OTHER MATERIAL INFORMATION

The Units of the Sub-Funds are prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

All enquiries in relation to the Fund or the Sub-Funds should be directed to us, Lion Global Investors Limited, or any of our appointed agents or distributors.

Our Policy on Market Timing

The Fund is designed and managed to support medium to long-term investments. In this regard, we take a serious view of, and strongly discourage the practice of market timing (that is, investors conducting short-term buying or selling of the Fund to gain from inefficiencies in pricing). This is because such practices may cause an overall detriment to the long-term interests of other investors. In addition, short-term trading in Units increases the total transaction costs of the Fund, such as trading commission and other costs which are absorbed by all other investors. Moreover, the widespread practice of market timing may cause large movements of cash in the Fund which may disrupt the investment strategies to the detriment of long-term investors. For the reasons set out above, we strongly discourage the practice of market timing and may implement internal measures to monitor and control such practice to the extent of our powers available under the Deed. We intend to review our policy on market timing from time to time in a continuous effort to protect your long-term interests.

7. Investment Objective, Focus and Approach

Investment Approach for Equity Sub-Funds

Investment Philosophy

We believe that Asian equity markets are structurally inefficient and this inefficiency provides the opportunity for us to add value through a disciplined investment process. We believe that consistent long term returns can be achieved through in-depth fundamental research, a disciplined focus on valuations, understanding what is “priced in” by the market and what the key stock catalysts are.

Investment Process

The investment process comprises research and portfolio construction.

Research is a critical component to our investment approach. Direct company management contact coupled with industry data and feedback form the backbone of our research effort.

Risk reward analysis for each stock combines fundamental bottom up analysis with a rigorous examination of stock drivers. Below are the key areas of our focus:

Business

- Industry outlook
- Company’s trend in market share and profitability
- Barriers to entry and pricing power dynamics
- Business risks

Management

- Business strategy

- Execution track record
- Corporate dynamics
- Capital management potential, like share buybacks or dividend payout increase

Valuation

- Varied valuation approach depending on the industry and what point of the cycle the industry is in
- Valuation relative to historic range as well as at similar points of the industry cycle
- Valuation relative to market average

Catalysts

- Positive/negative earnings surprises
- M&A opportunities
- Improving/deteriorating industry cycle
- Restructuring/turnaround
- Capital management/capital raising risks

We construct the portfolio in a manner consistent with the objective of the relevant Sub-Fund as well as taking into account the prevailing macro directions and sector/thematic considerations. Positions in the relevant Sub-Fund are sized according to several factors:

- Expected returns based on fundamentals and valuations
- Specific risk factors
- Conviction on management's ability to deliver
- Liquidity and market capitalization

Each Sub-Fund's net asset value may have higher volatility as a result of its narrower investment focus on a limited geographical market, when compared to funds investing in global or wider regional markets.

Investment Approach for the Money Market Sub-Fund

Investment Philosophy

We aim to deliver consistent outperformance on a risk adjusted basis through market cycles. As an active asset manager, we seek to add value through the effective combination of research driven investment ideas and rigorous portfolio construction disciplines. In addition, we will manage five principal areas of risks, namely, country, duration, interest, currency and credit.

Investment Process

Our investment process incorporates both the 'top-down' and 'bottom-up' approaches. The top-down approach employs three forms of analysis- fundamental, technical and valuation and leads to macro decisions, on country allocation, duration, yield curve positioning and currency.

Our bottom-up approach involves research into company's business, financial and credit position and aims to enhance the portfolio's return via active credit selection and on-going credit monitoring.

7.9 Authorised Investments and Waiver From MAS

Authorised Investments

Subject to the Code on Collective Investment Schemes* issued by the Monetary Authority of Singapore, as may be amended from time to time (the “**Code**”) and to the extent allowed under the Notice on the Sale of Investment Products, the Notice on Recommendations on Investment Products and the Securities and Futures (Capital Markets Products) Regulations 2018 for the purpose of classifying Units of the Sub-Funds as Excluded Investment Products and prescribed capital markets products, the Authorised Investments of the Fund include the following:-

- (i) any Quoted Investment (as defined in the Deed);
- (ii) any Investment in respect of which application for listing or for permission to deal has been made to a Recognised Stock Exchange² and the subscription for or purchase of which is either conditional upon such listing or permission to deal being granted within a specified period not exceeding twelve weeks (or such other period as may be agreed between us and the Trustee) or in respect of which we are satisfied that the subscriptions or other transactions will be cancelled if the application is refused;
- (iii) any Unquoted Investment (as defined in the Deed);
- (iv) any Investment denominated in any currency;
- (v) any Investment which is a unit in any unit trust scheme (including Units in any Sub-Fund) or a share or participation in an open-ended mutual fund or other collective investments scheme;
- (vi) any Investment which is a futures, option, forward, swap, collar, floor or other derivatives beyond hedging for the purposes of efficient portfolio management and risk management;
- (vii) the currency of any country or any contract for the spot purchase or sale of any such currency or for hedging purposes, any foreign exchange transaction or any forward contract of such currency;
- (viii) in relation to any CPFIS Included Fund, any investment for the time being included by the Minister for Manpower for the purposes of unit trust schemes included as CPFIS Included Funds under the CPFIS Regulations; and
- (ix) any other Investment not covered by paragraphs (i) to (viii) of this definition but selected by us for investment of the Deposited Property³ of the relevant Sub-Fund and approved by the Trustee.

Subject to the provisions of the Code, “**Investment**” means any shares, stocks, bonds, notes, debentures, debenture stocks, loan stocks or other debt securities, units or sub-units in any unit trust scheme, participations in a mutual fund, warrants or other stock purchase rights, futures, options, forwards, swaps, collars, floors or other derivatives, loans convertible into securities, money market instruments, certificates of deposit, banker’s acceptances, commercial papers, promissory notes, treasury bills, indexes and forward currency exchange contracts or any other securities which may be selected by us for the purpose of investment of the Deposited Property of any Sub-Fund or which may for the time being form part thereof.

**The LionGlobal SGD Money Market Fund is subject to the investment guidelines for money market funds issued by the MAS under Appendix 2 of the Code, as may be amended from time to time, as well as the Authorised Funds Investment Guidelines (as defined in paragraph 21.4). All other Sub-Funds are subject to the Authorised Funds Investment Guidelines.*

² “**Recognised Stock Exchange**” means any stock exchange or market of sufficient repute in any part of the world as may be determined by us with the approval of the Trustee and includes, in relation to any particular Authorised Investment, any responsible firm, corporation or association in any part of the world which deals in the Authorised Investment as to be expected generally to provide in our opinion a satisfactory market for such Authorised Investment.

³ “**Deposited Property**” means all the assets, including cash, for the time being held or deemed to be held upon the trusts of the Deed (or if the context so requires, the part thereof attributable to a Sub-Fund), excluding any aggregate amount for the time being standing to the credit of the distribution accounts (or as the case may be, the distribution account of the relevant Sub-Fund).

Waiver from MAS

You should note that in respect of the LionGlobal Korea Fund and the LionGlobal Taiwan Fund, the MAS has granted the Sub-Funds a waiver from paragraph 4(e)(i) of Appendix 5 of the Code subject to the following conditions:

- i) each of the Sub-Funds may only invest in a transferable security that is a constituent of their respective reference benchmark up to the higher of:
 - A. the single entity limit specified in paragraph 2.1(a) of Appendix 1 of the Code or
 - B. 2 percentage points above the weighting of the constituent in the reference benchmark,but such investment must not exceed 22% of the Net Asset Value of each Sub-Fund;
- ii) each of the Sub-Funds comply with the group limit specified in paragraph 2.3 of Appendix 1 of the Code;
- iii) the waiver and conditions attached to the waiver must be disclosed in the prospectus of the Sub-Funds; and
- iv) the prospectus of the Sub-Funds must contain an explanation of how the limits in paragraphs (i) and (ii) above will affect the fund manager's investment strategy vis-à-vis the respective benchmarks of the Sub-Funds.

For prudent risk management, we have been limiting the weight of securities that are benchmark heavyweights in managing LionGlobal Korea Fund and LionGlobal Taiwan Fund to allow for a diversified and balanced portfolio management. We have been investing via proxy exposure in consideration of the single entity limit and at the same time counterbalance sector risk and security risk deviation. As such, there is no change to the investment strategy vis-à-vis the respective benchmarks of the 2 Sub-Funds.

Samsung Electronics and Taiwan Semiconductor Manufacturing at present are heavyweights in the MSCI Korea and MSCI Taiwan indices. As an illustration of proxy exposure to these stocks where we have limited their weights, we may invest in leading companies that operate in the same sector; or invest in companies that supply to these leading technology and manufacturing companies, who stand to gain as they have the same earnings' growth potential. Other ways to gain proxy exposure include investing in group-related entities which tend to trade in tandem by virtue of share ownership.

8. Sub-Funds Included under the CPF Investment Scheme ("CPFIS")

- 8.1 The LionGlobal Thailand Fund is included under the CPF Investment Scheme - Ordinary Account. It has been classified by the CPF Board under the risk classification of Higher Risk - Narrowly Focused - Country - Others. You should note that only the SGD Class Units are included under the CPFIS. **Please note that with effect from 31 December 2010, unless otherwise permitted by the CPF Board, subscriptions using CPF monies will no longer be accepted for the SGD Class Units of LionGlobal Thailand Fund even though this Class will remain included under the CPF Investment Scheme.**

The CPF interest rate for the Ordinary Account ("OA") is based on the 3-month average of major local banks' interest rates, subject to the legislated minimum interest of 2.5% per annum. The interest rate for OA is reviewed quarterly.

The CPF interest rate for the Special and Medisave Account ("SMA") is computed based on the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1%, subject to the current floor interest rate of 4% per annum. The interest rate for SMA is reviewed quarterly.

The CPF interest rate to be credited to the Retirement Account ("RA") is computed based on the weighted average interest rate of the entire invested portfolio. New savings credited to the RA each year earn the 12-month average yield of the 10YSGS plus 1% computed for the year, subject to the current floor interest rate of 4% per annum. The interest rate of the RA is reviewed annually.

As announced by the CPF Board, the Government will maintain the 4% p.a. minimum rate for interest earned on all SMA and RA monies until 31 December 2023. Thereafter, interest rates on all CPF account monies will be subject to a minimum rate of 2.5% p.a. (unless the Government extends the 4% floor rate for interest earned on all SMA and RA monies).

The CPF Board pays an extra interest rate of 1% per annum on the first \$60,000 of a CPF member's combined balances (capped at \$20,000 for OA). The first \$20,000 in the OA and the first \$40,000 in the CPF Special Account are not allowed to be invested under the CPFIS.

In addition, CPF members aged 55 and above will also earn an additional 2% extra interest on the first S\$30,000 of their combined balances (capped at \$20,000 for OA) and an additional 1% on the next \$30,000.

You should note that the applicable interest rates for each of the CPF accounts may be varied by the CPF Board from time to time.

Subscriptions using CPF monies shall at all times be subject to the regulations and such directives or requirements imposed by the CPF Board from time to time.

10. Risks

10.1 General risks

You should consider and satisfy yourself as to the risks of investing in the Sub-Funds. Generally, some of the risk factors that should be considered are market, derivatives, liquidity, political, repatriation, regulatory, currency, emerging market risks, and risks associated with investments in debt securities which are default and interest rate risks.

An investment in a Sub-Fund is meant to produce returns over the long-term. You should not expect to obtain short-term gains from such investment.

You should note that the value of Units, and the income accruing to the Units, may fall or rise and that you may not get back your original investment.

10.2 Specific risks

10.2.1 Market Risks

The risks of investing and participating in listed and unlisted securities apply. Prices of securities may go up or down in response to changes in economic conditions, interest rates, and the market's perception of securities. These may cause the price of Units in any Sub-Fund to go up or down as the price of Units in the Sub-Fund is based on the current market value of the investments of the Sub-Fund.

There are risks of investing in bonds and other fixed income securities. Bond prices may go up or down in response to interest rates with increases in interest rates leading to falling bond prices.

The market prices of bonds and other fixed income securities are also affected by credit risks, such as risk of default by issuers and liquidity risk.

10.2.2 Derivatives Risks

A Sub-Fund may, subject to applicable investment guidelines in the Code and the Deed, from time to time invest in derivatives, which are financial contracts whose value depend on, or is derived from, the value of an underlying asset, reference rate or index. Such assets, rates and indices may include bonds, shares, interest rates, currency exchange rates, bond indices and stock indices.

While the judicious use of derivatives by professional investment managers can be beneficial, derivatives involve risks different from, and, in some cases, greater than, the risks presented by more traditional securities investments. Some of the risks associated with derivatives are market risk, management risk, credit risk, liquidity risk and leverage risk.

We do not intend to use derivatives transactions for speculation or leverage but may use them for hedging purposes (in respect of all the Sub-Funds) or for the purpose of efficient portfolio management (in respect of all Sub-Funds save for LionGlobal SGD Money Market Fund). Each Sub-Fund may currently invest any percentage of its Net Asset Value in derivatives, but the global exposure of each Sub-Fund to financial derivatives or embedded financial derivatives should not exceed 100% of the Sub-Fund's Net Asset Value at all times.

Derivative instruments are highly volatile instruments and their market values may be subject to wide fluctuations and expose the Fund to potential gains and losses. Where such instruments are used, we will ensure that the risk management and compliance procedures and controls adopted are adequate and have been or will be implemented and that we have the necessary experience to manage the risks relating to the use of these financial derivative instruments. We will attempt to minimise the risks through careful selection of reputable counterparties and constant monitoring of the Fund's derivatives positions. Depending on the severity, non-compliance or deviation from established controls or limits will be escalated to senior management and monitored for rectification. We have a dedicated team which oversees portfolio risk management.

Additionally, all open positions/exposure in derivatives will be marked to market at a frequency at least equal to the frequency of the Net Asset Value calculation of the Fund.

We have a structured Compliance Monitoring Program (“**CMP**”). There is a dedicated compliance team to implement the CMP. Our investment compliance team separately monitors the portfolios for compliance with the investment guidelines. Investment guidelines will be reviewed by the investment compliance team and checks will be programmed into our automated pre-trade compliance system as far as possible. In addition, guidelines which cannot be electronically monitored will be manually checked for compliance. We may modify the risk management and compliance procedures and controls at any time as we deem fit and in the interests of the relevant Sub-Fund.

We currently use the commitment approach as described in Appendix 1 of the Code to determine the Fund's exposure to financial derivatives. In determining the Fund's exposure to financial derivatives, we will adopt the calculation methods set out under paragraph 4.10 of Appendix 1 of the Code.

Save for the LionGlobal SGD Money Market Fund, where a Sub-Fund invests in financial derivatives on commodities, such transactions shall be settled in cash at all times.

In respect of LionGlobal SGD Money Market Fund, the Sub-Fund invests in non-Singapore issuers and also non-SGD instruments. It is our current intention for the Sub-Fund's exposure to non-SGD instruments to be 100% hedged. However, there will be situations whereby we will have to exercise our discretion as to whether the currency exposure of the Sub-Fund is to be fully or partially hedged.

In addition to the provisions on derivatives as set out in the relevant Appendix or Appendices of the Code, we and/or the Fund shall comply with the Notice on the Sale of Investment Products, the Notice on Recommendations on Investment Products and the Securities and Futures (Capital Markets Products) Regulations 2018 for the purpose of classifying Units of the Sub-Funds as Excluded Investment Products and prescribed capital markets products.

10.2.3 Political Risks

The political situation in the countries may have an effect on the value of the securities of companies in whose securities a Sub-Fund has invested, which may in turn impact on the value of the Units in the Sub-Fund.

10.2.4 Currency Risks

As the investments of a Sub-Fund may be denominated in foreign currencies, fluctuations of the exchange rates of foreign currencies against the respective base currencies of a Sub-Fund may affect the value of the Units in the Sub-Fund. We may from time to time employ currency hedging techniques to manage the impact of the exchange rate fluctuations on a Sub-Fund and/or for the purpose of efficient portfolio management. Sub-Funds that are not denominated in Singapore dollars will not be fully hedged against foreign currency exposure and Holders of such Sub-Funds will be exposed to foreign exchange rate risks. As at the date of this Prospectus, save for the LionGlobal SGD Money Market Fund, the Sub-Funds are left unhedged. If hedging is undertaken in the future, we intend to use currency forwards.

10.2.5 Risks associated with investments in countries outside Singapore, particularly in emerging markets:

(i) Political Risks

Countries outside Singapore, especially those with emerging markets, may be subject to higher than usual risks of political changes, government regulations, social instability or diplomatic developments (including war) which could adversely affect the economies of the relevant countries and thus the value of investments in those countries. There is also the risk that nationalisation or other similar action could lead to confiscation of assets under which shareholders in those companies would get little or no compensation.

The emerging economies may be heavily dependent on international trade and accordingly, may be adversely affected by trade barriers, or other protectionist measures and international economic developments generally.

(ii) Liquidity Risks

Trading volume on stock exchanges in emerging markets can be substantially less than on the stock exchanges of the major markets, so that acquisition and disposal of holdings may be time consuming and/or may need to be conducted at unfavourable prices.

(iii) Repatriation Risks

Investments in emerging markets could be adversely affected by delays in, or refusal to grant, relevant approvals for the repatriation of funds or by any official intervention affecting the process of settlement of transactions. Consents granted prior to investment being made in any particular country may be varied or revoked, and new restrictions may be imposed.

(iv) Regulatory Risks

A Sub-Fund's investments in emerging economies are also subject to regulatory risks, for example, the introduction of new laws, the imposition of exchange controls, the adoption of restrictive provisions by individual companies or where a limit on the holding of the Sub-Fund in a particular company, sector or country by non-residents (individually or collectively) has been reached.

10.2.6 Risks associated with investments in debt securities:

(i) Default Risks

Investments in debt securities are subject to adverse changes in the financial condition of the issuer, or in general economic conditions, or both, or an unanticipated rise in interest rates, which may impair the ability of the issuer to make payments of interest and principal, especially if the issuer is highly leveraged. Such issuer's ability to meet its debt obligations may also be adversely affected by specific corporate developments, or the issuer's inability to meet specific projected business forecasts, or the unavailability of additional financing. Also, an economic downturn or an increase in interest rates may increase the potential for default by the issuers of these securities.

(ii) Liquidity Risks

Although the Sub-Fund shall invest in high quality short-term money market instruments and debt securities, such trading volume can still be subject to market conditions such that acquisition and disposal of holdings may need to be conducted at prevailing prices, which may affect the value of Units in the Sub-Fund.

(iii) Interest-rate Risks

Investments in debt securities are also subject to the risk of interest-rate fluctuations, and the prices of debt securities may go up or down in response to such fluctuations in interest rates.

10.2.7 Concentration Risks

Sub-Funds investing in the specific countries may be subject to concentration risks. This could result in a higher risk to the investments of the relevant Sub-Fund.

With respect to the LionGlobal Taiwan Fund and the LionGlobal Korea Fund, Taiwan Semiconductor Manufacturing Co Ltd and Samsung Electronics Co Ltd at present are benchmark heavyweights in the respective MSCI Indices. As such, the Sub-Funds could experience concentration risks when invested in these benchmark heavy weights. To address the concentration risk and to comply with regulatory limits governing single stock cum group exposure, we will cap the single entity limit and overall group limit at 22% and 25% respectively. Please refer to paragraph 7.9 above for more information.

10.2.8 Risk of Historical Pricing

You should note that Units in the LionGlobal SGD Money Market Fund are issued and realised on a historical pricing basis. The issue and realisation of such Units will be based on the Net Asset Value per Unit at the applicable Valuation Point (which in relation to a Dealing Day, is the close of business of the relevant market on the Business Day immediately preceding the relevant Dealing Day). As such, the issue and realisation prices of the LionGlobal SGD Money Market Fund may not be reflective of the actual Net Asset Value of the Units of the LionGlobal SGD Money Market Fund as at the date of issue or realisation. Any adjustments or shortfalls as a result will be borne by the LionGlobal SGD Money Market Fund.

10.2.9 Other Risks

Liquidity Risk Management

We have established liquidity risk management policies which enable us to identify, monitor, and manage the liquidity risks of the Sub-Funds. Such policies, combined with the liquidity management tools available, seek to achieve fair treatment of Holders, and safeguard the interests of remaining Holders against the redemption behaviour of other investors and mitigate against systemic risk.

Our liquidity risk management policies take into account the Sub-Funds' liquidity terms, asset class, liquidity tools and regulatory requirements.

The liquidity risk management tools available to manage liquidity risk include the following:

- (a) Each Sub-Fund may, subject to the provisions of the Deed, borrow up to 10% of its latest available Net Asset Value (or such other percentage as may be prescribed by the Code) at the time the borrowing is incurred and, subject to the borrowing restrictions in the Code, the borrowing period should not exceed one month;
- (b) We may, pursuant to the Deed, suspend the realisation of Units of a Sub-Fund, with the approval of the Trustee;
- (c) We may, with the approval of the Trustee, and pursuant to the Deed, limit the total number of Units in relation to a Sub-Fund or Class which Holders may realise to 10% of the total number of Units of the Sub-Fund or Class then in issue, such limitation to be applied proportionately to all Holders of such Sub-Fund or Class who have validly requested realisations on the relevant Dealing Day; and
- (d) We may, with the approval of the Trustee, with a view to protecting the interests of all Holders, and pursuant to the Deed, elect that the Realisation Price (as defined in paragraph 13.3 of this Prospectus) in relation to all of the Units relating to a Sub-Fund to be realised by reference to a relevant day shall be the price per Unit which, in our

opinion, reflects a fairer value for the Deposited Property of such Sub-Fund having taken into account the necessity of selling a material proportion of the Investments at that time constituting part of the Deposited Property of such Sub-Fund, and we may with the approval of the Trustee suspend the realisation of such Units for such reasonable period as may be necessary to effect an orderly realisation of Investments by giving notice to the affected Holders within two Business Days after the relevant day. Please refer to paragraph 13.3 of this Prospectus for further details,

and in such circumstances (except sub-paragraph (a)), the realisation of your Units may be delayed or the amount of the realisation proceeds that Holders will receive for their Units (upon application of Swing Pricing as described in paragraph 21.10 of this Prospectus) will be affected.

We may perform regular stress testing on the Sub-Funds.

Factors considered in stress tests (either independently or concurrently) include:-

- (i) a sudden increase in redemptions;
- (ii) worsening of market liquidity for the underlying assets of the relevant Sub-Fund; and
- (iii) redemption by the largest Holder / distributor of the relevant Sub-Fund.

Our stress testing scenarios consider historical situations and forward-looking hypothetical scenarios, where appropriate.

The reasonableness and relevance of our stress test assumptions are regularly reviewed to ensure that stress tests are based on reliable and up-to-date information.

The above should not be considered to be an exhaustive list of the risks which you should consider before investing into any Sub-Fund. You should be aware that an investment in a Sub-Fund may be exposed to other risks of an exceptional nature from time to time.

11. Subscription of Units

11.1 Subscription procedure

Applications for Units may be made using the application form prescribed by us or through our appointed agents or distributors or any other sales channels, if applicable.

11.3 Dealing deadline and pricing basis

11.3.1 Dealing deadline

Units (except for Units of the LionGlobal SGD Money Market Fund) are issued on a forward pricing basis, and the issue price of Units ("**Issue Price**") shall not be ascertainable at the time of application.

Units of the LionGlobal SGD Money Market Fund are issued on a historical pricing basis and the Issue Price shall be ascertainable at the time of application.

In purchasing Units, you pay a fixed amount of money e.g., S\$1,000. Based on this fixed amount of S\$1,000, you will get the number of Units (including fractions of Units) to be rounded to the nearest 2 decimal places (or such other number of decimal places or such other method of rounding determined by us with the approval of the Trustee) obtained from dividing S\$1,000 (after deducting the relevant preliminary charge and applicable transaction charge) by the Issue Price. The Issue Price of Units in each Sub-Fund (apart from the initial issue of Units) will vary from day to day in line with the Net Asset Value of that Sub-Fund (calculated in accordance with the Deed).

⁵ If you seek to realise any part of your holdings in a Sub-Fund, or class of Sub-Fund you must, subsequent to such realisation, continue to maintain a minimum holding in such Sub-Fund, or class of Sub-Fund. The minimum holding amount is such number of Units as may be purchased for US\$1,000 (for USD Class Units), S\$1,000 (for SGD Class Units, SGD Class A Units and SGD Class M Units), S\$100 (for SGD Class L Units), or 1,000 Units (for USD Class Units, SGD Class Units, SGD Class A Units and SGD Class M Units), 100 Units (for SGD Class L Units) or such other number of Units or purchased amount as we may from time to time prescribe and subject to our sole discretion upon giving prior notice to the Trustee and relevant notice to the Holders ("**Minimum Holding**"). A Holder shall not be entitled to realise only part of his holding of Units if by so realising his holding would be reduced to less than the Minimum Holding.

The dealing deadline is 3 p.m. Singapore time on each Dealing Day⁶ (“**Dealing Deadline**”). Units in respect of applications received and accepted by us before the Dealing Deadline will be issued at that Dealing Day’s issue price calculated in accordance with Clause 14(B) of the Deed. Applications received after the Dealing Deadline or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

The Dealing Day of the Sub-Funds is each day which is a Business Day in Singapore, being any day (other than a Saturday or Sunday) on which commercial banks are open for business in Singapore.

11.3.2 Pricing Basis

The Issue Price per Unit of the LionGlobal Japan Fund, LionGlobal Thailand Fund, LionGlobal Korea Fund, LionGlobal India Fund, LionGlobal Taiwan Fund and LionGlobal Malaysia Fund applicable to any Dealing Day shall be ascertained by:

- (i) calculating the Net Asset Value⁷ per Unit of such Sub-Fund as at the Valuation Point⁸ in respect of the Dealing Day on which such issue occurs (as provided for in Clause 13(C) of the Deed); and
- (ii) adjusting such figure downwards to three decimal places (or as we may from time to time determine after consultation with the Trustee).

The Issue Price per Unit of the LionGlobal SGD Money Market Fund shall be ascertained by:

- (i) calculating the Net Asset Value per Unit of the Sub-Fund as at the Valuation Point in respect of the Dealing Day on which such issue occurs (as provided for in Clause 13(C) of the Deed); and
- (ii) adjusting such figure to four decimal places (or as we may from time to time determine after consultation with the Trustee).

In relation to each Dealing Day, the Net Asset Value per Unit of each Sub-Fund and the Issue Price and the Realisation Price (as defined in paragraph 13.3) of Units of each Sub-Fund shall be calculated by us or our agent on the Valuation Day⁹ as at the Valuation Point in relation to such Dealing Day.

We may, subject to the prior approval of the Trustee, change the method of determining the Issue Price as provided in Clause 14(B) of the Deed, and the Trustee shall determine if the Holders should be informed of such changes. The preliminary charge shall be retained by us and the amount of the adjustment mentioned above shall be retained by the relevant Sub-Fund (unless permitted by the MAS to be retained by us). The transaction fee (where applicable) shall be retained by the relevant Sub-Fund.

⁶ “**Dealing Day**” in connection with the issuance and realisation of Units of a particular Sub-Fund, means every Business Day or such Business Day or Business Days at such intervals as we may from time to time determine with the approval of the Trustee Provided That reasonable notice of any such determination shall be given by us to all Holders at such time and in such manner as the Trustee may approve SAVE THAT in the case of LionGlobal Japan Fund, LionGlobal Thailand Fund, LionGlobal Korea Fund, LionGlobal India Fund, LionGlobal Taiwan Fund and LionGlobal Malaysia Fund, Dealing Day means every Business Day (other than a Saturday or Sunday or a day on which the relevant Recognised Stock Exchange is closed) or such Business Day or Business Days at such intervals as we may from time to time determine with the approval of the Trustee Provided That reasonable notice of any such determination shall be given by us to all Holders at such time and in such manner as the Trustee may approve.

⁷ “**Net Asset Value**” means in relation to a Sub-Fund the net asset value of that Sub-Fund or, as the context may require, of a Unit of such Sub-Fund, determined in accordance with the provisions of Clause 13 of the Deed.

⁸ “**Valuation Point**” in relation to a Dealing Day, means the close of business of the relevant market on such Dealing Day or in the case of the LionGlobal SGD Money Market Fund, on the Business Day immediately preceding such Dealing Day (or such other time as we with the prior approval of the Trustee may from time to time determine) and we shall notify the Holders of such change if required by the Trustee.

⁹ “**Valuation Day**” means each Business Day on which the Net Asset Value of a Unit falls to be calculated and, in relation to a Dealing Day of any Sub-Fund means either such Dealing Day or the Business Day immediately succeeding such Dealing Day, or such other day as we with the prior approval of the Trustee may from time to time determine provided that not less than one calendar month’s prior notice shall be given to the Holders of the relevant Sub-Fund before any change in the Managers’ determination.

If a Unit is to be issued to a person resident outside Singapore, we shall be entitled to charge an additional amount to the Issue Price thereof which is equal to the excess of the expenses actually incurred over the amount of expenses which would have been incurred if such person had been resident in Singapore.

Any applicable bank and related charges incurred shall be borne by you.

11.4 Numerical example of how Units are allotted, based on an investment of S\$1,000*, a notional Issue Price of S\$1.000 and a Preliminary Charge of 5% in the LionGlobal Thailand Fund, the LionGlobal Japan Fund, the LionGlobal Korea Fund, the LionGlobal India Fund, the LionGlobal Taiwan Fund and the LionGlobal Malaysia Fund:-

S\$1,000*	-	S\$50*	=	S\$950*	/	S\$1.000*	=	950.00 Units
Your Investment		Preliminary charge of 5%		Investment Amount after Preliminary Charge		Notional Issue Price (= Net Asset Value per Unit)		No. of Units

*Or in USD, as the case may be.

You should note that the notional Issue Price is for illustrative purposes only and is not indicative of any future or likely performance of the Sub-Funds.

11.5 Numerical example of how Units are allotted, based on an investment of S\$1,000*, a notional Issue Price of S\$1.0000 and nil Preliminary Charge in the LionGlobal SGD Money Market Fund:-

S\$1,000	-	S\$0	=	S\$1,000	/	S\$1.0000*	=	1,000.00 Units
Your Investment		Preliminary charge of 0%		Investment Amount after Preliminary Charge		Notional Issue Price (= Net Asset Value per Unit)		No. of Units

**You should note that the notional Issue Price is for illustrative purposes only and is not indicative of any future or likely performance of the Sub-Fund.*

11.6 Confirmation of purchase

A confirmation note detailing the investment amount and the number of Units allocated to you in any Sub-Fund will be sent within 10 Business Days from the date of issue of Units.

11.7 Cancellation of Units

If you are subscribing for Units in the Sub-Funds for the first time you shall, subject to Clause 16A of the Deed and to the cancellation terms and conditions contained in the Notice to Cancel Form, have the right to cancel your subscription of Units in the Sub-Funds within 7 calendar days (or such longer period as may be agreed between us and the Trustee or such other period as may be prescribed by the MAS) from the date of subscription of Units by providing notice in writing to us or our authorised agents. Subject to the provisions of the Deed, you will be refunded the lower of (a) the market value of the Units held on the date of receipt and acceptance by us or our authorised agents (as the case may be) of such Notice to Cancel Form; and (b) the original subscription amount paid by you in respect of such Units the subscription of which is being cancelled. Where the market value of the Units held is greater than the original amount paid by you, we are not obliged to pay the excess amount to you and the excess amount shall be retained in the relevant Sub-Fund. Any applicable bank and related charges incurred in the cancellation of Units and in returning the application monies would be borne by you.

Full details relating to the cancellation of Units may be found in the cancellation terms and conditions contained in the Notice to Cancel Form.

12. Regular Savings Plan

In respect of each Class except for the SGD Class L Units and SGD Class M Units of the LionGlobal SGD Money Market Fund, Holders of at least 1,000 Units (or the number of Units which were or would have been purchased for S\$1,000 in the case of SGD Class Units and SGD Class A Units of the relevant Sub-Funds or US\$1,000 in the case of USD Class Units of the relevant Sub-Funds, at the prevailing issue price at the time of their initial subscription or purchase of Units) in the relevant Sub-Fund may participate in our regular savings plan by investing a minimum sum of S\$100 in respect of the SGD Class Units and SGD Class A Units of the relevant Sub-Funds or US\$100 in respect of the USD Class Units of the relevant Sub-Funds on a fixed day per month through direct debit. Holders may pay for the SGD Class Units and SGD Class A Units of the relevant Sub-Funds either with cash or SRS monies. Units are allotted and payment will be debited from the Holder's bank account or SRS Account (as the case may be) on the 25th day of each month (or such other day as the distributors may stipulate) commencing on the month following the activation of the Holder's direct debit instructions. Where the 25th day of a month (or such other day as the distributors may stipulate) is not a Business Day, the Holder's bank account or SRS Account (as the case may be) will be debited on the next Business Day.

USD Class Units may not be paid for using SRS monies but shall be paid for in cash or such other mode of payment acceptable to us. Any applicable bank and related charges incurred shall be borne by you.

A Holder may terminate his participation in the regular savings plan without suffering any penalty upon giving 30 days' prior written notice (or such other period of notice as may be determined by us provided that such period of notice shall not be longer than the period between the regular subscriptions) to us or our appointed agents or distributors.

If a Holder is in breach of his obligations under the regular savings plan or fails to maintain sufficient funds in his bank or SRS Account, we may terminate the participation of that Holder in the regular savings plan upon serving a written termination notice to such Holder.

We shall not assume any liability for any losses arising from the Holder's payment for the regular savings plan via direct debit transactions.

Any applicable bank and related charges incurred shall be borne by the Holder.

No regular savings plan is currently available for the SGD Class L Units and SGD Class M Units of the LionGlobal SGD Money Market Fund.

13. Realisation of Units

13.1 Realisation procedure

Holders may realise their holdings in the Sub-Funds on any Dealing Day by submitting realisation forms to us or through our appointed agents or distributors. Holders may realise their Units in full or partially, subject to paragraphs 13.2 and 13.3. A copy of the realisation form may be obtained from us upon request or through any of our appointed agents or distributors.

You should note that any realisation of Units in any Sub-Fund or Class may, at our discretion and with the approval of the Trustee, be limited by the total number of Units of such Sub-Fund or Class to be realised on any Dealing Day and may not exceed 10% of the total number of Units of such Sub-Fund or Class then in issue, such limitation to be applied proportionately to all Holders of the Units of such Sub-Fund or Class. Any Units not realised shall be realised on the next Dealing Day, subject to the same limitation. You should note that Units cancelled according to paragraph 11.8 of this Prospectus will be included in determining whether this 10% limit is exceeded.

13.2 Minimum holding and minimum realisation amount

See paragraph 11.3 for details of the minimum holding for Units. You should take note of the minimum holding requirements when considering the amount or value of Units to realise.

The minimum realisation amount for each Class is 100 Units (or such lower amount as we in any particular case or generally determine).

13.3 Dealing deadline and pricing basis

Units (except for Units of the LionGlobal SGD Money Market Fund) are realised on a forward pricing basis, the realisation price of Units is not ascertainable at the time of realisation.

Units of the LionGlobal SGD Money Market Fund are realised on a historical pricing basis and the realisation price shall be ascertainable at the time of realisation.

Units in respect of realisation forms received and accepted by us by the Dealing Deadline of 3 p.m. Singapore time on each Dealing Day shall be realised at that Dealing Day's realisation price calculated in accordance with Clause 17(F) of the Deed. Realisation forms received after the Dealing Deadline or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

The realisation price ("**Realisation Price**") shall be the price per Unit of a Sub-Fund ascertained by:

- (i) calculating the Net Asset Value per Unit of such Sub-Fund as at the Valuation Point in respect of the Dealing Day on which the realisation request is received as provided for in Clause 13(C) of the Deed or, in the event that the realisation of Units is suspended pursuant to Clause 17(F)(ii) of the Deed, in respect of the Dealing Day immediately following the cessation of such suspension; and
- (ii) adjusting the resultant figure downwards to the nearest 3 decimal places (in the case of equity funds, namely the LionGlobal Thailand Fund, the LionGlobal Japan Fund, the LionGlobal Korea Fund, the LionGlobal India Fund, the LionGlobal Taiwan Fund and the LionGlobal Malaysia Fund) or adjusted to 4 decimal places (in the case of the LionGlobal SGD Money Market Fund) or in such other manner as we may from time to time determine after consultation with the Trustee.

The realisation charge (if any) shall be retained by us and the amount of the adjustment mentioned above shall be retained by the relevant Sub-Fund (unless permitted by the MAS to be retained by us).

We may, subject to the prior approval of the Trustee, change the method of determining the Realisation Price as provided in Clause 17(F) of the Deed, and the Trustee shall determine if the Holders should be informed of such change.

You should note that if the number of Units in relation to any Sub-Fund in issue or deemed to be in issue immediately after any relevant day, after taking into account the realisations and issues to be made by reference to that relevant day, would be less than such proportion of the number of Units in issue or deemed to be in issue on that relevant day (the "**Threshold**"), we may with the approval of the Trustee, with a view to protecting the interests of all Holders, elect that the Realisation Price in relation to all (but not some only) of the Units relating to such Sub-Fund to be realised by reference to that relevant day shall be the price per Unit which, in our opinion, reflects a fairer value for the Deposited Property of such Sub-Fund having taken into account the necessity of selling a material proportion of the Investments at that time constituting part of the Deposited Property of such Sub-Fund ("**Fair Value Adjustment**").

Fair Value Adjustment may be applied by us so that any Fiscal and sale charges¹⁰ and dealing spreads incurred in the sale of a material proportion of the Investments of the Deposited Property are, as far as practicable, passed on to Holders who are realising Units on that relevant day.

The Threshold for the application of the Fair Value Adjustment may be determined by us from time to time but shall not exceed 90%. The Threshold will be set with the objective of protecting the Holders' interest and Holders will not be able to benefit from the application of the Fair Value Adjustment if the Threshold is not met.

¹⁰ "**Fiscal and sale charges**" means all stamp and other duties, taxes (including GST), governmental charges, brokerage, commissions, bank charges, transfer fees, registration fees and other duties and charges whether in connection with the constitution of the Deposited Property of a Sub-Fund or the increase of the Deposited Property of that Sub-Fund or the creation, issue, sale, exchange or purchase of Units or the sale or purchase of Authorised Investments or otherwise which may have become or may be payable in respect of or prior to or upon the occasion of the transaction or dealing in respect of which such duties and charges are payable but does not include commissions payable to agents on sales and repurchases of Units.

We may with the approval of the Trustee suspend the realisation of those Units for such reasonable period as may be necessary to effect an orderly realisation of Investments by giving notice to the affected Holders within two Business Days after the relevant day. For the purposes of this paragraph, the “**fairer value**” for the Deposited Property of such Sub-Fund shall be determined by the Managers in consultation with an Approved Stockbroker¹¹ or an Approved Valuer¹² and upon notification to the Trustee. The “**material proportion**” of the Investments means such proportion of the Investments which when sold will cause the reduction of the Net Asset Value of the Deposited Property of such Sub-Fund. In determining the fairer value for the Deposited Property, we may take into account (i) any Fiscal and sale charges incurred in the sale of Investments constituting the Deposited Property, (ii) the spread between the buying and selling prices of such Investments caused by realisation of Units; (iii) market conditions such as financial turmoil, high market volatility, illiquidity in the markets, disruption of markets or a serious pandemic, and (iv) such other conditions as we shall deem fit. The Realisation Price of the Units to be realised by reference to that relevant day may be adjusted upwards or downwards after taking into account such fairer value for the Deposited Property.

13.4 Numerical example of how the amount paid to you is calculated, based on the realisation of 100 Units in any Sub-Fund (that is an equity fund) at a notional realisation price of S\$1.215*:-

100 Units	X	S\$1.215*	=	S\$121.50*
Number of Units		Notional Realisation Price (= Net Asset Value per Unit)		Gross Realisation proceeds
S\$121.50*	-	Nil^	=	S\$121.50*
Gross Realisation proceeds		Realisation Charge		Net Realisation proceeds

* Or in USD, as the case may be.

You should note that the notional Realisation Price is for illustrative purposes only and is not indicative of any future or likely performance of the Sub-Funds. ^No Realisation Charge is currently imposed.

13.5 Numerical example of how the amount paid to you is calculated, based on the realisation of 100 Units in the LionGlobal SGD Money Market Fund at a notional realisation price of S\$1.2151*:-

100 Units	X	S\$1.2151*	=	S\$121.51
Number of Units		Notional Realisation Price (= Net Asset Value per Unit)		Gross Realisation proceeds
S\$121.51	-	Nil^	=	S\$121.51
Gross Realisation proceeds		Realisation Charge		Net Realisation proceeds

**You should note that the notional Realisation Price is for illustrative purposes only and is not indicative of any future or likely performance of the Sub-Funds. ^No Realisation Charge is currently imposed.*

13.6 Payment of realisation proceeds

Realisation proceeds shall be paid within 7 Business Days (or such other period as may be permitted by the MAS) of receipt and acceptance of the realisation form by us unless the realisation of Units has been suspended in accordance with paragraph 16 of this Prospectus.

¹¹ “**Approved Stockbroker**” means a member of a Recognised Stock Exchange for the time being approved by the Trustee to value any particular Investment constituting part of the Deposited Property and appointed by us for such purpose.

¹² “**Approved Valuer**” means a person for the time being approved by the Trustee as qualified to value any particular Investment constituting part of the Deposited Property and appointed by us for such purpose.

If you are resident outside Singapore, we shall be entitled to deduct from the total amount which would otherwise be payable on the purchase from you a sum equal to the excess of the expenses actually incurred over the amount of expenses which would have been incurred if you had been resident in Singapore. Any applicable bank and related charges incurred in the payment of realisation proceeds shall be borne by you.

13.7 Realisation of Units by us

We may compulsorily realise your holding of Units in certain circumstances. Please see paragraph 21.8 for further details.

14. Switching of Units

We may at our discretion and on such terms and conditions as we may impose, subject to the terms of the relevant trust deeds, permit each Holder of Units of any of the Sub-Funds (the “**original Fund**”) from time to time to switch all or any of the Units of the original Fund held by him into units of a New Fund. Any switching shall be effected by way of realisation of Units in the original Fund and followed by issuance of units in the New Fund subject to the terms of the relevant trust deed upon the receipt of cleared funds.

No switching of Units may be made which would result in the relevant Holder holding in respect of either the original Fund or the New Fund (as the case may be), fewer units than the relevant minimum holding of such fund. If the number of units of the New Fund so produced shall include any fraction of more than two decimal places, such fraction shall be ignored and any moneys arising from such fraction shall be forfeited and retained as part of the New Fund.

Units of the original Fund purchased with cash or SRS monies may only be switched to units of the New Fund purchased with cash or SRS monies as the case may be.

Switching shall only be permitted between the same currency of units between the original Fund and the New Fund, unless otherwise permitted by us at our absolute discretion.

An application to switch may be made by a Holder by giving to us such application form as we may from time to time require. Such switching request shall not be revocable without our consent.

No Units shall be switched during any period when the right of Holders to require the realisation of Units is suspended according to paragraph 16 of this Prospectus or on any Dealing Day on which the number of Units of the original Fund that can be realised is limited according to paragraph 13.1 of this Prospectus.

In respect of the LionGlobal SGD Money Market Fund, please note that only switches within the Classes of the Sub-Fund are currently permitted at our sole discretion.

15. Obtaining Prices of Units

The Sub-Funds will be valued on each Dealing Day. The indicative prices of Units of the Sub-Funds (save for the LionGlobal SGD Money Market Fund) are quoted on a forward pricing basis and will likely be available 2 Business Days in Singapore after each relevant Dealing Day (subject to the publication policies of the relevant publisher). The indicative prices of Units of the LionGlobal SGD Money Market Fund are quoted on a historical pricing basis and will be available on the relevant Dealing Day.

You may obtain the prices from us or our appointed agents or distributors. Prices are published on our website at www.lionglobalinvestors.com, or may also be published on such other major wire services and sources designated by us.

In the case of the USD Class Units, the Issue Price and Realisation Price will be converted into its equivalent amount in US Dollars based on the prevailing foreign exchange rate to be determined by us.

You should note that, other than in respect of our publications, we do not accept any responsibility for any errors of the prices published by the relevant publisher mentioned above or for any non-publication or late publication of prices by such publisher and shall incur no liability in respect of any action taken or loss suffered by you in reliance upon such publications.

16. Suspension of Dealing

16.1 Subject to the provisions of the Code, we or the Trustee may, with the prior written approval of the other, suspend the issue of Units and we may, with the approval of the Trustee, suspend the realisation of Units in relation to any Sub-Fund during:

- (i) any period when the Recognised Stock Exchange on which any Authorised Investments forming part of the Deposited Property of that Sub-Fund for the time being are listed or dealt in is closed or during which dealings are restricted or suspended;
- (ii) any period when dealings in any underlying entity in which a significant portion of the Sub-Fund is invested is suspended or restricted;
- (iii) the existence of any state of affairs which, in our opinion and the opinion of the Trustee, might seriously prejudice the interests of the Holders as a whole or of the Deposited Property of a Sub-Fund;
- (iv) any breakdown in the means of communication normally employed in determining the price of any of such Authorised Investments or the current price on that Recognised Exchange or when for any reason the prices of any of such Authorised Investments cannot be promptly and accurately ascertained (including any period when the fair value of a material portion of the Authorised Investments cannot be determined);
- (v) any period when remittance of money which will or may be involved in the realisation of such Authorised Investments or in the payment for such Authorised Investments cannot, in our opinion and the opinion of the Trustee, be carried out at normal rates of exchange;
- (vi) in respect of any Sub-Fund or Class of a Sub-Fund for which a meeting of the Holders is proposed to be convened, any 48 hours period (or such longer period as we and the Trustee may agree) prior to the date of any meeting of Holders of the said Sub-Fund or Class of a Sub-Fund (or any adjourned meeting thereof);
- (vii) any period where dealing of Units is suspended according to any order or direction of the MAS;
- (viii) any period when our business operations or the business operations of the Trustee in relation to the operation of the Fund or Sub-Fund are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God; or
- (ix) any period as may be required under the provisions of the Code.

16.2 Subject to the provisions of the Code, such suspension shall take effect forthwith upon the declaration in writing thereof by us to the Trustee (or, as the case may be, by the Trustee to us) and shall terminate on the day following the first Business Day on which the condition giving rise to the suspension shall have ceased to exist and no other conditions under which suspension is authorised under this paragraph 16 shall exist upon the declaration in writing thereof by us (or, as the case may be, the Trustee). Subject to the provisions of the Code, we may also with the approval of the Trustee suspend the realisation of certain Units for such reasonable period as may be necessary to effect an orderly realisation of Investments in accordance with Clause 17(G)(ii) of the Deed.

The change of the benchmark was to better reflect the investment objective of the LionGlobal Korea Fund as well as to allow for more diversified and balanced portfolio management. With effect from 1 May 2011, the benchmark for LionGlobal Korea Fund was changed to the MSCI Korea Index, as the Kospi Index is an all-stock index while the MSCI Korea Index comprises about 100 stocks which is sufficiently diversified for an actively managed fund to be benchmarked against.

We shall be entitled to and currently do receive or enter into soft-dollar commissions/arrangements in respect of the Sub-Funds. We will comply with applicable regulatory and industry standards on soft-dollars. The soft-dollar commissions/arrangements which we may receive or enter into include specific advice as to the advisability of dealing in or as to the value of any investments, research and advisory services, economic and political analyses, portfolio analyses including valuation and performance measurements, market analyses data and quotation services, computer hardware and software or any other information facilities to the extent that they are used to support the investment decision making process, the giving of advice or the conduct of research or analysis.

Soft-dollar commissions received shall not include travel, accommodation, entertainment, general administrative goods and services, general office equipment or premises, membership fees, employees' salaries or direct money payment.

We will not accept or enter into soft dollar commissions/arrangements unless such soft-dollar commissions/arrangements would reasonably assist us in our management of the Sub-Funds, provided that we shall ensure at all times that best execution is carried out for the transactions, and that no unnecessary trades are entered into in order to qualify for such soft-dollar commissions/arrangements.

¹⁹ The expense ratio is calculated in accordance with the requirements in the Investment Management Association of Singapore's guidelines on the disclosure of expense ratios (the "IMAS Guidelines") and based on figures in the Fund's latest audited accounts. - front-end loads, back-end loads or other costs arising on the purchase or sale of a foreign unit trust or mutual fund;
- tax deducted at source or arising from income received, including withholding tax; and
- dividends and other distributions paid to unitholders.

²⁰ Turnover ratios are calculated based on the lesser of purchases or sales expressed as a percentage over the average Net Asset Value of the assets of the respective Sub-Fund.

19. Conflicts of Interest

We and the Trustee are not in any positions of conflict in relation to the Sub-Funds. We and the Trustee shall conduct all transactions with or for the Sub-Funds at arm's length. We are of the view that we are not in a position of conflict in managing our other funds and the Sub-Funds as each of the funds and the Sub-Funds has its own investment universe, investment objectives and investment restrictions, separate and distinct from each of the other funds. We are obligated by the provisions of each respective trust deed to observe strictly such separate and distinct investment mandate for each of the funds. If the various funds place orders for the same securities as the Sub-Funds, we shall endeavour as far as possible to allocate such securities in a fair manner on a proportionate basis among the funds.

Our affiliates and the Trustee's affiliates are or may be involved in other financial, investment and professional activities that may sometimes give rise to possible conflict of interest with the management of the Fund. We and the Trustee will each ensure that the performance of our respective duties will not be impaired by any such involvement. If a conflict of interest arises, we and/or the Trustee will endeavour (where possible) to resolve it fairly and in the interest of the Holders.

Associates of the Trustee may be engaged to provide financial, banking or brokerage services to the Sub-Funds or buy, hold and deal in any investments, enter into contracts or other arrangements with the Trustee and make profits from these activities. Our associates may also be engaged to provide financial, banking or brokerage services to the Sub-Funds and make profits from these activities. Such services, where provided, and such activities, where entered into, by our associates or the associates of the Trustee, will be on an arm's length basis.

20. Reports

20.1 Financial year-end and distribution of reports and accounts

The financial year-end for the Fund is 30 June. We will prepare and send the annual report, annual accounts and the Auditor's report on the annual accounts to the Holders (whether by post or such electronic means as may be permitted under the Code) within 3 months of the financial year-end (or such other period as may be permitted by the MAS). We will prepare and send the semi-annual report and semi-annual accounts to the Holders (whether by post or such electronic means as may be permitted under the Code) within 2 months of the financial half-year end i.e. 31 December (or such other period as may be permitted by the MAS). In cases where the accounts and reports are available in electronic form, Holders will receive a hardcopy letter or an email (where email addresses have been provided for correspondence purposes) informing them that the accounts and reports are available and how they may be accessed. Holders may also request for hardcopies of the accounts and reports within 1 month (or such other period as may be permitted by the MAS) from the notification of the availability of the accounts and reports. The Trustee will also make available, or cause to be made available, hardcopies of the accounts and reports to any Holder who requests for them within 2 weeks of any request from such Holder (or such other period as may be permitted by the MAS). Holders may also at any time opt for hardcopies for all future reports and accounts at no cost to them.

21. Other Material Information

21.1 Information on investments

At the end of each quarter, Holders will receive a statement showing the value of their investment, including any transactions during the quarter. However, if there is any transaction within a particular month, Holders will receive an additional statement for that month.

21.2 Distribution of income and capital

21.2.1 Distribution of income and/or net capital gains (to the extent permitted under the Deed) will be at our sole discretion. Any distributions made will reduce the Net Asset Value of the Sub-Fund. A Holder shall, at the time of initial application for Units, be deemed to have given an Automatic Distribution Reinvestment Mandate (as defined in the Deed) in relation to all distributions to be received by the Holder, subject to the right to withdraw such

Automatic Distribution Reinvestment Mandate in accordance with the Deed. In the event such Automatic Distribution Reinvestment Mandate is withdrawn by a Holder, paragraphs 21.2.2 to 21.2.5 would nonetheless apply.

- 21.2.2** Unless specifically instructed by the Holder in accordance with the Automatic Distribution Reinvestment Mandate withdrawal procedures described in the Deed, if the net amount of distributions to be received by a Holder is less than S\$50 ("**Small Distribution**"), the Holder shall be deemed to have given an Automatic Distribution Reinvestment Mandate (as defined in the Deed) for the automatic reinvestment of all of such Small Distributions to be received by the Holder in the purchase of further Units (including fractions of Units, if any) of the relevant Sub-Fund or Class of a Sub-Fund, subject to our discretion to pay out such distributions in cash ("**Small Distribution Reinvestment Mandate**"). Units will be purchased based on the Net Asset Value of the Sub-Fund or Class of a Sub-Fund on the Dealing Day on or before the distribution is made.
- 21.2.3** Unless specifically instructed by the Holder in accordance with the Automatic Distribution Reinvestment Mandate withdrawal procedures described in the Deed, where a distribution payment has been made to a Holder via cheque and such cheque has expired (i.e. the cheque is not presented within six months of its date of issue or such other period as may be applicable from time to time under applicable laws, regulations, guidelines, rules or directives) ("**Cheque Distribution**"), the Holder shall be deemed to have given an Automatic Distribution Reinvestment Mandate for the automatic reinvestment of all of the Cheque Distribution in the purchase of further Units (including fractions of Units, if any) of the relevant Sub-Fund or class of a Sub-Fund ("**Cheque Reinvestment Mandate**"). Units will be purchased based on the Net Asset Value of the Sub-Fund or Class of a Sub-Fund on the third Dealing Day after the expiry date of the cheque.
- 21.2.4** In addition, a Holder is deemed to have also given a new Automatic Distribution Reinvestment Mandate with effect on and from the same date the Holder is deemed to have given a Cheque Reinvestment Mandate, unless specifically instructed by the Holder. This is regardless whether the Holder had previously withdrawn the Automatic Distribution Reinvestment Mandate. Accordingly, all subsequent distributions of any amount (including Small Distributions) to be received by such Holder after the Cheque Reinvestment Mandate comes into effect shall, in accordance with the new Automatic Distribution Reinvestment Mandate deemed to be granted at the same time as the Cheque Reinvestment Mandate, be automatically reinvested in the purchase of further Units (including fractions of Units, if any) of the relevant Sub-Fund or Class of the Sub-Fund in accordance with Clause 21(E) of the Deed.
- 21.2.5** The Small Distribution Reinvestment Mandate and the Cheque Reinvestment Mandate will not apply to distributions payable into a Holder's CPF Investment Account (if applicable) or distributions payable in respect of Units subscribed using cash through any of our agents or distributors or using SRS monies.

21.2.6 Please refer to the Deed for further details.

21.3 Exemptions from liability

- 21.3.1** We and the Trustee shall incur no liability in respect of any action taken or thing suffered by us or them in reliance upon any notice, resolution, direction, consent, certificate, affidavit, statement, certificate of stock, plan of reorganisation or other paper or document believed to be genuine and to have been passed, sealed or signed by the proper parties.
- 21.3.2** We and the Trustee shall incur no liability to the Holders for doing or (as the case may be) failing to do any act or thing which by reason of any provision of any present or future law or regulation made according thereto, or of any decree, order or judgment of any court, or by reason of any request, announcement or similar action (whether of binding legal effect or not) which may be taken or made by any person or body acting with or purporting to exercise the authority of any government (whether legally or otherwise) either us or the Trustee shall be directed or requested to do or perform or to forbear from doing

or performing. If for any reason it becomes impossible or impracticable to carry out any of the provisions of the Deed neither the Trustee nor we shall be under any liability therefor or thereby.

- 21.3.3** Neither the Trustee nor we shall be responsible for any authenticity of any signature or of any seal affixed to any transfer or form of application, endorsement or other document affecting the title to or transmission of Units or be in any way liable for any forged or unauthorised signature on or any seal affixed to such endorsement, transfer or other document or for acting upon or giving effect to any such forged or unauthorised signature or seal. We and the Trustee respectively shall nevertheless be entitled but not bound to require that the signature of any Holder to any document required to be signed by him under or in connection with the Deed shall be verified to our or its reasonable satisfaction.

- 21.3.5** Nothing contained in the Deed shall be construed so as to prevent us and the Trustee in conjunction or us or the Trustees separately from acting as managers or trustees of funds separate and distinct from the Fund.
- 21.3.6** Neither the Trustee nor we shall be responsible for acting upon any resolution purporting to have been passed at any meeting of the Holders in respect whereof minutes shall have been made and signed by the Chairman even though it may be subsequently found that there was some defect in the constitution of the meeting or the passing of the resolution or that for any reason the resolution was not binding upon all the Holders.
- 21.3.7** Neither we nor the Trustee shall be responsible to the Fund, any Sub-Fund or any Holder for any loss or damage arising from reasons or causes beyond their control, or the control of any of their respective employees, including without limitation, nationalisation, expropriation, currency restrictions, acts of war, terrorism, insurrection, revolution, civil unrest, riots or strikes, nuclear fusion or acts of God.
- 21.3.8** The Trustee shall not incur any liability in respect of or be responsible for (a) any act or omission of any agent or delegate providing custody services, nominees, custodian, joint custodian or sub-custodian or any other person to whom either of them has delegated any of its powers, duties, authorities and discretions (hereinafter referred to in this subparagraph as “**Agents**”), (b) any act or omission of any depository or clearing system with which Investments may be deposited or (c) any act or omission of Agents except where the Trustee had been negligent in the appointment and monitoring of such Agents.

21.6.8 A Sub-Fund or Class of a Sub-Fund may at any time after the date of its establishment be terminated by an Extraordinary Resolution of a meeting of the Holders of that Sub-Fund or Class of Sub-Fund duly convened and held in accordance with the provisions contained in the Schedule to the Deed and such termination shall take effect from the date on which the said Extraordinary Resolution is passed or such later date (if any) as the said Extraordinary Resolution may provide.

21.7 Valuation

21.7.1 Except where otherwise expressly stated in the Deed and subject always to the requirements of the Code, the Value of the assets comprised in each Sub-Fund with reference to any Authorised Investment which is:-

- (i) a deposit placed with a bank or other financial institution in Singapore or a bank bill, shall be determined by reference to the face value of such Authorised Investment and the accrued interest thereon for the relevant period;
- (ii) a unit or share in a unit trust or mutual fund or collective investment scheme shall be valued at the latest published or available Net Asset Value per unit or share, or if no Net Asset Value per unit or share is published or available, then at their latest available realisation price;
- (iii) a Quoted Investment, shall be calculated, as the case may be, by reference to the official closing price, the last known transacted price or the last transacted price on the relevant Recognised Stock Exchange on which the Quoted Investment is traded at the time of calculation for the Quoted Investment in question and, if there be no such official closing price, last known transacted price or last transacted price, the Value shall be the fair value as determined by us with due care and in good faith in consultation with the Trustee;
- (iv) an Unquoted Investment (other than any deposit or bank bill or unit or share in an open-ended collective investment scheme referred to in paragraphs (i) and (ii) above), shall be calculated by reference to the prices quoted by such persons, firms or institutions determined by us to be dealing or making a market in that Unquoted

Investment at the close of trading in the relevant market on which the Unquoted Investment is traded, as may be determined by us to represent the fair value of such Authorised Investment. However, if such price quotations are not available, the Value shall be determined by reference to the face value of such Unquoted Investment, the prevailing term structure of interest rates and the accrued interest thereon for the relevant period, as may be determined by us to represent the fair value of such Authorised Investment; and

- (v) an Investment other than as described above, shall be valued by a person approved by the Trustee as qualified to value such an investment at such time as we after consultation with the Trustee shall from time to time determine.

PROVIDED THAT, if the quotations referred to in paragraphs (i), (ii), (iii), (iv) and (v) above are not available, or if the value of the Authorised Investment determined in the manner described in paragraphs (i), (ii), (iii), (iv) or (v) above, in our opinion, is not representative of the value of such Authorised Investment, then the value shall be such value as we may with due care and in good faith consider in the circumstances to be fair value and is approved by the Trustee and we shall notify the Holders of such change if required by the Trustee. For the purposes of this proviso, the “fair value” shall be determined by us in consultation with an Approved Stockbroker or an Approved Valuer and with the approval of the Trustee in accordance with the Code. Where the fair value of a material portion of the Deposited Property of a Sub-Fund cannot be determined, we shall suspend valuation and dealing in the Units of the relevant Sub-Fund.

In exercising in good faith the discretion given by the proviso above, we shall not, subject to the provisions of the Code, assume any liability towards the Fund, and the Trustee shall not be under any liability, in accepting our opinion, notwithstanding that the facts may subsequently be shown to have been different from those assumed by us.

In calculating the Net Asset Value of any Sub-Fund or Class of Sub-Fund or any proportion thereof:-

- (i) every Unit relating to such Sub-Fund or Class of Sub-Fund agreed to be issued by us shall be deemed to be in issue and the Deposited Property attributable to such Sub-Fund or Class of Sub-Fund shall be deemed to include not only cash or other assets in the hands of the Trustee but also the value of any cash, accrued interest on bonds or other assets to be received in respect of Units of such Sub-Fund or Class of Sub-Fund agreed to be issued after deducting therefrom or providing thereout the preliminary charge relating to such Sub-Fund or Class of Sub-Fund and the rounding adjustment (if any) and (in the case of Units issued against the vesting of Authorised Investments) any moneys payable out of the Deposited Property pursuant to Clause 14 of the Deed;
- (ii) where Authorised Investments have been agreed to be purchased or otherwise acquired or sold but such purchase, acquisition or sale has not been completed, such Authorised Investments shall be included or excluded and the gross purchase, acquisition or net sale consideration excluded or included as the case may require as if such purchase, acquisition or sale had been duly completed; and
- (iii) where in consequence of any notice or request in writing given pursuant to Clauses 16 or 17 of the Deed a reduction of the Fund by the cancellation of Units of such Sub-Fund or Class of Sub-Fund is to be effected but such reduction has not been completed the Units in question shall not be deemed to be in issue and any amount payable in cash and the value of any Authorised Investments to be transferred out of the Deposited Property attributable to such Sub-Fund or Class of Sub-Fund after deducting therefrom or providing thereout the Realisation Charge relating to such Sub-Fund or Class of Sub-Fund (if any) in pursuance of such reduction shall be deducted from the Net Asset Value of such Sub-Fund or Class of Sub-Fund.

21.7.2 In calculating the Net Asset Value of any Sub-Fund or Class of Sub-Fund, there shall be deducted any amounts not provided for above which are payable out of the Deposited Property attributable to such Sub-Fund or Class of Sub-Fund including in the following order:-

- (i) any amount of management fee, the remuneration of the Trustee, the valuation agent's fees, the Registrar's fees, the securities transaction fee and the inception fee of the Trustee and any other expenses accrued but remaining unpaid attributable to such Sub-Fund or Class of Sub-Fund;
- (ii) the amount of tax, if any, on net capital gains (including any provision made for unrealised capital gains) and income accrued up to the end of the last Accounting Period and remaining unpaid attributable to such Sub-Fund or Class of Sub-Fund;
- (iii) the amount in respect of tax, if any, on net capital gains realised and income during a current Accounting Period prior to the valuation being made as in our estimation will become payable attributable to such Sub-Fund or Class of Sub-Fund;
- (iv) the aggregate amount for the time being outstanding of any borrowings for the account of such Sub-Fund effected under Clause 20(C) of the Deed together with the amount of any interest and expenses thereon accrued pursuant to paragraph (v) of the said Clause 20(C) of the Deed and remaining unpaid;
- (v) there shall be taken into account such sum as in our estimation will fall to be paid or reclaimed in respect of taxation related to income up to the time of calculation of the Net Asset Value of the Deposited Property attributable to such Sub-Fund or Class of Sub-Fund;
- (vi) there shall be added the amount of any tax, if any, on capital gains estimated to be recoverable and not received attributable to such Sub-Fund or Class of Sub-Fund;
- (vii) any value (whether of an Authorised Investment or cash) otherwise than in Dollars and any non-Dollar borrowing shall be converted into Dollars at the rate (whether official or otherwise) which we after consulting with or in accordance with a method approved by the Trustee deem appropriate to the circumstances having regard amongst others to any premium or discount which may be relevant and to the costs of exchange with any gains or losses to be credited to or deducted from the relevant Deposited Property; and
- (viii) where the current price of an Authorised Investment is quoted "ex" dividend, interest or other payment but such dividend, interest or other payment has not been received the amount of such dividend, interest or other payment shall be taken into account,

we may, to the extent permitted by the MAS and subject to the prior approval of the Trustee, change the method of valuation provided in this paragraph 21.7, and the Trustee shall determine if the Holders shall be informed of such change.

21.7.3 You should also note that the Net Asset Value of the LionGlobal SGD Money Market Fund is valued on an amortised cost basis.

21.8 Realisation of Units by Us

21.8.1 We (in consultation with the Trustee) shall have the right, by giving prior written notice to any Holder, to realise compulsorily Units held by:

- (i) any Holder who fails any anti-money laundering, anti-terrorist financing or know-your-client checks, or who is unable or unwilling to provide information and/or documentary evidence requested by us and/or the Trustee for the purposes of any anti-money laundering, anti-terrorist financing or know-your-client checks;
- (ii) any Holder who fails to provide any of the requested Personal Information and Account Information for compliance with FATCA (as defined in Schedule 2 of the Deed), the Common Reporting Standard issued by the Organisation for Economic Co-operation and Development or any similar legislation, regulation or guidance

enacted in any other jurisdiction applicable to the Fund or the relevant Sub-Fund which seeks to implement equivalent tax reporting and/or withholding tax regimes and/or automatic exchange of information;

(iii) any Holder whose holdings of Units, in our opinion:

- (1) may cause the Fund or the relevant Sub-Fund to lose its authorised or registered status with any regulatory authority in any jurisdiction; or
- (2) may cause the offer of the Units of the Fund or the relevant Sub-Fund, the prospectus of the Fund or the relevant Sub-Fund, the Deed, we and/or the Trustee to become subject to any authorisation, recognition, approval or registration requirements under any law or regulation in any other jurisdiction; or
- (3) may cause a detrimental effect on the tax status of the Fund or the relevant Sub-Fund in any jurisdiction or on the tax status of the Holders of the Fund or the relevant Sub-Fund; or
- (4) may result in the Fund or the relevant Sub-Fund or other Holders of the Fund or the relevant Sub-Fund suffering any other legal or pecuniary or administrative disadvantage which the Fund or the relevant Sub-Fund or other Holders might not otherwise have incurred or suffered; or

(iv) any Holder:

- (1) who, in our opinion, is or may be in breach of any applicable law or regulation in any jurisdiction; or
- (2) where such realisation is, in our opinion, necessary or desirable for our compliance or the Fund's or the relevant Sub-Fund's compliance with any applicable law or regulation in any jurisdiction (including any regulatory exemption conditions) and inter-governmental agreements between Singapore and any foreign government.

21.8.2 Any compulsory realisation under this paragraph shall be carried out by us on any Dealing Day, with prior written notice to the Holder, and shall be carried out in accordance with, and at the realisation price under, the applicable provisions on realisation in the Deed. For avoidance of doubt, a realisation under this paragraph (be it a compulsory realisation by us or a realisation by the Holder in response to our written notice relating to a compulsory realisation) may also be subject to applicable fees and/or charges (including early Realisation Charge) as set out in the Deed and/or the prospectus of the Fund or the relevant Sub-Fund, and all such fees and/or charges (including early Realisation Charge) related to a realisation under this paragraph shall be borne by the Holder.

21.8.3 We, the Trustee and their respective delegates, associates, employees or agents, shall not be liable for any loss (whether direct or consequential and including, without limitation, loss of profit or interest) or damage suffered by the Holder or any party arising out of or in connection with (whether in whole or in part) any actions which are taken by us, the Trustee and/or any of our/their respective delegates, associates, employees or agents under this paragraph.

21.9 Use of Credit Ratings Agencies

Notwithstanding that we may rely on ratings issued by credit rating agencies on our investments, we have established a set of internal credit assessment standards and have in place a credit assessment process to ensure that our investments are in line with these standards. Where possible, we will make our own credit assessments to verify ratings issued by such credit rating agencies. Information on our credit assessment process will be made available to you upon request.

21.10 Swing Pricing (in respect of LionGlobal India Fund only)

The Sub-Fund is single priced and the Net Asset Value of the Sub-Fund may fall as a result of, amongst others, the transaction costs (such as broker commissions, custody transaction costs, stamp duties or sales taxes) incurred in the purchase and/or sale of its Authorised Investments caused by subscriptions, realisations or switching of Units in the Sub-Fund and the spread between the buying and selling prices of such Authorised Investments. This effect is known as “dilution”.

To protect the interest of Holders, we shall, in consultation with the Trustee, have the discretion to apply a technique known as “dilution adjustment” or “swing pricing” (“**Swing Pricing**”) in certain circumstances which we deem appropriate. Swing Pricing involves making upward or downward adjustments in the calculation of the Net Asset Value per Unit of the Sub-Fund or Class on a particular Dealing Day so that such transaction costs and dealing spreads in respect of the Authorised Investments are, as far as practicable, passed on to the investors who are subscribing, realising, switching and/or exchanging Units on that Dealing Day.

Generally, the Net Asset Value is adjusted if the net subscription or realisation (including switching) on a particular Dealing Day reaches or exceeds a certain percentage (the “**Swing Threshold**”) of the size of the Sub-Fund on such relevant Dealing Day. The Net Asset Value will swing upwards for a net subscription and downwards for a net realisation. In relation to the application of Swing Pricing to Classes of Units in the Sub-Fund, the Net Asset Value of each Class will be calculated separately but any adjustment will, in percentage terms, affect the Net Asset Value of each Class in an equal manner.

The need to apply Swing Pricing will depend upon various factors, including but not limited to (i) the amount of subscriptions and/or realisations (including switching) of Units on that Dealing Day, (ii) the impact of any transaction costs incurred in the purchase and/or sale of Authorised Investments of the Sub-Fund (iii) the spread between the buying and selling prices of Authorised investments of the Sub-Fund and (iv) market conditions such as situations of financial turmoil provided that, any adjustments made by us shall be on a fair and equitable basis and with a view to protecting the interests of Holders.

Please note that applying Swing Pricing when the Swing Threshold is reached or exceeded only reduces the effect of dilution and does not eliminate it entirely. Where the net subscription or realisation is below the Swing Threshold, no Swing Pricing will be applied and dilution will not be reduced.

The Swing Pricing policy for the Sub-Fund (including the Swing Threshold) will be subject to regular review and may change from time to time. Accordingly, you should note that our decision to apply Swing Pricing and the level of adjustment made to the Net Asset Value per Unit of the Sub-Fund or Class in particular circumstances may not result in the same decision in similar circumstances arising in the future.

The Swing Threshold will be set with the objective of protecting the Holders’ interest while minimising impact to the variability of the Sub-Fund’s return by ensuring that the Net Asset Value per Unit is not adjusted where the dilution impact on the Sub-Fund is, in our opinion, not significant, and may be varied by us at our discretion.

Holders and potential investors into the Sub-Fund should also take note of the following:

- a) the Sub-Fund’s performance will be calculated based on the Net Asset Value of the Sub-Fund or Class after the Swing Pricing adjustment has been applied and therefore the returns of the Sub-Fund may be influenced by the level of subscription and/or realisation activity;
- b) Swing Pricing could increase the variability of the returns of the Sub-Fund since the returns are calculated based on the adjusted Net Asset Value per Unit; and
- c) the fees and charges applicable to the Sub-Fund (including fees based on the Net Asset Value of the Sub-Fund) will be based on the Net Asset Value before the Swing Pricing adjustment is applied.

In the usual course of business, to minimise the impact to the variability of the return of the Sub-Fund, the application of Swing Pricing will be triggered mechanically and on a consistent basis and applied only when the net transaction reaches or exceeds the Swing Threshold.

The amount of adjustment at any time may vary depending on, amongst other factors, market conditions, but will under normal circumstances not exceed 2% of the Net Asset Value per Unit of the Sub-Fund or Class on the relevant Dealing Day (the “**Maximum Adjustment**”). We reserve the right to apply an adjustment of an amount not exceeding the Maximum Adjustment on the relevant Dealing Day where it deems appropriate and has the discretion to vary the amount of adjustment up to the Maximum Adjustment, in consultation with the Trustee, from time to time.

Subject to the Deed and applicable laws and regulations, we may, in exceptional circumstances (including but not limited to volatile market conditions, market turmoil and illiquidity in the market, extraordinary market circumstances or significant unexpected changes in general market conditions) and in consultation with the Trustee, temporarily apply an adjustment beyond the Maximum Adjustment on the relevant Dealing Day if, in its opinion, it is in the best interest of investors to do so. In such cases, if so required by the Authority and/or the Trustee, we shall give notice to the investors as soon as practicable in such manner as we and Trustee may agree.

KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN?

You are investing in a unit trust constituted in Singapore that aims to provide you with medium to long term capital appreciation by investing in Indian equities and equity-related instruments.

Distribution of income and/or net capital gains (to the extent permitted under the Deed) will be at our sole discretion. Any distributions made will reduce the Net Asset Value of the Sub-Fund. You may refer to paragraph 21.2 of the Prospectus for more information.

You should note that the Units are Excluded Investment Products and prescribed capital markets products, and that the Sub-Fund is subject to the investment restrictions prescribed under the Notice on the Sale of Investment Products and Notice on Recommendations on Investment Products issued by the MAS and the Securities and Futures (Capital Markets Products) Regulations 2018.

Refer to “Fund Structure” (Section 6) and “Investment Objective, Focus and Approach” (Section 7.4) of the Prospectus for further information on features of the product.

Investment Strategy

The Sub-Fund shall invest in equities and equity-related instruments (including, without limitation, interests in property funds) in the market of, or equities and equity-related instruments in other markets in securities of companies or institutions incorporated in, operating principally from, or deriving significant revenue from the Indian subcontinent, which includes, but is not limited to India, Bangladesh, Pakistan and Sri Lanka. The Sub-Fund will not target any specific industry or sector.

The Sub-Fund’s net asset value may have higher volatility as a result of its narrower investment focus on a limited geographical market, when compared to funds investing in global or wider regional markets.

Refer to “Investment Objective, Focus and Approach” (Section 7.4) of the Prospectus for further information on features of the product.

¹ The Prospectus is available for collection at Lion Global Investors Limited, 65 Chulia Street, #18-01 OCBC Centre, Singapore 049513 from Monday to Friday (9am to 6pm) or website: www.lionglobalinvestors.com

² Inception dates for the SGD Class and USD Class are 8 January 1999 and 16 August 2004 respectively.

Parties Involved

WHO ARE YOU INVESTING WITH?

- **The Managers**
 - o Lion Global Investors Limited
- **The Trustee**
 - o HSBC Institutional Trust Services (Singapore) Limited
- **The Custodian**
 - o The Hongkong and Shanghai Banking Corporation Limited

Refer to “The Managers” and “The Trustee and the Custodian” (Sections 2 and 3) of the Prospectus for further information on the role and responsibilities of these entities and what happens if they become insolvent.

KEY RISKS

WHAT ARE THE KEY RISKS OF THIS INVESTMENT?

You should consider and satisfy yourself as to the risks of investing in the Sub-Fund.

An investment in the Sub-Fund is meant to produce returns over the long-term. You should not expect to obtain short-term gains from such investment.

You should note that the value of Units, and the income accruing to the Units, may fall or rise and that you may not get back your original investment.

Refer to “Risks” (Section 10) of the Prospectus for further information on risks of the product.

Market and Credit Risks

- **You are exposed to Market Risks in the Indian subcontinent**
 - o Prices of securities may go up or down in response to changes in economic conditions, interest rates and the market's perception of securities. These may cause the price of Units in the Sub-Fund to go up or down as the price of Units in the Sub-Fund is based on the current market value of the investments of the Sub-Fund.
- **You are exposed to Currency Risks**
 - o As the investments of the Sub-Fund may be denominated in foreign currencies, fluctuations of the exchange rates of foreign currencies against the base currency of the Sub-Fund may affect the value of the Units in the Sub-Fund.
- **You are exposed to Political Risks**
 - o Countries outside Singapore, especially those with emerging markets, may be subject to higher than usual risks of political changes, government regulations, social instability or diplomatic developments (including war) which could adversely affect the economies of the relevant countries and thus the value of investments in those countries. There is also the risk that nationalisation or other similar action could lead to confiscation of assets under which shareholders in those companies would get little or no compensation.
 - o The emerging economies may be heavily dependent on international trade and accordingly, may be adversely affected by trade barriers, or other protectionist measures and international economic developments generally.
- **You are exposed to Repatriation Risks**
 - o Investments in emerging markets could be adversely affected by delays in, or refusal to grant, relevant approvals for the repatriation of funds or by any official intervention affecting the process of settlement of transactions. Consents granted prior to investment being made in any particular country may be varied or revoked, and new restrictions may be imposed.

Liquidity Risks

- **You are exposed to Liquidity Risks**
 - o The Sub-Fund may make investments in emerging markets. Trading volume on stock exchanges in emerging markets can be substantially less than on the stock exchanges of the major markets, so that acquisition and disposal of holdings may be time consuming and/or may need to be conducted at unfavourable prices, which may affect the value of Units in the Sub-Fund.
 - o The Sub-Fund is not listed and you can redeem only on Dealing Days.

Product Specific Risks
• You are exposed to Derivatives Risks

- o The Sub-Fund may invest in financial derivative instruments such as futures, options, warrants, forwards and swaps for hedging purposes or for the purpose of efficient portfolio management. While the judicious use of derivatives by professional investment managers can be beneficial, derivatives involve risks different from, and, in some cases, greater than, the risks presented by more traditional securities investments.

• You are exposed to Concentration Risks

- o The Sub-Fund investing in the specific countries may be subject to concentration risks. This could result in a higher risk to the investments of the Sub-Fund due to the lack of diversification.

KEY RISKS

WHAT ARE THE KEY RISKS OF THIS INVESTMENT?

You should consider and satisfy yourself as to the risks of investing in the Sub-Fund.

An investment in the Sub-Fund is meant to produce returns over the long-term. You should not expect to obtain short-term gains from such investment.

You should note that the value of Units, and the income accruing to the Units, may fall or rise and that you may not get back your original investment.

Refer to “Risks” (Section 10) of the Prospectus for further information on risks of the product.

Market and Credit Risks

- **You are exposed to Market Risks in Taiwan**
 - o Prices of securities may go up or down in response to changes in economic conditions, interest rates and the market’s perception of securities. These may cause the price of Units in the Sub-Fund to go up or down as the price of Units in the Sub-Fund is based on the current market value of the investments of the Sub-Fund.
- **You are exposed to Currency Risks**
 - o As the investments of the Sub-Fund may be denominated in foreign currencies, fluctuations of the exchange rates of foreign currencies against the base currency of the Sub-Fund may affect the value of the Units in the Sub-Fund.

Liquidity Risks

- **You are exposed to Liquidity Risks**
 - o The Sub-Fund may make investments in emerging markets. Trading volume on stock exchanges in emerging markets can be substantially less than on the stock exchanges of the major markets, so that acquisition and disposal of holdings may be time consuming and/or may need to be conducted at unfavourable prices, which may affect the value of Units in the Sub-Fund.
 - o The Sub-Fund is not listed and you can redeem only on Dealing Days.

Product Specific Risks

- **You are exposed to Derivatives Risks**
 - o The Sub-Fund may invest in financial derivative instruments such as futures, options, warrants, forwards and swaps for hedging purposes or for the purpose of efficient portfolio management. While the judicious use of derivatives by professional investment managers can be beneficial, derivatives involve risks different from, and, in some cases, greater than, the risks presented by more traditional securities investments.
- **You are exposed to Concentration Risks**
 - o The Sub-Fund investing in the specific countries may be subject to concentration risks. This could result in a higher risk to the investments of the Sub-Fund due to the lack of diversification.
