in Switzerland within the meaning of the Swiss Financial Services Act (“FinSA”) and no application has or will be made to admit the notes to trading on any trading venue (exchange or multilateral trading facility) in Switzerland. Neither this prospectus supplement nor any other offering or marketing material relating to the notes constitutes a prospectus pursuant to the FinSA, and neither this prospectus supplement nor any other offering or marketing material relating to the notes may be publicly distributed or otherwise made publicly available in Switzerland.

Hong Kong

The notes may not be offered or sold by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), or (ii) to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a “prospectus” within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), and no advertisement, invitation or document relating to the notes may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to notes which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

Japan

The notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended), or the FIEA, and each underwriter has agreed that it will not offer or sell any notes, directly or indirectly, in Japan or to or for the benefit of any “resident” of Japan (including any person resident in Japan or any corporation or other entity organized under the laws of Japan) or to others for reoffering or resale, directly or indirectly, in Japan or to or for the benefit of any resident of Japan, except pursuant to an exemption from the registration requirements of the FIEA and otherwise in compliance with any relevant laws and regulations of Japan.

Singapore

Each underwriter has acknowledged that this prospectus supplement has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each underwriter has advised that it has not offered or sold any notes or caused the notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any notes or cause the notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this prospectus supplement or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the notes whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in

ABOUT THIS PROSPECTUS

This prospectus is part of an “automatic shelf” registration statement that we filed with the Securities and Exchange Commission (the “SEC”) as a “well-known seasoned issuer” as defined in Rule 405 under the Securities Act of 1933, as amended (the “Securities Act”), using a “shelf” registration process. Under this process, we may sell: common stock; preferred stock; debt securities; warrants to purchase debt securities, common stock or preferred stock; depositary shares; or stock purchase contracts and stock purchase units. This prospectus only provides you with a general description of the securities that we may offer. Each time we sell securities, we will provide a supplement to this prospectus that contains specific information about the terms of the securities. The prospectus supplement may also add, update or change information contained in this prospectus. You should carefully read both this prospectus and the accompanying prospectus supplement and any free writing prospectus prepared by or on behalf of us, together with the additional information described under the heading “Where You Can Find More Information.”

We have not authorized anyone to provide you with any information other than that contained in or incorporated by reference into this prospectus, the accompanying prospectus supplement or a free writing prospectus prepared by or on behalf of us. We take no responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you. We are not making offers to sell the securities in any jurisdiction in which an offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make an offer or solicitation.

The information in this prospectus is accurate as of the date on the front cover. You should not assume that the information contained in this prospectus is accurate as of any other date.

When used in this prospectus, the terms “Stanley Black & Decker, Inc.,” the “Company,” “we,” “our” and “us” refer to Stanley Black & Decker, Inc. and its consolidated subsidiaries, unless otherwise specified or the context otherwise requires.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the SEC under the Securities Exchange Act of 1934, as amended and the rules promulgated thereunder (the “Exchange Act”). Our SEC filings are available to the public at the SEC’s website at www.sec.gov. We maintain a website at www.stanleyblackanddecker.com. The information on our website is not incorporated by reference in this prospectus or any prospectus supplement, and you should not consider it a part of this prospectus or any accompanying prospectus supplement.

The SEC allows us to “incorporate by reference” information into this prospectus and any accompanying prospectus supplement, which means that we can disclose important information to you by referring you to another document filed separately with the SEC. The information incorporated by reference is deemed to be part of this prospectus and any accompanying prospectus supplement, except for any information superseded by information contained directly in this prospectus, any accompanying prospectus supplement, any subsequently filed document deemed incorporated by reference or a free writing prospectus prepared by or on behalf of us. This prospectus and any accompanying prospectus supplement incorporates by reference the documents set forth below that Stanley Black & Decker, Inc. has previously filed with the SEC (other than information deemed furnished and not filed in accordance with SEC rules, including Items 2.02 and 7.01 of Form 8-K). These documents contain important information about Stanley Black & Decker, Inc. and its finances.

- Annual Report on [Form 10-K](#) for the fiscal year ended December 28, 2019 filed with the SEC on February 21, 2020;
- The information specifically incorporated by reference into our Annual Report on [Form 10-K](#) for the fiscal year ended December 28, 2019 from our definitive proxy statement on [Schedule 14A](#) filed with the SEC on March 4, 2020;
- Quarterly Reports on Form 10-Q for the quarterly periods ended March 28, 2020, June 27, 2020 and September 26, 2020 filed on [May 1, 2020](#), [July 31, 2020](#) and [October 27, 2020](#) respectively;
- Current Reports on Form 8-K filed with the SEC on [January 21, 2020](#), [January 29, 2020](#) (Item 5.02 only), [February 7, 2020](#), [February 10, 2020](#), [February 20, 2020](#), [April 21, 2020](#), [April 29, 2020](#), [May 15, 2020](#), [May 19, 2020](#), [June 3, 2020](#), [August 28, 2020](#) and [September 15, 2020](#); and
- The description of our common stock contained in our Registration Statement on [Form 8-A/A](#), filed with the SEC on March 12, 2010, and any amendment or report filed for the purpose of updating such description.

All documents filed by us pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act after the date of this prospectus, and any accompanying prospectus supplement, and before the termination of the offering shall also be deemed to be incorporated herein by reference. We are not, however, incorporating by reference any documents or portions thereof, whether specifically listed above or filed in the future, that are not deemed “filed” with the SEC, including our compensation committee report and performance graph or any information furnished pursuant to Items 2.02 or 7.01 of Form 8-K or certain exhibits furnished pursuant to Item 9.01 of Form 8-K.

If requested, we will provide to each person, including any beneficial owner, to whom a prospectus is delivered, a copy of any or all of the information that has been incorporated by reference in the prospectus but not delivered with the prospectus. Exhibits to the filings will not be sent, however, unless those exhibits have specifically been incorporated by reference into such documents.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and any accompanying prospectus supplement and any documents incorporated by reference contain or incorporate statements that are “forward-looking” within the meaning of the Private Securities Litigation Reform Act of 1995.

Those statements include trend analyses and other information relative to markets for our products and trends in our operations or financial results as well as other statements that can be identified by the use of forward-looking language such as “may,” “should,” “believes,” “expects,” “anticipates,” “plans,” “estimates,” “intends,” “projects,” “goals,” “objectives,” or other similar expressions. Our actual results, performance or achievements could be materially different from the results expressed in, or implied by, those forward-looking statements. Those statements are subject to risks and uncertainties, including but not limited to the risks described in this prospectus, any accompanying prospectus supplement and any documents incorporated by reference. When considering those forward-looking statements, you should keep in mind the risks, uncertainties and other cautionary statements made in this prospectus, any accompanying prospectus supplement and the documents incorporated by reference.

There are a number of important factors that could cause actual results to differ materially from those indicated by such forward-looking statements, including those factors set forth in this prospectus, any accompanying prospectus supplement or the documents incorporated by reference, including the “Risk Factors,” “Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” sections of our reports and other documents filed with the SEC. Factors that may cause our actual results to differ materially from those we contemplate by the forward-looking statements include, among others, the following possibilities:

- successfully developing, marketing and achieving sales from new products and services and the continued acceptance of current products and services;
- macroeconomic factors, including global and regional business conditions (such as Brexit), commodity prices, inflation, and currency exchange rates;
- laws, regulations and governmental policies affecting our activities in the countries where we do business, including those related to tariffs, taxation, and trade controls;
- the economic environment of emerging markets, particularly Latin America, Russia, China and Turkey;
- realizing the anticipated benefits of mergers, acquisitions, joint ventures, strategic alliances or divestitures, including the successful integration of the Consolidated Aerospace Manufacturing, LLC acquisition, its successful integration and the return to production of the Boeing 737 MAX;
- pricing pressure and other changes within competitive markets;
- availability and price of raw materials, component parts, freight, energy, labor and sourced finished goods;

RISK FACTORS

Investing in our securities involves risk. See the risk factors described in our most recent Annual Report on Form 10-K (together with any material changes thereto contained in subsequently filed Quarterly Reports on Form 10-Q) and those contained in our other filings with the SEC for our most recent fiscal year, which are incorporated by reference in this prospectus and any accompanying prospectus supplement. Before making an investment decision, you should carefully consider these risks as well as other information we include or incorporate by reference in this prospectus. These risks could materially affect our business, results of operations or financial condition and cause the value of our securities to decline. You could lose all or part of your investment.

USE OF PROCEEDS

Except as otherwise set forth in the prospectus and any accompanying prospectus supplement, we expect to use the net proceeds from the sale of securities for general corporate purposes, including the financing of our operations, the possible repayment of indebtedness, and possible business acquisitions. Pending any specific application, we may initially invest funds in short-term marketable securities or apply them to the reduction of short-term indebtedness.

DESCRIPTION OF SECURITIES

This prospectus contains summary descriptions of the debt securities, common stock, preferred stock, warrants, depositary shares, stock purchase contracts and stock purchase units that may be offered and sold from time to time. These summary descriptions are not meant to be complete descriptions of each security. However, at the time of an offering and sale, this prospectus together with the accompanying prospectus supplement will contain the material terms of the securities being offered.

DESCRIPTION OF DEBT SECURITIES

As used in this prospectus, debt securities means the debentures, notes, bonds and other evidences of indebtedness that we may issue separately, upon exercise of a debt warrant, in connection with a stock purchase contract or as part of a stock purchase unit from time to time. The debt securities may either be senior debt securities or subordinated debt securities. Senior debt securities may be issued under a "Senior Indenture" and subordinated debt securities may be issued under a "Subordinated Indenture." This prospectus sometimes refers to the Senior Indenture and the Subordinated Indenture collectively as the "Indentures." The Indentures have been filed with the SEC. We may also issue debt securities under a separate, new indenture. If that occurs, we will describe any differences in the terms of any series or issue of debt securities in the prospectus supplement relating to that series or issue.

The following briefly summarizes the material provisions of the Indentures and the debt securities, other than pricing and related terms disclosed in an accompanying prospectus supplement or pricing supplement. You should read the more detailed provisions of the applicable Indenture, including the defined terms, for provisions that may be important to you. You should also read the particular terms of an offering of debt securities, which will be described in more detail in the applicable prospectus supplement or pricing supplement. Copies of the Indentures may be obtained from Stanley Black & Decker, Inc. or the applicable trustee.

As used in this "Description of Debt Securities," the terms "Stanley Black & Decker, Inc.," "we," "our" and "us" refer to Stanley Black & Decker, Inc., a Connecticut corporation, and do not, unless otherwise specified, include our subsidiaries.

General

The debt securities will be our direct general unsecured obligations. The senior debt securities will rank equally with all of our other senior unsecured and unsubordinated debt. The subordinated debt securities will be subordinate and junior in right of payment to all of our present and future senior indebtedness to the extent and in the manner set forth in the Subordinated Indenture.

Since our operations are partially conducted through our subsidiaries, the cash flow and the consequent ability to service our indebtedness, including the debt securities, is partially dependent upon the earnings of our subsidiaries and the distribution of those earnings or upon the payments of funds by those subsidiaries to us. Our subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay any amounts due pursuant to the debt securities or to make funds available to us, whether by dividends, loans or other payments. In addition, the payment of dividends and the making of loans and advances to us by our subsidiaries may be subject to contractual or statutory restrictions, are contingent upon the earnings of those subsidiaries and are subject to various business considerations. Any right we may have to receive assets of any of our subsidiaries upon their liquidation or reorganization (and the consequent right of the holders of our debt securities to participate in those assets) will be structurally subordinated to the claims of such subsidiary's creditors, including trade creditors, because such creditors' claims will have a priority over our claim as an equity owner of our subsidiaries.

The Indentures do not limit the aggregate principal amount of debt securities that we may issue and provide that we may issue debt securities from time to time in one or more series, in each case with the same or various maturities, at par or at a discount. We may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series outstanding at the time of the issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of debt securities under the applicable Indenture. The Indentures also do not limit our ability to incur other debt.

[Table of Contents](#)

Each prospectus supplement will summarize the material terms relating to the specific series of debt securities being offered. These terms may include some or all of the following:

- the title of debt securities, whether they are subordinated debt securities or senior debt securities;
- any limit on the aggregate principal amount of the debt securities;
- the price or prices at which we will sell the debt securities;
- the maturity date or dates of the debt securities;
- the rate or rates of interest, if any, which may be fixed or variable, at which the debt securities will bear interest, or the method of determining such rate or rates, if any;
- the date or dates from which any interest will accrue or the method by which such date or dates will be determined;
- the right, if any, to extend the interest payment periods and defer interest payments, and the duration of any such deferral period, including the maximum consecutive periods during which interest payments may be deferred;
- whether the amount of payments of principal of (and premium, if any) or interest on the debt securities may be determined with reference to any index, formula or other method, such as one or more currencies, commodities, equity indices or other indices, and the manner of determining the amount of such payments;
- the dates on which we will pay interest on the debt securities and the regular record date for determining who is entitled to the interest payable on any interest payment date;
- the place or places where the principal of (and premium, if any) and interest on the debt securities will be payable;
- if we possess the option to do so, the periods within which and the prices at which we may redeem the debt securities, in whole or in part, pursuant to optional redemption provisions, and the other terms and conditions of any such provisions;
- our obligation, if any, to redeem, repay or purchase debt securities by making periodic payments to a sinking fund or through an analogous provision or at the option of holders of the debt securities, and the period or periods within which and the price or prices at which we will redeem, repay or purchase the debt securities, in whole or in part, pursuant to such obligation, and the other terms and conditions of such obligation;
- the denominations in which the debt securities will be issued, if other than denominations of \$1,000 and integral multiples of \$1,000;
- the portion, or methods of determining the portion, of the principal amount of the debt securities which we must pay upon the acceleration of the maturity of the debt securities in connection with an Event of Default (as described below), if other than the full principal amount;
- the currency, currencies or currency unit in which we will pay the principal of (and premium, if any) or interest, if any, on the debt securities, if not United States dollars;
- provisions, if any, granting special rights to holders of the debt securities upon the occurrence of specified events;
- any deletions from, modifications of or additions to the Events of Default or our covenants with respect to the applicable series of debt securities, and whether or not such Events of Default or covenants are consistent with those contained in the applicable Indenture;
- the application, if any, of the terms of the Indenture relating to defeasance and covenant defeasance (which terms are described below) to the debt securities;

Table of Contents

- whether the subordination provisions summarized below or different subordination provisions will apply to the debt securities;
- the terms, if any, upon which the holders may convert or exchange the debt securities into or for our common stock, preferred stock or other securities or property;
- whether any of the debt securities will be issued in global form in the name of a depository and, if so, the terms and conditions upon which global debt securities will cease to be issued in the name of a depository and exchanged for debt securities of smaller denominations issued in the name of investors and/or their direct or indirect nominees;
- any change in the right of the trustee or the requisite holders of debt securities to declare the principal amount thereof due and payable because of an Event of Default;
- the depository for global debt securities;
- any special tax implications of the debt securities;
- any trustees, authenticating or paying agents, transfer agents or registrars or other agents with respect to the debt securities; and
- any other terms of the debt securities.

Unless otherwise specified in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange and will be issued in fully-registered form without coupons.

Debt securities may be sold at a discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. The applicable prospectus supplement will describe the material federal income tax consequences and special considerations applicable to any such debt securities. The debt securities may also be issued as indexed securities or securities denominated in foreign currencies, currency units or composite currencies, as described in more detail in the prospectus supplement relating to any of the particular debt securities.

Subordination

The prospectus supplement relating to any offering of subordinated debt securities will describe the specific subordination provisions, including the extent of subordination of payments by us of the principal of, premium, if any, and interest on such subordinated debt securities.

The Subordinated Indenture does not limit the issuance of additional Senior Indebtedness.

Certain Covenants

Except as set forth below or in any indenture supplemental to the Indentures or in a board resolution of ours establishing a series of securities under the Indentures, the Indentures will not:

- limit the amount of indebtedness or lease obligations that may be incurred by us and our subsidiaries; or
- contain provisions which would give holders of the notes the right to require us to repurchase their notes in the event of a decline in the credit rating of our debt securities resulting from a change in control, recapitalization or similar restructuring or in the case of any other event.

Limitation on Liens

The Senior Indenture provides that if we or any Restricted Subsidiary (as defined below) shall issue, assume or guarantee any evidence of indebtedness for money borrowed ("Indebtedness") secured by a mortgage, security

Table of Contents

interest, pledge or lien (“Mortgage”) on any Principal Property (as described below), or shares of stock or Indebtedness of any Restricted Subsidiary, we will secure or cause such Restricted Subsidiary to secure any debt securities issued under the Senior Indenture (the “Senior Securities”) equally and ratably with such secured Indebtedness (for so long as such secured Indebtedness remains to be so secured), unless the aggregate amount of all such secured Indebtedness, together with all Attributable Debt (as defined below) outstanding pursuant to the first paragraph of the “Limitation on Sale and Lease-back Transactions” covenant described below, would not exceed 10% of Consolidated Net Worth (defined below). The Subordinated Indenture does not contain a similar limitation on liens.

Such limitation will not apply to Indebtedness secured by (a) Mortgages on property of any corporation existing at the time such corporation becomes a Restricted Subsidiary, (b) Mortgages on any property existing at the date of the indenture or at the time of acquisition by us or a Restricted Subsidiary (including acquisition through merger or consolidation), (c) Mortgages securing Indebtedness of a Restricted Subsidiary to us or to another Restricted Subsidiary, (d) purchase money and construction Mortgages entered into within specified time limits, (e) mechanics’ liens, tax liens, liens in favor of any governmental body to secure progress, advance or other payments or the acquisition of real or personal property from any governmental body pursuant to contract or provision of statute, any other liens, charges and encumbrances incidental to construction, conduct of business or ownership of property of ours or any Restricted Subsidiary which were not incurred in connection with borrowing money, obtaining advances or credits or the acquisition of property and in the aggregate do not materially impair use of any Principal Property or which are being contested in good faith, or (f) any extension, renewal or replacement of any of the aforementioned Mortgages not in excess of the principal amount of such Indebtedness plus any premium or fee payable in connection with such transaction.

Limitation on Sale and Lease-back Transactions

The Senior Indenture provides that neither we nor any Restricted Subsidiary may enter into any sale and lease-back transaction involving any Principal Property unless the aggregate amount of all Attributable Debt with respect to such transactions, together with all Indebtedness outstanding pursuant to the first paragraph of the “Limitation on Liens” covenant described above, would not exceed 10% of Consolidated Net Worth.

Such limitation will not apply to any sale and lease-back transaction if (a) the lease is for a period of not more than three years, (b) the purchaser’s commitment is obtained within a specified period after the acquisition, construction or placing in service of the Principal Property, (c) the rent payable pursuant to such lease is to be reimbursed under a contract with the United States Government or instrumentality or agency thereof, (d) the transaction is between us and a Restricted Subsidiary or between Restricted Subsidiaries, (e) we or such Restricted Subsidiary would be entitled as described in “Limitation on Liens,” above, to mortgage such Principal Property without equally and ratably securing the Senior Securities, or (f) we or such Restricted Subsidiary, within 180 days after the effective date of the transaction, apply to the retirement of Senior Securities or other Indebtedness of ours or a Restricted Subsidiary an amount equal to (A) either (i) the lesser of the net proceeds of the sale or transfer or the book value at the date of such sale or transfer of the Principal Property leased, if the transaction is for cash, or (ii) the fair market value of the Principal Property leased, if the transaction is for other than cash, minus (B) the amount equal to the principal amount of Senior Securities delivered to the trustee within such 180 days for cancellation and the principal amount of Indebtedness voluntarily retired (including any premium or fee paid in connection therewith) within such 180 days.

Consolidation, Merger and Sale of Assets

We may consolidate or merge with or into any other corporation, and we may sell or transfer all or substantially all of our assets to another corporation, provided, among other things, that (a) if we are not the surviving corporation, the corporation formed by or resulting from any such consolidation or merger or the transferee of such assets shall be a corporation organized and existing under the laws of the United States, any state thereof or the District of Columbia and shall expressly assume by supplemental indenture payment of the

[Table of Contents](#)

principal of and premium, if any, and interest, if any, on the debt securities issued under the Indenture and the performance and observance of the Indenture and (b) we or such successor corporation shall not immediately thereafter be in default under the Indenture.

Definition of Certain Terms

“Restricted Subsidiary” means a Subsidiary (as defined below) (i) substantially all the property of which is located, or substantially all the business of which is carried on, within the United States, and (ii) which owns a Principal Property; provided, however, that the term shall not include any Subsidiary which is solely or primarily engaged in the business of providing or obtaining financing for the sale or lease of products sold or leased by us or any Subsidiary or which is primarily engaged in the business of a finance company either on a secured or an unsecured basis.

“Principal Property” means all real property and tangible personal property constituting a manufacturing plant located within the United States owned by us or a Restricted Subsidiary, exclusive of (i) motor vehicles, mobile materials-handling equipment and other rolling stock, (ii) office furnishings and equipment, information and electronic data processing equipment, (iii) any property financed through obligations issued by a state or possession of the United States, or any political subdivision or instrumentality of the foregoing, on which the interest is not, in the opinion of tax counsel of recognized standing or in accordance with a ruling issued by the Internal Revenue Service, includable in gross income of the holder by reason of Section 103(a) of the Internal Revenue Code (or any successor to such provision) as in effect at the time of the issuance of such obligations, (iv) any real property held for development or sale, or (v) any property the gross book value of which (including related land and improvements thereon and all machinery and equipment included therein without deduction of any depreciation reserves) is less than 10% of Consolidated Net Worth or which our board of directors determines is not material to the operation of our business and our Subsidiaries taken as a whole.

“Consolidated Net Worth” means the excess over current liabilities of all assets properly appearing on our consolidated balance sheet after deducting the minority interests of others in Subsidiaries.

A “Subsidiary” is defined to mean any corporation of which at least a majority of all outstanding stock having ordinary voting power in the election of directors of such corporation is at the time, directly or indirectly, owned by us or by one or more Subsidiaries of ours or by us and one or more Subsidiaries.

“Attributable Debt” in respect of any Sale and Lease-Back Transaction means, as of the time of the determination, the lesser of (i) the sale price of the Principal Property so leased multiplied by a fraction the numerator of which is the remaining portion of the base term of the lease included in such transaction and the denominator of which is the base term of such lease, and (ii) the total obligation (discounted to present value at the implicit interest factor, determined in accordance with generally accepted financial practice, included in the rental payments or, if such interest factor cannot readily be determined, at a rate of interest of 10% per annum, compounded semi-annually) of the lessee for rental payments (other than amounts required to be paid on account of property taxes as well as maintenance, repairs, insurance, water rates and other items which do not constitute payments for property rights) during the remaining portion of the base term of lease included in such transaction.

Events of Default

The following events are defined in the Indentures as “Events of Default” with respect to any series of debt securities:

- default in the payment of any installment of interest on any debt securities in such series for 30 days after becoming due;
- default in the payment of principal or premium, if any, of any debt securities in such series when due;
- default in the performance of any other covenant for 90 days after notice;

Table of Contents

- involuntary acceleration of the maturity of our indebtedness in excess of \$10 million for money borrowed which acceleration shall not be rescinded or annulled or otherwise cured, or which indebtedness shall not be discharged, within 10 days after notice;
- entry of certain court orders which would require us to make payments exceeding \$25 million and where 60 days have passed since the entry of the order without it having been satisfied or stayed;
- certain events of bankruptcy, insolvency or reorganization; and
- any other Event of Default that may be set forth in the supplemental indenture or board resolution with respect to a particular series of debt securities.

If an Event of Default shall occur and be continuing with respect to a series of debt securities, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities (or such lesser amount as may be provided for in the debt securities of such series) of such series may declare the entire principal amount of all the debt securities of such series to be due and payable.

The Indentures provide that the trustee shall, within 90 days after the occurrence of default with respect to a particular series of debt securities, give the holders of the debt securities of such series notice of such default known to it (the term default to mean the events specified above without grace periods); provided that, except in the case of default in the payment of principal or premium, if any, or interest, if any, on any of the debt securities of such series, the trustee shall be protected in withholding such notice if it in good faith determines the withholding of such notice is in the interest of the holders of the debt securities of such series.

We are required to furnish the trustee annually a statement by certain of our officers to the effect that to the best of their knowledge we are not in default in the fulfillment of any of our obligations under the Indentures or, if there has been a default in the fulfillment of any such obligation, specifying each such default. No holder of any debt securities of any particular series shall have any right to institute any judicial or other proceeding with respect to the Indentures, or for the appointment of a receiver or trustee, or for any other remedy unless:

- an Event of Default shall have occurred and be continuing and such holder shall have given the trustee prior written notice of such continuing Event of Default;
- the holders of not less than 25% of the outstanding principal amount of debt securities of a particular series shall have requested the trustee for such series to institute proceedings in respect of such Event of Default;
- under the Senior Indenture, the trustee shall have been offered indemnity reasonably satisfactory to it against the costs, expenses and liabilities to be incurred in compliance with such request;
- under the Subordinated Indenture, the trustee shall have been offered such reasonable indemnity as it may require against its costs, expenses and liabilities in complying with such request;
- the trustee shall have failed to institute proceedings 60 days after the receipt of such notice, request and offer of indemnity; and
- no direction inconsistent with such written request shall have been given for 60 days by the holders of a majority in principal amount of the outstanding debt securities of such series.

The holders of a majority in principal amount of a particular series of debt securities outstanding will have the right, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the trustee with respect to such series or exercising any trust or power conferred to the trustee, and to waive certain defaults. The Indentures provide that in case an Event of Default shall occur and be continuing, the trustee shall exercise such of its rights and powers under the Indentures, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights

[Table of Contents](#)

or powers under the Indentures at the request of any of the holders of debt securities of a particular series unless they shall have offered to the trustee security or indemnity reasonably satisfactory to the trustee against the costs, expenses and liabilities which might be incurred by it in compliance with such request.

Discharge, Defeasance and Covenant Defeasance

If indicated in the applicable prospectus supplement, we may discharge or defease our obligations under each Indenture as set forth below.

We may discharge certain obligations to holders of any series of debt securities issued under either the Senior Indenture or the Subordinated Indenture which have not already been delivered to the trustee for cancellation and which have either become due and payable or are by their terms due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing with the trustee funds or government obligations denominated in U.S. dollars or in the foreign currency in which debt securities of such series are payable in an amount sufficient, in the opinion of an independent firm of certified public accountants, to pay the entire indebtedness on debt securities of such series with respect to principal (and premium and additional amounts, if any) and interest to the date of such deposit (if debt securities of such series have become due and payable) or to the maturity thereof or the date of redemption of debt securities of such series, as the case may be.

If indicated in the applicable prospectus supplement, we may elect either (i) to defease and be discharged from any and all obligations with respect to the debt securities of or within any series (except for, among other things, the obligation to pay additional amounts, if any, upon the occurrence of certain events of taxation, assessment or governmental charge with respect to payments on debt securities of such series and other obligations to register the transfer or exchange of debt securities of such series, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency with respect to the debt securities and to hold moneys for payment in trust) ("defeasance") or (ii) to be released from our obligations with respect to certain covenants applicable to the debt securities of or within any series of debt securities and any omission to comply with such obligations shall not constitute an Event of Default with respect to such series of debt securities ("covenant defeasance"), upon the deposit with the relevant Indenture trustee, in trust for such purpose, of money and/or government obligations which through the payment of principal and interest in accordance with their terms will provide money in an amount sufficient, without reinvestment, to pay the principal of (and premium, if any) or interest on such debt securities to maturity. As a condition to defeasance or covenant defeasance, we must deliver to the trustee an opinion of counsel to the effect that the holders of such debt securities will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred. Such opinion of counsel, in the case of defeasance under clause (i) above, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable federal income tax law occurring after the date of the relevant Indenture. In addition, in the case of either defeasance or covenant defeasance, we must deliver to the trustee (i) an opinion of counsel stating that the money and government obligations or other property deposited with the trustee to be held in trust will not be subject to any case or proceeding under any Federal or State bankruptcy, insolvency, reorganization or other similar law, or any decree or order for relief, and (ii) an officers' certificate and an opinion of counsel, each stating that all conditions precedent with respect to such defeasance or covenant defeasance have been complied with.

We may exercise our defeasance option with respect to such debt securities notwithstanding our prior exercise of our covenant defeasance option.

Modification and Waiver

Modification and amendment of the Indentures may be made by us and the trustee with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of each series

[Table of Contents](#)

affected thereby; provided, however, that no such modification or amendment may, without the consent of the holder of each outstanding debt security affected thereby:

- change the stated maturity of the principal of, or any premium or installment of interest on, or any additional amounts with respect to, debt securities of any series,
- reduce the principal amount of, or the rate (or modify the calculation of such rate) of interest on, or any additional amounts with respect to, or any premium payable upon the redemption of, debt securities of any series,
- change our obligation to pay additional amounts with respect to debt securities of any series or reduce the amount of the principal of an original issue discount debt securities that would be due and payable upon a declaration of acceleration of the maturity thereof or the amount thereof provable in bankruptcy,
- change the redemption provisions of debt securities of any series or adversely affect the right of repayment at the option of any holder of debt securities of any series,
- change the place of payment or the coin or currency in which the principal of, any premium or interest on or any additional amounts with respect to debt securities of any series is payable,
- impair the right to institute suit for the enforcement of any payment on or after the stated maturity of debt securities of any series,
- reduce the percentage in principal amount of an outstanding series of debt securities, the consent of whose holders is required in order to take certain actions,
- reduce the requirements for quorum or voting by holders of a particular series of debt securities,
- modify any of the provisions in the Indentures regarding the waiver of past defaults and the waiver of certain covenants by the holders of a particular series of debt securities except to increase any percentage vote required or to provide that certain other provisions of the Indentures cannot be modified or waived without the consent of the holder of each debt security of such series affected thereby,
- make any change that adversely affects the right to convert or exchange any series of debt security into or for our common stock or other securities in accordance with its terms, or

The holders of at least a majority in aggregate principal amount of the debt securities of any series may, on behalf of the holders of all debt securities of such series, waive our compliance with certain restrictive provisions of the applicable Indenture. The holders of not less than a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of the holders of all debt securities of such series, waive any past default and its consequences under the Indenture with respect to the debt securities of such series, except a default:

- in the payment of principal of (or premium, if any), any interest on or any additional amounts with respect to debt securities of such series; or
- in respect of a covenant or provision of the Indenture that cannot be modified or amended without the consent of the holder of each debt security of such series.

Under the Indentures, we are required to furnish the trustee annually a statement as to performance by us of certain of our obligations under the Indentures and as to any default in such performance. We are also required to deliver to the trustee, within five days after occurrence thereof, written notice of any Event of Default or any event which after notice or lapse of time or both would constitute an Event of Default.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of interest on a debt security on any interest payment date will be made to the person in whose name a debt security is registered at the close of business on the record date for the interest.

Table of Contents

Unless otherwise indicated in the applicable prospectus supplement, principal, interest and premium on the debt securities of a particular series will be payable at the office of such paying agent or paying agents as we may designate for such purpose from time to time. Notwithstanding the foregoing, at our option, payment of any interest may be made by check mailed to the address of the person entitled thereto as such address appears in the security register.

Unless otherwise indicated in the applicable prospectus supplement, a paying agent designated by us and located in the Borough of Manhattan, The City of New York will act as paying agent for payments with respect to debt securities of each series. All paying agents initially designated by us for the debt securities of a particular series will be named in the applicable prospectus supplement. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that we will be required to maintain a paying agent in each place of payment for the debt securities of a particular series.

All moneys paid by us to a paying agent for the payment of the principal, interest or premium on any debt security which remain unclaimed at the end of two years after such principal, interest or premium has become due and payable will be repaid to us upon written request, and the holder of such debt security thereafter may look only to us for payment thereof.

Denominations, Registrations and Transfer

Unless an accompanying prospectus supplement states otherwise, debt securities will be represented by one or more global certificates registered in the name of a nominee for The Depository Trust Company ("DTC"). In such case, each investor's beneficial interest in the global securities will be shown on the records of DTC and transfers of beneficial interests will only be effected through DTC's records.

A holder of a beneficial interest in a global security may only exchange such interest for certificated securities registered in such holder's name if:

- DTC notifies us that it is unwilling or unable to continue serving as the depository for the relevant global securities or DTC ceases to maintain certain qualifications under the Exchange Act and no successor depository has been appointed for 90 days; or
- We determine, in our sole discretion, that the global security shall be exchangeable.

If debt securities cease to be represented by global certificates, they will only be issued in the minimum denomination specified in the accompanying prospectus supplement and integral multiples of such denomination. Transfers and exchanges of such debt securities will only be permitted in such minimum denomination. Transfers of debt securities in certificated form may be registered at the trustee's corporate trust office or at the offices of any paying agent or trustee appointed by us under the Indentures. Exchanges of debt securities for an equal aggregate principal amount of debt securities in different denominations may also be made at such locations.

Benefits of Indentures

Nothing in the Indentures will confer upon or give any person other than us, the trustee, our and its successors, and the person or persons in whose names the debt securities of a particular series are registered in the security register for the debt securities of such series, any benefit, right, remedy or claim under the Indentures.

Governing Law

The Indentures and debt securities will be governed by, and construed in accordance with, the internal laws of the State of New York, without regard to its principles of conflicts of laws (other than Section 5-1401 of the General Obligations Law of the State of New York).

[Table of Contents](#)

Regarding the Trustee

The Senior Indenture Trustee is The Bank of New York Mellon Trust Company, N.A., as successor trustee to JPMorgan Chase Bank N.A., and the Subordinated Indenture Trustee is HSBC Bank USA, National Association. The Trustees are permitted to engage in other transactions with us and our subsidiaries from time to time, provided that if the trustees acquire any conflicting interest they must eliminate such conflict upon the occurrence of an Event of Default, or else resign.

Conversion or Exchange Rights

The prospectus supplement will describe the terms, if any, on which a series of debt securities may be convertible into or exchangeable for our common stock, preferred stock, other debt securities or other securities or property. These terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. These provisions may allow or require the number of shares of our common stock or other securities to be received by the holders of such series of debt securities to be adjusted.

DESCRIPTION OF CAPITAL STOCK

General

The following summary description of our capital stock is based on the provisions of the Connecticut Business Corporation Act (the "CBCA"), our restated certificate of incorporation, as amended, and our bylaws, as amended. This description does not purport to be complete and is qualified in its entirety by reference to the full text of the CBCA, as it may be amended from time to time, and to the terms of the restated certificate of incorporation and bylaws, as each may be amended from time to time, which are incorporated by reference as exhibits to the registration statement of which this prospectus is a part. See "Where You Can Find More Information." As used in this "Description of Capital Stock," the terms "Stanley Black & Decker, Inc.," "we," "our" and "us" refer to Stanley Black & Decker, Inc., a Connecticut corporation, and do not, unless otherwise specified, include the subsidiaries of this Connecticut corporation.

Our authorized capital stock consists of 300,000,000 shares of common stock, par value \$2.50 per share, and 10,000,000 shares of preferred stock, without par value. The number of authorized shares of any class may be increased or decreased by an amendment to our restated certificate of incorporation proposed by our board of directors and approved by a majority of voting shares voted on the issue at a meeting at which a quorum exists.

Common Stock

Each shareholder of record of our common stock is entitled to one vote for each share held on every matter properly submitted to the shareholders for their vote. Holders of our common stock do not have cumulative voting rights. After satisfaction of the dividend rights of holders of preferred stock, holders of common stock are entitled ratably to any dividend declared by the board of directors out of funds legally available for this purpose.

Upon our liquidation, dissolution or winding up, the holders of our common stock are entitled to receive ratably our net assets available, if any, after the payment of all debts and other liabilities and subject to the prior rights of any outstanding preferred stock.

Holders of our common stock have no redemption or conversion rights, no sinking fund provisions and no preemptive right to subscribe for or purchase additional shares of any class of our capital stock.

The outstanding shares of our common stock are fully paid and nonassessable, and any shares of common stock issued in an offering pursuant to this prospectus and any shares of common stock issuable upon the exercise of common stock warrants or conversion or exchange of debt securities or preferred stock which are convertible into or exchangeable for our common stock, or in connection with the obligations of a holder of stock purchase contracts to purchase our common stock, when issued in accordance with their terms will be fully paid and nonassessable. The rights, preferences and privileges of holders of common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock that we may designate and issue in the future.

Preferred Stock

This section describes the general terms and provisions of preferred stock that we are authorized to issue. The applicable prospectus supplement will describe the specific terms of the shares of preferred stock offered through that prospectus supplement, as well as any general terms described in this section that will not apply to those shares of preferred stock. We will file a copy of the certificate of amendment to our certificate of incorporation that contains the terms of each new series of preferred stock with the Secretary of the State of Connecticut and with the SEC each time we issue a new series of preferred stock. Each such certificate of amendment will establish the number of shares included in a designated series and fix the designation, powers, privileges, preferences and rights of the shares of each series as well as any applicable qualifications, limitations

[Table of Contents](#)

or restrictions. You should refer to the applicable certificate of amendment as well as our certificate of incorporation before deciding to buy shares of our preferred stock as described in the applicable prospectus supplement.

Our board of directors has been authorized to provide for the issuance of up to 10,000,000 shares of our preferred stock in multiple series without the approval of shareholders. With respect to each series of our preferred stock, our board of directors has the authority to fix the following terms:

- the designation of the series;
- the number of shares within the series;
- whether dividends are cumulative and, if cumulative, the dates from which dividends are cumulative;
- the rate of any dividends, any conditions upon which dividends are payable, and the dates of payment of dividends;
- whether the shares are redeemable, the redemption price and the terms of redemption;
- the amount payable for each share if we dissolve or liquidate;
- whether the shares are convertible or exchangeable, the price or rate of conversion or exchange, and the applicable terms and conditions;
- any restrictions on issuance of shares in the same series or any other series;
- voting rights applicable to the series of preferred stock; and
- any other rights, priorities, preferences, restrictions or limitations of such series.

The right of a holder of preferred stock to receive payment in respect thereof upon any liquidation, dissolution or winding up of us will be subordinate to the rights of our general creditors. Shares of our preferred stock that we issue in accordance with their terms will be fully paid and nonassessable, and will not be entitled to preemptive rights unless specified in the applicable certificate of amendment to a certificate of incorporation and the applicable prospectus supplement.

Our ability to issue preferred stock, or rights to purchase such shares, could discourage an unsolicited acquisition proposal. For example, we could impede a business combination by issuing a series of preferred stock containing class voting rights that would enable the holders of such preferred stock to block a business combination transaction. Alternatively, we could facilitate a business combination transaction by issuing a series of preferred stock having sufficient voting rights to provide a required percentage vote of the shareholders. Additionally, under certain circumstances, our issuance of preferred stock could adversely affect the voting power of the holders of our common stock. Although our board of directors is required to make any determination to issue any preferred stock based on its judgment as to the best interests of our shareholders, our board of directors could act in a manner that would discourage an acquisition attempt or other transaction that some, or a majority, of our shareholders might believe to be in their best interests or in which shareholders might receive a premium for their stock over prevailing market prices of such stock. Our board of directors does not at present intend to seek shareholder approval prior to any issuance of currently authorized stock, unless otherwise required by law or applicable stock exchange requirements.

Anti-Takeover Effects of Provisions of the Certificate of Incorporation, Bylaws and Other Agreements

The rights of our shareholders and related matters are governed by the CBCA, the certificate of incorporation and the bylaws. Provisions of the CBCA, the certificate of incorporation and the bylaws, which are summarized below, may discourage or make more difficult a takeover attempt that shareholders might consider in their best interest. These provisions may also adversely affect prevailing market prices for our common stock.

[Table of Contents](#)

Board of Directors

The certificate of incorporation provides that the board of directors shall consist of not less than nine nor more than eighteen directors, the exact number to be fixed by the board of directors from time to time. At each annual meeting of the shareholders, each nominee for director shall stand for election to a one-year term expiring at the next annual meeting of shareholders. Despite the expiration of a director's term, such director shall continue to serve until either the director's successor shall have been duly elected and qualified or there is a decrease in the number of directors. In no case will a decrease in the number of directors shorten the term of any incumbent director. Any vacancy on the board of directors may be filled by the board of directors, whether such vacancy occurs as a result of an increase in the number of directors or otherwise. The certificate of incorporation also provides that directors may be removed from office, but only for cause by the affirmative vote of at least a majority of the votes entitled to be cast thereon.

Shareholder Action by Written Consent; Special Meetings

Under the CBCA our shareholders may take action by written unanimous consent of holders of all of our shares in lieu of an annual or special meeting. Otherwise, shareholders will only be able to take action at an annual or special meeting called in accordance with the bylaws.

The bylaws provide that special meetings of shareholders may only be called by:

- the chairman of the board;
- the chief executive officer;
- the secretary; or
- the chairman of the board, the chief executive officer or the secretary upon the written request of the holders of not less than twenty-five percent (25%) of our outstanding voting stock.

In addition, the CBCA provides that a corporation with a class of voting stock registered under the Exchange Act shall hold a special meeting of shareholders if the holders of thirty-five percent (35%) of the votes entitled to be cast on any issue proposed to be considered demand such a meeting.

Advance Notice Requirements for Director Nominations and Other Proposals

Director Nominations. The bylaws contain advance notice procedures with regard to shareholder proposals related to the nomination of candidates for election as directors. These procedures provide that notice of shareholder proposals related to shareholder nominations for the election of directors must be received at our executive offices at least 90 days, but no more than 120 days before the first anniversary of the date on which the proxy statement for the preceding annual meeting was mailed; provided, however, that in the event the annual meeting is not within 30 days before or after such anniversary date, notice by the shareholder must be received not earlier than 120 days before the date of the annual meeting and not later than 90 days prior to the annual meeting, or not later than the close of business 10 days after the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever occurs first. Our bylaws require that all directors be shareholders of record.

A shareholder's notice to our corporate secretary must be in proper written form and must set forth certain information including:

- the name, and record addresses of the nominating shareholder, and any other person on whose behalf the nomination is being made, and the nominee;
- the class or series and number of shares of our capital stock which are beneficially or of record owned by the nominating shareholder or such other person;

Table of Contents

- a description of all arrangements or understandings between the nominating shareholder or such other person and any nominee(s) in connection with the nomination;
- any other information relating to the nominee that would be required to be disclosed in a proxy statement or other solicitations of proxies for election of directors or as otherwise required to be disclosed pursuant to the Exchange Act had the nominee been nominated by the board of directors;
- a consent of the nominee to be named in the proxy statement and to serve if elected; and
- a representation that the nominating shareholder intends to appear in person or by proxy at the meeting to make such nomination.

Other Proposals. In addition to the procedures for nominating directors, the bylaws also contain notice procedures for other shareholder proposals to be brought before an annual meeting. To be timely, we must receive shareholder proposals at least 90 days, but no more than 120 days before the first anniversary of the date on which the proxy statement for the preceding annual meeting was mailed; provided, however, that in the event the annual meeting is not within 30 days before or after such anniversary date, notice by the shareholder must be received not earlier than 120 days before the date of the annual meeting and not later than 90 days prior to the annual meeting, or not later than the close of business 10 days after the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever occurs first.

A shareholder's notice to our corporate secretary must be in proper written form and must set forth, as to each matter that shareholder proposes to bring before the meeting:

- a brief description of the business desired to be brought before the meeting and the reasons for conducting that business at the meeting;
- the complete text of any resolutions to be presented;
- the name and record address of that shareholder and any other person on whose behalf the proposal is made;
- the class and series and number of shares of each class and series of our capital stock which are owned beneficially or of record by that shareholder or such other person;
- a description of all arrangements or understandings between that shareholder and any such other person in connection with the proposal of that business and any material interest of that shareholder or such other person in that business; and
- a representation that the shareholder intends to appear in person or by proxy at the meeting to bring that business before the meeting.

Antitakeover Legislation

We are subject to the provisions of Section 33-844 of the CBCA which prohibits a Connecticut corporation from engaging in a "business combination" with an "interested shareholder" for a period of five years after the date of the transaction in which the person became an interested shareholder, unless the business combination or the purchase of stock by which such person becomes an interested shareholder is approved by our board of directors, and by a majority of our non-employee directors, prior to the date on which the person becomes an interested shareholder. A "business combination" generally includes mergers, asset sales, some types of stock issuances and other transactions with, or resulting in a disproportionate financial benefit to, the interested shareholder. Subject to exceptions, an "interested shareholder" is a person who owns 10% or more of our voting power, or is an affiliate or associate of Stanley Black & Decker, Inc. and owned 10% or more of our voting power within the past five years.

Table of Contents

Under our certificate of incorporation, the affirmative vote by the holders of 80% of our outstanding voting stock is required for the approval or authorization of any business combination involving an interested shareholder. This voting requirement does not apply if:

- 2/3 of our disinterested directors expressly approve the proposed business combination; or
- The following conditions are satisfied:
 - The cash and fair market value of other consideration received on a per share basis by each shareholder is no less than the highest share price (or the equivalent value) paid by the interested shareholder in acquiring our capital stock; and
 - A proxy statement is mailed to all shareholders of the corporation for the purpose of soliciting shareholder approval of the business combination.

This 80% vote is required even if no vote or a lesser percentage is required by any applicable laws. Additionally, the affirmative vote of the holders of not less than 80% of our outstanding shares of capital stock is required to modify this section of our certificate of incorporation.

Notwithstanding the 80% vote required by our certificate of incorporation, we are also subject to Section 33-841 and Section 33-842 of the CBCA. These provisions generally require business combinations with an interested shareholder to be approved by the board of directors and then by the affirmative vote of at least:

- the holders of 80% of the voting power of the outstanding shares of our voting stock; and
- the holders of 2/3 of the voting power of the outstanding shares of our voting stock, excluding the voting stock held by the interested shareholder;

unless the consideration to be received by the shareholders meets certain price and other requirements set forth in Section 33-842 of the CBCA or unless the board of directors of the corporation has by resolution determined to exempt business combinations with that interested shareholder prior to the time that such shareholder became an interested shareholder.

We are also subject to Section 33-756(g) of the CBCA, generally requiring directors acting with respect to mergers, sales of assets and other specified transactions to consider, in determining what they reasonably believe to be in the best interests of the corporation, specified interests, including those of the corporation's employees, customers, creditors and suppliers and any community in which any office or other facility of the corporation is located. Section 33-756(g) of the CBCA also allows a director to consider, in the discretion of such director, any other factors the director reasonably considers appropriate in determining what the director reasonably believes to be in the best interest of the corporation.

Limitation of Liability of Directors

The certificate of incorporation contains provisions permitted under the CBCA relating to the personal liability of directors. The provisions limit the personal liability to us or our shareholders of a director for monetary damages for breach of duty as a director to an amount that is not more than the compensation received by that director for serving us during the year of the violation to the extent permitted by applicable law, which permits such limitation provided that such violation must not involve a knowing and culpable violation of law, enable the director or an affiliate to receive an improper personal gain, show a lack of good faith and a conscious disregard for the director's duty to the corporation, amount to an abdication of the director's duty to the corporation, or create liability for an unlawful distribution. Our bylaws provide for the indemnification and reimbursement of, and advances of expenses to, any person that is made a party to an action by reason of the fact that he or she:

- is or was our director, officer, employee or agent, or
- served at our request as a director, officer, employee or agent of another corporation. Our bylaws provide for indemnification of directors and officers to the fullest extent permitted by Connecticut law.

DESCRIPTION OF WARRANTS

This section describes the general terms and provisions of our warrants to acquire our securities that we may issue from time to time. The applicable prospectus supplement will describe the terms of any warrant agreements and the warrants issuable thereunder. If any particular terms of the warrants described in the prospectus supplement differ from any of the terms described herein, then the terms described herein will be deemed superseded by that prospectus supplement.

We may issue warrants for the purchase of our debt securities, common stock or preferred stock, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. We may issue warrants independently or together with other securities, and they may be attached to or separate from the other securities. Each series of warrants will be issued under a separate warrant agreement that we will enter into with a bank or trust company, as warrant agent, as detailed in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation, or agency or trust relationship, with you. We will file a copy of the warrant and warrant agreement with the SEC each time we issue a series of warrants, and these warrants and warrant agreements will be incorporated by reference into the registration statement of which this prospectus is a part. A holder of our warrants should refer to the provisions of the applicable warrant agreement and prospectus supplement for more specific information.

The prospectus supplement relating to a particular issue of warrants will describe the terms of those warrants, including, when applicable:

- the offering price;
- the currency or currencies, including composite currencies, in which the purchase price and/or exercise price of the warrants may be payable;
- the number of warrants offered;
- the securities underlying the warrants, if any, to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing, purchasable upon exercise of the warrants;
- the exercise price and the amount of securities you will receive upon exercise;
- the procedure for exercise of the warrants and the circumstances, if any, that will cause the warrants to be automatically exercised;
- the rights, if any, we have to redeem the warrants;
- the date on which the right to exercise the warrants will commence and the date on which the warrants will expire;
- the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security;
- the date on and after which the warrants and the related securities will be separately transferable;
- material U.S. federal income tax consequences;
- the name of the warrant agent; and
- any other material terms of the warrants.

After warrants expire they will become void. All warrants will be issued in registered form. The prospectus supplement may provide for the adjustment of the exercise price of the warrants.

[Table of Contents](#)

Warrants may be exercised at the appropriate office of the warrant agent or any other office indicated in the applicable prospectus supplement. Before the exercise of warrants, holders will not have any of the rights of holders of the securities purchasable upon exercise and will not be entitled to payments made to holders of those securities.

The applicable warrant agreement may be amended or supplemented without the consent of the holders of the warrants to which it applies to effect changes that are not inconsistent with the provisions of the warrants and that do not materially and adversely affect the interests of the holders of the warrants. However, any amendment that materially and adversely alters the rights of the holders of warrants will not be effective unless the holders of at least a majority of the applicable warrants then outstanding approve the amendment. Every holder of an outstanding warrant at the time any amendment becomes effective, by continuing to hold the warrant, will be bound by the applicable warrant agreement as amended. The prospectus supplement applicable to a particular series of warrants may provide that certain provisions of the warrants, including the securities for which they may be exercisable, the exercise price and the expiration date, may not be altered without the consent of the holder of each warrant affected thereby.

DESCRIPTION OF DEPOSITARY SHARES

General

We may offer fractional shares of preferred stock, rather than full shares of preferred stock. If we do so, we may issue receipts for depositary shares that each represent a fraction of a share of a particular series of preferred stock. The prospectus supplement will indicate that fraction. The shares of preferred stock represented by depositary shares will be deposited under a depositary agreement between us and a bank or trust company that meets certain requirements and is selected by us (the "Bank Depositary"). Each owner of a depositary share will be entitled to all the rights and preferences of the preferred stock represented by the depositary share. The depositary shares will be evidenced by depositary receipts issued pursuant to the depositary agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of preferred stock in accordance with the terms of the offering.

We have summarized some common provisions of a depositary agreement and the related depositary receipts. The forms of the depositary agreement and the depositary receipts relating to any particular issue of depositary shares will be filed with the SEC each time we issue depositary shares, and you should read those documents for provisions that may be important to you. If any particular terms of the depositary agreements and the related depositary receipts described in the prospectus supplement differ from any of the terms described herein, then the terms described herein will be deemed superseded by that prospectus supplement.

Dividends and Other Distributions

If we pay a cash distribution or dividend on a series of preferred stock represented by depositary shares, the Bank Depositary will distribute such dividends to the record holders of such depositary shares. If the distributions are in property other than cash, the Bank Depositary will distribute the property to the record holders of the depositary shares. However, if the Bank Depositary determines that it is not feasible to make the distribution of property, the Bank Depositary may, with our approval, sell such property and distribute the net proceeds from such sale to the record holders of the depositary shares.

Redemption of Depositary Shares

If we redeem a series of preferred stock represented by depositary shares, the Bank Depositary will redeem the depositary shares from the proceeds received by the Bank Depositary in connection with the redemption. The redemption price per depositary share will equal the applicable fraction of the redemption price per share of the preferred stock. If fewer than all the depositary shares are redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as the Bank Depositary may determine.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the preferred stock represented by depositary shares are entitled to vote, the Bank Depositary will mail the notice to the record holders of the depositary shares relating to such preferred stock. Each record holder of these depositary shares on the record date, which will be the same date as the record date for the preferred stock, may instruct the Bank Depositary as to how to vote the preferred stock represented by such holder's depositary shares. The Bank Depositary will endeavor, insofar as practicable, to vote the amount of the preferred stock represented by such depositary shares in accordance with such instructions, and we will take all action that the Bank Depositary deems necessary in order to enable the Bank Depositary to do so. The Bank Depositary will abstain from voting shares of the preferred stock to the extent it does not receive specific instructions from the holders of depositary shares representing such preferred stock.

Amendment and Termination of the Depositary Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the depositary agreement may be amended by agreement between the Bank Depositary and us. However, any amendment that

[Table of Contents](#)

materially and adversely alters the rights of the holders of depositary shares will not be effective unless such amendment has been approved by the holders of at least a majority of the depositary shares then outstanding. The depositary agreement may be terminated by the Bank Depositary or us only if (1) all outstanding depositary shares have been redeemed or (2) there has been a final distribution in respect of the preferred stock in connection with any liquidation, dissolution or winding up of our company and such distribution has been distributed to the holders of depositary receipts.

Charges of Bank Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the Bank Depositary in connection with the initial deposit of the preferred stock and any redemption of the preferred stock.

Withdrawal of Preferred Stock

Except as may be provided otherwise in the applicable prospectus supplement, upon surrender of depositary receipts at the principal office of the Bank Depositary, subject to the terms of the depositary agreement, the owner of the depositary shares may demand delivery of the number of whole shares of preferred stock and all money and other property, if any, represented by those depositary shares. Partial shares of preferred stock will not be issued. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the Bank Depositary will deliver to such holder at the same time a new depositary receipt evidencing the excess number of depositary shares. Holders of preferred stock thus withdrawn may not thereafter deposit those shares under the depositary agreement or receive depositary receipts evidencing depositary shares therefor.

Miscellaneous

The Bank Depositary will forward to holders of depositary receipts all reports and communications from us that are delivered to the Bank Depositary and that we are required to furnish to the holders of the preferred stock.

Neither the Bank Depositary nor we will be liable if we are prevented or delayed by law or any circumstance beyond our control in performing our obligations under the depositary agreement. The obligations of the Bank Depositary and us under the depositary agreement will be limited to performance in good faith of our duties thereunder, and we will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We may rely upon written advice of counsel or accountants, or upon information provided by persons presenting preferred stock for deposit, holders of depositary receipts or other persons believed to be competent and on documents believed to be genuine.

Resignation and Removal of Bank Depositary

The Bank Depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the Bank Depositary. Any such resignation or removal will take effect upon the appointment of a successor Bank Depositary and its acceptance of such appointment. The successor Bank Depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company meeting the requirements of the depositary agreement.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

We may issue stock purchase contracts, including contracts obligating holders to purchase from or sell to us, and obligating us to sell to or purchase from the holders, a specified number of shares of common stock or other securities at a future date or dates, which we refer to in this prospectus as stock purchase contracts. The price per share of the securities and the number of shares of the securities may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts, and may be subject to adjustment under anti-dilution formulas. The stock purchase contracts may be issued separately or as part of units consisting of a stock purchase contract and debt securities, preferred securities or debt obligations of third parties, including U.S. treasury securities, any other securities described in the applicable prospectus supplement or any combination of the foregoing, securing the holders' obligations to purchase the securities under the stock purchase contracts, which we refer to herein as stock purchase units. The stock purchase contracts may require holders to secure their obligations under the stock purchase contracts in a specified manner. The stock purchase contracts also may require us to make periodic payments to the holders of the stock purchase contracts or the stock purchase units, as the case may be, or vice versa, and those payments may be unsecured or pre-funded in whole or in part.

The applicable prospectus supplement will describe the terms of the stock purchase contracts or stock purchase units. This description is not complete and the description in the prospectus supplement will not necessarily be complete, and reference is made to the stock purchase contracts, and, if applicable, collateral or depositary arrangements relating to the stock purchase contracts or stock purchase units, which will be filed with the SEC each time we issue stock purchase contracts or stock purchase units. If any particular terms of the stock purchase contracts or stock purchase units described in the prospectus supplement differ from any of the terms described herein, then the terms described herein will be deemed superseded by that prospectus supplement. Material United States federal income tax considerations applicable to the stock purchase units and the stock purchase contracts will also be discussed in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

We may sell the securities being offered hereby in one or more of the following ways from time to time:

- to underwriters for resale to purchasers;
- directly to purchasers; or
- through agents or dealers to purchasers.

In addition, Stanley Black & Decker, Inc. may enter into derivative or hedging transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. In connection with such a transaction, the third parties may sell securities covered by and pursuant to this prospectus and an applicable prospectus supplement. If so, the third party may use securities borrowed from us or others to settle such sales and may use securities received from us to close out any related short positions. We may also loan or pledge securities covered by this prospectus and an applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement.

We will identify the specific plan of distribution, including any underwriters, dealers, agents or direct purchasers and their compensation in a prospectus supplement.

LEGAL MATTERS

Unless otherwise indicated in the applicable prospectus supplement, we are being represented by Skadden, Arps, Slate, Meagher & Flom LLP, New York, New York, as to matters of New York law and matters of Connecticut law will be passed upon for us by Donald J. Riccitelli, our Assistant General Counsel. Mr. Riccitelli beneficially owns and has rights to acquire less than one percent of our common stock.
