HK SFC Code of Conduct (Para 21 – Bookbuilding and Placing) – In the context of any offering of securities, all of the Initial Purchasers and other intermediaries are "capital markets intermediaries" (together, the "**CMIs**") subject to Paragraph 21 of the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission (the "**Code**").

Associated Orders and Proprietary Orders: Prospective investors who are the directors, employees or major shareholders of the Company, a CMI or any of its group companies will be considered as having an association with the Company, the relevant CMI or the relevant group company. Prospective investors associated with the Company or a CMI (including any of its group companies) should specifically disclose whether they have any such association to a CMI and the Initial Purchasers (and such CMI and the Initial Purchasers may be required to pass such information to the Company and certain other CMIs) when placing an order for such securities and should disclose, at the same time, if such orders may negatively impact the price discovery process in relation to the offering. Prospective investors who do not disclose their associations are deemed not to be so associated. Where prospective investors disclose such associations but do not disclose that such order may negatively impact the price discovery process in relation to the offering, such order is hereby deemed not to negatively impact the price discovery process in relation to the offering. If an investor is an asset management arm affiliated with a CMI, such prospective investor should indicate when placing an order if it is for a fund or portfolio where such CMI or its group company has more

than 50% interest, in which case it will be classified as a “proprietary order” and subject to appropriate handling by CMI in accordance with the Code and should disclose, at the same time, if such “proprietary order” may negatively impact the price discovery process in relation to the offering. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not such a “proprietary order”. If a prospective investor is otherwise affiliated with a CMI, such that its order may be considered to be a “proprietary order” (pursuant to the Code), such prospective investor should indicate to a CMI and the Initial Purchasers when placing such order. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not such a “proprietary order”. Where prospective investors disclose such information but do not disclose that such “proprietary order” may negatively impact the price discovery process in relation to the offering, such “proprietary order” is hereby deemed not to negatively impact the price discovery process in relation to the offering.

Order Book Transparency: Prospective investors should ensure, and by placing an order prospective investors are deemed to confirm, that orders placed with a CMI are bona fide, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIs). In addition, any other CMIs (including Private Banks) submitting orders with the Initial Purchasers should disclose the identities of all investors when submitting orders with the Initial Purchasers. When placing an order, Private Banks should disclose, at the same time, if such order is placed other than on a “principal” basis (whereby it is deploying its own balance sheet for onward selling to investors). Private Banks who do not provide such disclosure are hereby deemed to be placing their order on such a “principal” basis. Otherwise, such order may be considered to be an omnibus order (see further below) pursuant to the Code. Private Banks should be aware that placing an order on a “principal” basis may require an affiliated Initial Purchaser (if any) to categorise it as a proprietary order and apply the “proprietary orders” requirements of the Code to such order. In the case of omnibus orders placed with the Initial Purchasers, CMIs (including Private Banks) should, at the same time, provide underlying investor information (name and unique identification number) in the format and to the relevant recipients indicated to such CMIs (including Private Banks) by the Initial Purchasers at the relevant time. Failure to provide such information may result in that order being rejected. In sharing such underlying investor information, which may be personal and/or confidential in nature, you (i) should take appropriate steps to safeguard the transmission of such information; (ii) are deemed to have obtained the necessary consents to disclose such information; and (iii) are deemed to have authorised the collection, disclosure, use and transfer of such information by the Initial Purchasers, other CMIs and/or any other third parties as may be required by the Code. In addition, prospective investors should be aware that certain information may be disclosed by the Initial Purchasers and other CMIs which is personal and/or confidential in nature to the prospective investor. By placing an order with the Initial Purchasers, prospective investors are deemed to have authorised the collection, disclosure, use and transfer of such information by the Initial Purchasers to the Company, certain other CMIs, relevant regulators and/or any other third parties as may be required by the Code, it being understood and agreed that such information shall only be used in connection with the offering.
